#1 NEW YORK TIMES BEST SELLER • At last, a book that shows you how to build—design—a life you can thrive in, at any age or stage • “Life has questions. They have answers.” —The New York Times Designers create worlds and solve problems using design thinking. Look around your office or home—at the tablet or smartphone you may be holding or the chair you are sitting in. Everything in our lives was designed by someone. And every design starts with a problem that a designer or team of designers seeks to solve. In this book, Bill Burnett and Dave Evans show us how design thinking can help us create a life that is both meaningful and fulfilling, regardless of who or where we are, what we do or have done for a living, or how young or old we are. The same design thinking responsible for amazing technology, products, and spaces can be used to design and build your career and your life, a life of fulfillment and joy, constantly creative and productive, one that always holds the possibility of surprise.

Modeling for Insight St. Martin's Press

Women Courageous: Leading through the Labyrinth is a unique collection of stories of courage, integrated with scholarly analysis to deepen our understanding of courage - how it shows up, develops, and facilitates transformation.

The Visual MBA Pearson UK

“Pemberton’s beautifully told story is a rags to riches journey—beginning in a place and with a jarring set of experiences that could have destroyed his life. But Steve’s refusal to give in to those forces, and his resolve to create a better life, shows a courage and resilience that is an example for many of us to follow.” —Stedman Graham, author, educator Home is the place where our life stories begin. A Chance in the World is the astonishing true story of a boy destined to become a man of resilience determination and vision. Down in the dank basement, amidst my moldy, hoarded food and beloved worm-eaten books, I dreamed that my real home, the place where my story had begun, was out there somewhere, and one day I was going to find it. Taken from his mother at age three, Steve Klakowicz lives a terrifying existence. Caught in the clutches of a cruel foster family and subjected to constant abuse, Steve finds his only refuge in a box of books given to him by a kind stranger. In these books, he discovers new worlds he can only imagine and begins to hope that one day he might have a different life, that one day he will find his true home. A fair-complexioned boy with blue eyes, a curly Afro, and a Polish last name, he is determined to unravel the mystery of his origins and find his birth family. Armed with just a single clue, Steve embarks on an extraordinary quest for his identity, only to find that nothing is as it appears. Through it all, Steve’s story teaches us that no matter how broken our past, no matter how great our misfortunes, we have it in us to create a new beginning and to build a place where love awaits.

LEARNING HOW TO LEARN

Harvard Business Press

Your next professional move can make or break your career. Are you ready? In business, especially today, you are only as successful as your next career transition. Do well, and you'll be on the fast track to even more challenging roles. Fail, and you could irreparably harm your career—and your organization. In his international bestseller *The First 90 Days*, transition guru Michael D. Watkins outlined a set of basic principles for getting up to speed quickly in new professional roles. Since that book was published Watkins has worked with thousands of leaders, helping them to accelerate their transitions. These leaders posed challenging questions on how to apply the basic principles in real-life situations. The truth that emerged: the First 90 Days framework can be applied in every transition, but the way you apply it is entirely different when you have been promoted to a higher level than it is when you are joining a new organization or taking a role in a different country. *Master Your Next Move* answers a distinct need, focusing on the most common types of transitions leaders face and the unique challenges posed by each. Based on years of research, and now with a new introduction, this indispensable book explores eight crucial transitions virtually everyone encounters during their career, including promotion, leading former peers, onboarding into a new company, making an international move, and turning around a business in crisis. With real-world examples and many practical models and tools, *Master Your Next Move* is your guide to surviving and thriving as you make your next move . . . and every one after that.

Master Your Next Move, with a New Introduction Mascot Books

NEW YORK TIMES, WALL STREET JOURNAL, AND USA TODAY BESTSELLER • A ten-step plan for finding peace, safety, and harmony with your money—no matter how big or small your goals and no matter how rocky the market might be—by the inspiring and savvy “Budgetnista.” “No matter where you stand in your money journey, *Get Good with Money* has a lesson or two for you!” —Erin Lowry, bestselling author of the *Broke Millennial* series Tiffany Aliche was a successful pre-school teacher with a healthy nest egg when a recession and advice from a shady advisor put her out of a job and into a huge financial hole. As she began to chart the path to her own financial rescue, the outline of her ten-step formula for attaining both financial security and peace of mind began to take shape. These principles have now helped more than one million women worldwide save and pay off millions in debt, and begin planning for a richer life. Revealing this practical ten-step process for the first time in its entirety, *Get Good with Money* introduces the powerful concept of building wealth through financial wholeness: a realistic, achievable, and energizing alternative to get-rich-quick and over-complicated money management systems. With helpful checklists, worksheets, a tool kit of resources, and advanced advice from experts who Tiffany herself relies on (her “Budgetnista Boosters”), *Get Good with Money* gets crystal clear on the short-term actions that lead to long-term goals, including: • A simple technique to determine your baseline or “noodle budget,” examine and systemize your expenses, and lay out a plan that allows you to

