A collaborative series

with the University of Cambridge Faculty of Education highlighting leading-edge research across Teacher Education, International Education Reform and Language Education. Produced with University of Cambridge International Examinations, the Toolkit helps teachers to develop language awareness to support their students with the academic language they need to be successful in subjects taught through English. With reflective questions and activities, it can be used either for self-study or in training modules. Useful for both content and English language teachers, it is aimed primarily at those who teach students for

whom English is not their first language - for example as part of a bilingual or CLIL programme or in an international English-medium school. *Military Review* Goyal Brothers Prakashan At last, here's an approachable introduction to the widely used Portable Document Format.  "Whether you derive your paycheck from a local church or from the profit of a business, one thing is clear: Leaders are in high demand, and leaders with godly character and excellence are an even rarer find." --- Dutch Sheets and Chris Jackson
 Leaders like you are in high demand. The success of the CEO or senior pastor depends on people just like you. Churches and businesses are looking for people just like you. You are a person of integrity. Your life is an example to all around you. Your relationship with God has given you strength, patience, and

trustworthiness. You are satisfied where God has placed you and you work with all your heart at the task He has placed in your care. Second in Command is written to strengthen those in the position of "right-hand man." For some, being "number two" is a training ground for an eventual promotion into top leadership, but for others it is a calling. Whether you pastor a church or are a "marketplace minister," Second in Command teaches you how to become a next-generation leader of excellence. This book is the best encouragement you can get to give you the confidence and faith to function up to your fullest potential where God has placed you, trusting the future to

Him who calls and anoints and sends into new arenas of service.

The official book on the

Rust programming language, written by the Rust development team at the Mozilla Foundation, fully updated for Rust 2018. The Rust Programming Language is the official book on Rust: an open source systems programming language that helps you write faster, more reliable software. Rust offers control over low-level details (such as memory usage) in combination with high-level ergonomics, eliminating the hassle traditionally associated with low-level languages. The authors of The Rust Programming Language, members of the Rust Core Team, share their knowledge and experience to show you how to take full advantage of Rust's features--from

installation to creating robust and scalable programs. You'll begin with basics like creating functions, choosing data types, and binding variables and then move on to more advanced concepts, such as: Ownership and borrowing, lifetimes, and traits Using Rust's memory safety guarantees to build fast, safe programs Testing, error handling, and effective refactoring Generics, smart pointers, multithreading, trait objects, and advanced pattern matching Using Cargo, Rust's built-in package manager, to build, test, and document your code and manage dependencies How best to use Rust's advanced compiler with compiler-led

programming techniques You'll find plenty of code examples throughout the book, as well as three chapters dedicated to building complete projects to test your learning: a number guessing game, a Rust implementation of a command line tool, and a multithreaded server. New to this edition: An extended section on Rust macros, an expanded chapter on modules, and appendixes on Rust development tools and editions.

Welcome to Our New Series "My Companion". As per the recent guidelines from NCF (National Curriculum Framework) by NCERT and SCERT, we are introducing My Companion, an essential and innovative series for children of primary level. The series is prepared for Classes 1-5, covering the subjects: English, Hindi, Mathematics, and Environmental Studies (for Classes 3-5). This series is a set of eight (8) part books for each class. Each book covers all

subjects as mentioned above, in such a way that the students need to carry only one textbook at a time. Thus, it proposes the schools an opportunity to minimize a load of school bags on students both physically and psychologically. The series aims at encouraging inventiveness and competence in children with a well-graded thematic approach, simple language considering age appropriateness. Learning, teaching, and assessing concepts are based on Anderson's Taxonomy (Revised Bloom's). Vibrant colorful illustrations and pictures are added to grab the interest and attention of children." English • In Reader, different

genres (stories, poems, plays, etc.) are provided with keeping in mind the mental level of the children. The emphasis is given to incorporating LSRW (Listening, Speaking, Reading, and Writing) skills. • In Grammar, basic grammar concepts, concise explanations, and examples are given along with interesting exercises. • Vocabulary will help the children to learn new words and their usage. • Comprehension will help the children to build their reading and analytical skills. • Writing will enhance the creative writing skills of the children. Hindi • Different genres like stories, poems, essays, plays, etc. grab the interest and attention of children. • All four

language skills (Listening, Speaking, Reading, and Writing) are incorporated to enhance the good command over Hindi language. • In Grammar, basic grammar concepts, concise explanations, and examples are given along with interesting exercises. Mathematics • The content is created in an interesting and comprehensive manner that an average child can grasp the fundamental concepts very well. • Activities are given to correlate students with their everyday experiences. • Assignments are designed to check the recalling, understanding, and application of the concepts. • Maths LabActivity at the end of the chapter helps

children develop different strategies for solving problems. Environmental Studies • All the texts are given in a logical manner for better understanding. • Many inside features like Factopedia, Pause to Do, Hots, Pair, and Share in the text are introduced to make the process of learning faster, better and interesting. • A variety of questions are provided in the Let's Revise section at the end of each chapter, which encourages children to recall, compare, and analyze different concepts and phenomena." Goyal Brothers Prakashan **Text** Longman International Education Division (a Pearson Education Company) We have moved one step ahead in the

arena of student and job-oriented books with the CCL, by enhancing our proven pedagogy to bring together the collective knowledge and wisdom of the world of computers.  A legendary language learning course undoubtedly! Rapidex English Speaking Course is the only speaking course of its kind whose features can be described in superlative degree only. It has already benefited millions of readers across the country. Experts have

unanimously declared it as the best self-study course. Perhaps that is the reason that for over 15 years it has constantly been on the top of the best sellers list in the market. What is the secret of its great popularity? Maybe, a no-nonsense down-to-earth approach and a very scientific methodology that takes into its account the special requirements of Indian learners. In any case it is not just another crash course that begins with a bang but ends with a whimper. Rather its contents and subject matters have been specially designed to help a common man achieve maximum command on the language in a very short time. The most important part of this self-study course is

confidence building measures because it has been found from the long experience that biggest problem in the path of fluently speaking a foreign language is hesitation, that arises out of lack of confidence. Many people, who have good command over the language and are well are of its grammar and composition, can't speak the language fluently. Why? The answer is simple. While speaking they try to construct a sentence in their mother language and do the mental translation before uttering a single line. This creates not only confusion but utter chaos in their mind. As a result they feel great hesitation to speak simple sentences. In some cases, however, the problem is more

complex, as they lack the basic knowledge of the English language. Rapidex English Speaking Course takes care of both the cases. So, what are you waiting for? Go ahead and discover the secret of fluency in English speaking. Explore and develop your hidden potential and face the world with a new-found confidence and smartness. Only the sky should be your limit. No matter which language you know or speak, be it Hindi, Marathi, Gujarati, Tamil, Telegu, Assami, Oriya, Kannad, Punjabi, Bengali, Nepali or Urdu, with the help of this book English will no more be a foreign language for you. A must for every Indian home. #v&spublishers

This student text course book is aimed at Upper Intermediate B2 level learners. It consists of 15 4-page units, that deal with the most important Grammar points. Each unit starts by briefly introducing the new Grammar point and then students have to practise a variety of

exercises. These books can also be used as time fillers; perfect for when teachers have some extra time at the end of a lesson, or want to revise a specific Grammar point. Levels B1, and B2 have also been written for students who are planning to take the IELTS exam. Although Grammar is not tested directly on the IELTS, it is tested indirectly in the speaking and writing sections of the exam. You can gain or lose points based on your command of English grammar. Therefore, it would help to undertake a general review of English grammar while preparing for the IELTS.
