This specification provides the general welding requirements for welding aircraft and space hardware. It includes but is not limited to the fusion welding of aluminum-based, nickel-based, iron-based, cobalt-based, magnesium-based, and titanium-based alloys using electric arc and high energy beam processes. There are requirements

for welding design, personnel and procedure qualification, inspection, and acceptance criteria for aerospace, support, and non-flight hardware. Additional requirements cover repair welding of existing hardware. A commentary for the specification is included.

Coeur d'Alene's love/hate relationship with boat racing is at the center of this comprehensive history of the Diamond Cup race for unlimited

hydroplanes. The early origins of competitive boat racing on Coeur d'Alene Lake, the backstory of the how the small lakeside community came to host ten years of the Diamond Cup, the true story of the civil disturbances that would cast a lasting pawl on the event, the real reasons behind the decision to stop hosting the races, and the drama and controversy that led to the races being banned from the city are all covered in depth. The stories of the civic leaders, race volunteers, boat owners, drivers, and other key individuals that came together to put on the exciting spectacle that was the Diamond Cup are lovingly recounted. Of interest to boat racing fans and those curious about one of the premier sporting events in the history of North Idaho. Illustrated with over 100 photographs.

Celebrating her Arrival is an ode to women who

were, are and will be. It is the tears to every silent cry, the scream to every mum mouth. A celebration to every mourn, held in the name of a daughter's birth. It is a loud praise to our queen makers, and a silent laud to our queens (usually in that soft smile). It is a nudge to the strings of pleasure, pain, joy and sorrow within our hearts that someone else touched for us.

A heart-warming short

story of friendship and love from the pen of bestselling novelist Judy Nunn. When struggling young journalist Nancy buys a tiny rundown terrace in Surry Hills she knows nothing about the previous owner, other than the old lady died six months earlier. But a dusty box retrieved from underneath the old wardrobe in an upstairs bedroom soon changes all that. And the lives, loves and losses of Emily Roper and her best friend Margaret are tantalisingly revealed...

*The Wheat Rusts —*

*Breeding for Resistance*

Documeant Publishing

The idea for this book was conceived by the late Dr. Irvine A. Watson of the University of Sydney, and he developed the first outline. I was then invited by Dr. Watson to share in its writing. Unfortunately, shortly there after, recurring heart problems forced him to curtail his activities and withdraw from the project. He died before the book could be completed. Dr. Watson's intention was to produce a very practical book that would provide wheat breeders with all of the information necessary to breed successfully for resistance to the three wheat rusts: leaf rust, stem rust, and yellow

rust. It was intended to be very specific in describing procedures to be used and at the same time provide all of the necessary theoretical background. I hope that I have been successful in meeting these objectives. The book assumes that the reader has some knowledge of plant pathology, genetics, and plant breeding. Extensive use has been made of the literature, but it was not possible to cite all of the papers on a given topic. In making a choice, an attempt was made to choose key papers or more recent papers that provided references to the earlier literature.

**Acknowledgements** This book was written partly at the University of Saskatchewan and partly at the University of California, Davis, while I was on a sabbatical leave.