say yes to your dreams. • An assessment tool that helps you understand whether you have a “don't make enough” problem or a “spend too much” issue—as well as ways to fix both. • Best practices for saving for a rainy day (aka job loss), a big-ticket item (a house, a trip, a car), and money that can be invested for your future. • Detailed advice and action steps for taking charge of your credit score, maximizing bill-paying automation, savings and investing, and calculating your life, disability, and property insurance needs. • Ways to protect your beneficiaries' future, and ensure that your financial wishes will stand the test of time. An invaluable guide to cultivating good financial habits and making your money work for you, *Get Good with Money* will help you build a solid foundation for your life (and legacy) that's rich in every way.

Leadership Financial Times/Prentice Hall

In this stirring follow-up to his memoir, Steve Pemberton gives practical encouragement for how you can be a “human lighthouse” for others and through these inspiring stories will renew your hope for humanity. Our polarized, divisive culture seems to be without heroes and role models. We are adrift in a dark sea of disillusionment and distrust and we need “human lighthouses” to give us hope and direct us back to the goodness in each other and in our own hearts. Steve Pemberton found a lighthouse in an ordinary man named John Sykes, his former high school counselor. John gave Steve a safe harbor after Steve escaped an abusive foster home and together they navigated a new path that led to personal and professional success. Through stories of people like John and several others, you will identify how the hardships you have overcome equip you to be a “human lighthouse,” inspiring those around you. The humble gestures of kindness that change the course of our lives can shift the course for America too. With a unique vision for building up individuals and communities and restoring trust, *The Lighthouse Effect* opens your eyes to those who are quietly heroic. You will reflect on the lighthouses in your own life and be reminded that the greatest heroes are alongside us—and within us.

THE 30 DAY MBA

Kogan Page Publishers

Crisis Ready is not about crisis management. Management is what happens after the negative event has occurred. Readiness is what is done to build an INVINCIBLE brand, where negative event has occurred. Readiness is what is done to build an INVINCIBLE brand, where negative situations don't occur—and even if they do, they're instantly overcome in a way that leads to increased organizational trust, credibility, and goodwill. No matter the size, type, or industry of your business, *Crisis Ready* will provide your team with the insight into how to be perfectly prepared for anything life throws at you.

101 Crucial Lessons They Don't Teach You in Business

Rodale Books

The PR Masterclass is written by former newspaper, magazine and digital journalist Alex Singleton, who is now a prominent PR trainer and consultant. It reveals the secrets of effective PR and shows how to put in place a practical, reliable and successful media strategy for your product, business or activity – one that delivers the greatest results. Through the book, you get to discover how to develop and pitch effective newsworthy material, regardless of your budget. The PR Masterclass is aimed at PR professionals as well as small business owners and entrepreneurs implementing a PR strategy. "PR can do more for your money than any other marketing tool. But very few people understand how to use it. Alex does because he has been at the receiving end. So will you if you read this remarkably practical book." —Drayton Bird, author, Commonsense Direct and Digital Marketing "The lessons contained within The PR Masterclass should be plastered over the walls of organisations seeking to utilise the media effectively for their campaigns. This book is a must-have reference point." —Ryan Bourne, CityAM columnist and Head of Economic Research, Centre for Policy Studies "This is an important book about public relations and how the media is changing. Singleton is a straight-talking journalist-turned-practitioner who pulls no punches. He calls on the industry to grow up and adopt the rigour of a professional discipline. It's a call to action that I wholly heartedly support. You should read The PR Masterclass if you're new to public relations or work in the profession and want to continue doing so." —Stephen Waddington, European director, Ketchum, and 2014 President of the Chartered Institute of Public Relations (CIPR) "Provides all you need to know about securing press coverage." —Fraser Seitel, O'Dwyer's PR magazine "Every page is packed with insight and practical advice." —Steve Harrison, co-founder, Harrison Troughton Wunderman "Written in a no-nonsense style, every chapter contains a mine of information about the subject. What's more, it's clear that Alex knows the business inside out. This is the kind of book you need to have close at hand. Do what it says, and you'll be miles ahead with your PR." —James Hammond, brand consultant "Alex Singleton's book on public relations strategy is an excellent practical guide to the real world of PR." —Ray Hiebert, Editor, Public Relations Review

