 Praise for Outpacing the Competition
 Patent-Based Business Strategy "Outpacing the Competition provides a useful IP management framework for rapidly evolving and inherently

unpredictable R&D environments where companies are partners, customers, and competitors at the same time." -Marshall Phelps, Corporate Vice President for IP Policy & Strategy, Microsoft "Robert Cantrell's book *Outpacing the Competition: Patent-Based Business Strategy?* should be read by anyone involved in the practice of litigating or licensing patent rights or policymakers responsible for patent issues. Mr. Cantrell provides a cogent approach for applying decisional methodology and game theory to enhance the utilization and understanding of patent rights." -Bradley J. Olson, Esq., patent attorney, Washington,

DC "Robert Cantrell makes a compelling case for using intellectual property as a core for building solid business strategy. He provides a unique and valuable perspective on competitive advantage, as delivered through patent-based business strategy. This is an excellent addition to anyone's business strategy arsenal." -Jeff Hovis, Managing Principal, Product Genesis, Innovation Genesis LLC "Robert truly treats patents and related intellectual property as both a weapon and a shield to help the reader use patents to out-manuever global competitors of all kinds—the low-cost producer, the high-end innovator, etc. CEOs, attorneys, business

and engineering professionals and the like will enjoy the military imagery and flavor provided by Robert. Thanks for clarifying how critical it is to have an understanding of patents in running a truly competitive global business today."

A doctor and a reformed bad-boy

vampire struggle with danger and their desires in this New York Times–bestselling paranormal romantic suspense novel. Dr. Melanie Lipton is no stranger to the supernatural. She knows immortals better than they know themselves, right down to their stubborn little genes. So although a handsome rogue immortal seems suspicious to her colleagues, Sebastien Newcombe intrigues Melanie. His history is checkered, his scars are impressive, and his ideas are daring. But it's not his ideas that have Melanie fighting off surges of desire... Bastien is used to being the bad guy. In fact, he can't remember the last time he had an ally he could trust. But

Melanie is different—and under her calm, professional exterior he senses a passion beyond anything in his centuries of experience. Giving in to temptation is out of the question—he can't put her in danger. But she isn't asking him... RT Book Reviews "With this excellent entry, rising star Duvall is fast proving to be a major player in paranormal romance!"— "With a deeply emotional love story, two beautiful, complex main characters, and a pulse-pounding adventure that won't let up, this book was haunting and addictive."—The Romance Reviews
