Biografia non autorizzata più letta e conosciuta di Sergio Marchionne, il manager più coraggioso del mondo. Tutti i segreti e i retroscena dell'uomo che dal 2004 al 2018 ha risanato e rilanciato la principale impresa automobilistica italiana con coraggio e determinazione, facendola diventare un colosso mondiale leader nel suo settore.

Jak výbavu měla speciální série vozů Aston Martin, nazvaná Alfred Dunhill? Jak souvisí logo Maserati s fontánou z 16. století? Je slovo Aero spojeno jen s českou automobilkou, nebo najdeme vozy tohoto jména i v jiných částech světa? Co přesně jsou „daňové koně“? Vymysleli název Citroën Ellysée Číňané? Jak ovlivnil vývoj automobilového průmyslu fakt, že zakladatelé značek Ferrari a Lamborghini spolu nevycházel? Ing. Jiří Fiala (publicista, automobilový historik a sběratel automobilové literatury) a doc. Petr Strossa (vědec, expert přes jazyky a dorozumívání s počítači) předkládají všem automobilovým fanatikům unikátní výkladový slovník jmen značek a jejich

typů, který obsahuje hesla o přibližně 1600 značkách a více než 5000 typech a modelech. Čtenáři v knize najdou mimo jiné základní informace o výrobcích automobilů, jejich filozofii označování typů, používání interních kódů či recyklování názvů vozů. Dozvědí se, proč se jeden automobil prodával pod různými názvy, proč se některá jména nesměla používat nebo jakých dosáhly jednotlivé vozy sportovních úspěchů. Vůbec poprvé je u nás pak publikován systém kódů sovětských vozidel a přehled čínských značek a výrobců. Zvláštní pozornost je věnována znakům (logům) všech důležitých značek, jejich vzniku a proměnám v čase. Celá tato speciální problematika je navíc zasazena do kontextu společenských a geopolitických událostí a okořeněna množstvím pozoruhodných historek a kuriozit souvisejících s auty, jejich jmény a výrobci.

Immortalized as Dustin Hoffman's transport in *The Graduate*, the Alfa Romeo Spider enjoyed an extraordinarily long production span of 27 years. Launched as the 1600cc Duetto with Pininfarina's simply-styled round-tailed body, it got a 1750cc engine and a boxed off tail in 1969, grew into a 2000cc in 1970 and was saddled with rubber bumpers in the 1980s, but mercifully lost them in 1990. Chris Rees has assembled a comprehensive production history of the car that was offered in literally dozens of different

versions with a bewildering multiplicity of minor changes and variants. This task has never been properly attempted before, and the result is sure to be eagerly seized upon by the thousands of Spider enthusiasts hungry for a definitive volume.

Alfa Romeo 916 GTV and Spider traces the complete story of the Alfa Romeo GTV and Spider models produced between 1994 - 2005, commonly known to enthusiasts by the manufacturer's project code as the 916 series. The 916 models would always be controversial - they replaced the iconic Spider, the best-selling Alfa Romeo sports model of all time, and the brand-establishing Alfetta GTV. Sharing components and a platform with a humble Fiat hatchback, would the cars ever be considered 'real' Alfa Romeos? The cars were critically acclaimed, and, though they faced tough competition in the late 1990s from the likes of the Audi TT, they remained in production for over a decade. Topics covered include: Full history of the 916 series GTV and Spider models; Design, development and evolution of the models from 1994 - 2005; Participation of the GTV in motorsport; Model variations in depth through all three facelifts; Previously unpublished production figures, and chassis numbers for the desirable, limited-edition GTV Cup model. Comprehensively researched guide to the entire lifespan of the 916 series. Will appeal to Alfa Romeo and automotive enthusiasts. The history and design process are examined along with an in-depth guide to each of the model variants produced. The cars' current position in the classic car market is considered. Superbly illustrated with 240 colour photographs. Robert Foskett is a life-long Italian car enthusiast with a special interest in Alfa Romeo.

Современный человек уже не представляет своего существования

без автомобиля. К настоящему моменту создано огромное количество марок и моделей авто, и у каждой из них своя история. Так, легковые автомобили Cadillac практически сразу после своего появления стали олицетворением американского образа жизни, символом процветания и высокого положения их владельцев в обществе. Но мало кому известно, что в 1920-х гг. зелено-черный седан этой компании приобрел легендарный чикагский гангстер Аль Капоне. А после его ареста спустя десятилетие на нем ездил Франклин Рузвельт. Эти и другие интересные факты вы найдете в настоящем издании. Изучив его, вы узнаете, на какой модели Mercedes-Benz ездил Адольф Гитлер и его приспешники, какое авто получило титул «Автомобиль века», какой суперкар самый дорогой, а какой признан самым быстрым. Кроме того, в книге приведены технические характеристики каждой машины, история ее создания и развития, а красочные иллюстрации помогут вам наглядно представить эти чудеса техники и человеческого гения.

Industry Almanac 2008 Crowood

"Just how important is employer-based training to Canada's competitive position globally? How do we rank among other industrialized nations? On what basis should we calculate the returns to education and training, and how should the calculations be used in the development of government policy?"

"Canada has a delivery system of education that permits its citizens to acquire some of the best skills on earth. But have we become too complacent? Should we begin to recognize that employer-based training rather than traditional education is appropriate? The reader will appreciate that this is far from an academic debate. There are likely to be federally initiated changes to the public funding of higher education during the next few years, and this will have implications for the education and training right across the country." "This monograph will be required reading for anyone interested in Canada's competitive position, the state of Canadian education and the readiness of Canadian workers for the economy of tomorrow."--BOOK JACKET.Title