CEO Excellence Penguin UK

Learn an entire MBA course without spending thousands and waving goodbye to two years of your life. If you want to succeed

in business then an MBA programme is the best way to build expertise, knowledge and experience. But an MBA programme at any top school is an enormous investment in time, effort and money. In The Visual MBA, Jason Barron offers a radical solution, explaining all key business school concepts through illustrations. When Barron started his MBA course, he decided to draw all his notes so that other people could benefit from them. And it's a good thing he did, because research shows that more than 65% of us are visual learners and that our brains process illustrations 60,000 times faster than text. From Marketing, Ethics and Accounting to Organisational Behaviour, Finance, Operations and Strategy, The Visual MBA distils the most important principles of an MBA into an accessible, informative and easily-digestible guide. Jason Barron is a product manager and illustrator who helps people realise their creative ideas through visual learning. He spent 516 hours in class and countless hours studying at home completing his MBA. Along the way, rather than taking notes that he would never read again, Jason created sketchnotes for each class and has turned them into an interesting and engaging resource so that you don't have to sit through another class again!

Positive Intelligence John Wiley & Sons

Leadership MBA Masterclass provides an analysis of leadership styles, qualities and behaviours, drawing upon examples from the real world and addressing leadership issues covered in MBA courses.

STRATEGIC MANAGEMENT

Createspace Independent Publishing Platform

This book offers a direct, actionable plan CMOs can use to map out initiatives that are properly sequenced and designed for success—regardless of where their marketing organization is in the process. The authors pose the following critical questions to marketers: (1) How should modern marketers be thinking about artificial intelligence and machine learning? and (2) How should marketers be developing a strategy and plan to implement AI into their marketing toolkit? The opening chapters provide marketing leaders with an overview of what exactly AI is and how is it different than traditional computer science approaches. Venkatesan and Lecinski, then, propose a best-practice, five-stage framework for implementing what they term the "AI Marketing Canvas." Their approach is based on research and interviews they conducted with leading marketers, and offers many tangible examples of what brands are doing at each stage of the AI Marketing Canvas. By way of guidance, Venkatesan and Lecinski provide examples of brands—including Google, Lyft, Ancestry.com, and Coca-Cola—that have successfully woven AI into their marketing strategies. The book concludes with a discussion of important implications for marketing leaders—for your team and culture.

Predatory Thinking Harmony

O cale ușoară și eficientă de a-ți forma obiceiuri bune și a scăpa de cele proaste Schimbări mici, rezultate remarcabile „O carte extrem de practică și utilă. James Clear extrage informațiile fundamentale despre formarea obiceiurilor, astfel ca tu să poți realiza mai mult concentrându-te pe mai puține lucruri.” – Mark Manson, autorul bestsellerului Arta subtilă a nepăsării „James Clear a petrecut ani de zile perfecționând arta și studiind știința obiceiurilor. Această carte antrenantă și practică este ghidul de care ai nevoie ca să scapi de deprinderile proaste și să-ți formezi unele bune.” – Adam Grant, autorul bestsellerurilor Originalii și Option B. Inspirându-se din cele mai noi descoperiri din biologie, psihologie și neuroștiințe, James Clear a conceput un ghid ușor de asimilat, cu ajutorul căruia obiceiurile bune devin inevitabile, iar cele rele, imposibile. Învață: * să-ți construiești un sistem pentru a deveni cu 1% mai bun în fiecare zi; * să renunți la obiceiurile rele și să le păstrezi pe cele bune; * să eviți greșelile comise în general de cei care încearcă să-și schimbe obiceiurile; * să depășești lipsa de motivație și de voință; * să-ți dezvolți o identitate mai puternică și să crezi în tine însuți; * să-ți faci timp pentru noile obiceiuri (chiar și când viața o ia razna); * să-ți concepi un mediu care să favorizeze succesul; * să faci schimbări mici, ușoare, care oferă rezultate mari; * să-ți revii atunci când te abați de la drum; * și, cel mai important, cum să aplici aceste idei în viața reală... .. și multe altele Indiferent dacă e vorba de o echipă care încearcă să câștige un campionat, o organizație care speră să redefiniească o industrie sau pur și simplu un om care vrea să se lase de fumat, să slăbească, să reducă stresul ori să realizeze orice alt obiectiv, Atomic Habits este soluția. „Nu mă consider un expert și nu dețin toate răspunsurile, dar sunt fericit să împărtășesc ceea ce am învățat până acum.” – James Clear „O carte deosebită, care îți va schimba felul în care îți organizezi ziua și îți trăiești viața.” – Ryan Holiday, autorul bestsellerului The Obstacle is the Way și Ego is the Enemy „În Atomic Habits, Clear îți va arăta cum să depășești lipsa de motivație, cum să schimbi mediul înconjurător ca să încurajezi succesul și cum să-ți faci timp pentru obiceiuri noi și mai bune.” – Glamour.com

Pan Macmillan

Thinking strategically is what separates managers and leaders. Learn the fundamentals about how to create winning strategy and lead your team to deliver it. From understanding what strategy can do for you, through to creating a strategy and engaging

others with strategy, this book offers practical guidance and expert tips. It is peppered with punchy, memorable examples from real leaders winning (and losing) with real world strategies. It can be read as a whole or you can dip into the easy-to-read, bite-size sections as and when you need to deal with a particular issue. The structure has been specially designed to make sections quick and easy to use – you'll find yourself referring back to them again and again.

How Finance Works John Wiley & Sons

There are a total of 46.8 million millionaires worldwide at the beginning of the year 2020, and they collectively own approximately \$158.3 trillion. There are millions of millionaires in the world and the number is increasing with each year. The only question that you should ask yourself, is why you are not one of them yet? How did those people become millionaires or even billionaires? Did they have a great 9 to 5 job that paid them really well? Most definitely not! They are all business owners and own shares of their own public company. No one becomes a billionaire by simply earning a salary from a job each year. People become wealthy by owning a significant share position in a company that is listed in the stock market. But how did they start out? How do you become a multi millionaire? They all started with a business idea. Then they incorporated a corporation, issued shares for themselves and raised money from investors. Eventually, they took the company public in the stock market and it was valued a several hundred millions of dollar. I have raised \$40 million in 2.5 years from 500 investors and his company was valued at over \$300 million in the stock market. Actually, I raised over \$400 million from private investors and \$600 million from institutional investors in my career since 1995. But the goal of this book is to teach you the things that you need to know to raise the first one or two million dollars by yourself so that you can take your company public in the stock market and attract millions more afterwards. This book will teach you everything about this process and how I have done it.

Crisis Ready Kogan Page Publishers

Ben Casnocha discovered he was entrepreneur at age 12 and hasn't slowed down since. In this remarkably instructive book, Ben dissects the entrepreneurship "gene," explaining that everyone has inherited it if they have an idea to make the world a better place. In Casnocha's case, he found a better way for city governments to communicate with constituents on the Web. Six years later, Comcate has dozens of municipal clients, a growing staff, and a record of excellence. This book is the story of his start-up, but also a conversation with his mentors, clients and fellow entrepreneurs about how to make a business idea work?and how to have the time of your life trying. From Pat Lencioni to Marc Benioff of salesforce.com, Ben has won over the best and brightest of the business world?now it's your turn!

YOU ARE THE UNIVERSE

Harvard Business Press

How to navigate your strategy journey in business using a five model framework and methodology that teaches you to play 'SMART' and 'win' in the game of business and career ascension. *THE STRATEGY JOURNEY* Stanford University Press Praise for Modeling for Insight "Most books on modeling are either too theoretical or too focused on the mechanics of programming. Powell and Batt's emphasis on using simple spreadsheet models to gain business insight (which is, after all, the name of the game) is what makes this book stand head and shoulders above the rest. This clear and practical book deserves a place on the shelf of every business analyst." —Jonathan Koomey, PhD, Lawrence Berkeley National Laboratory and Stanford University, author of Turning Numbers into Knowledge: Mastering the Art of Problem Solving Most business analysts are familiar with using spreadsheets to organize data and build routine models. However, analysts often struggle when faced with examining new and ill-structured problems. Modeling for Insight is a one-of-a-kind guide to building effective spreadsheet models and using them to generate insights. With its hands-on approach, this book provides readers with an effective modeling process and specific modeling tools to become a master modeler. The authors provide a structured approach to problem-solving using four main steps: frame the problem, diagram the problem, build a model, and generate insights. Extensive examples, graduated in difficulty, help readers to internalize this modeling process, while also demonstrating the application of important modeling tools, including: Influence diagrams Spreadsheet engineering Parameterization Sensitivity analysis Strategy analysis Iterative modeling The real-world examples found in the book are drawn from a wide range of fields such as financial planning, insurance, pharmaceuticals, advertising, and manufacturing. Each chapter concludes with a discussion on how to use the insights drawn from these models to create an effective business presentation. Microsoft Office Excel and PowerPoint are used throughout the book, along with the add-ins Premium Solver, Crystal Ball, and Sensitivity Toolkit. Detailed appendices guide readers through the use of these software packages, and the spreadsheet models discussed in the book are available to download via the book's related Web site. Modeling for Insight is an ideal book for courses in engineering, operations research, and management science at

the upper-undergraduate and graduate levels. It is also a valuable resource for consultants and business analysts who often use spreadsheets to better understand complex problems.
