"Scot and Laura do an amazing job of teaching us what a good church looks like." —Beth Moore What is the way forward for the church? Tragically, in recent years, Christians have gotten used to revelations of abuses of many kinds in our most respected churches—from Willow Creek to Harvest, from Southern Baptist pastors to Sovereign Grace churches. Respected author and theologian Scot McKnight and former Willow Creek member Laura Barringer wrote this book to paint a pathway forward for the church. We need a better way. The sad truth is that churches of all shapes and sizes are susceptible to abuses of power, sexual abuse, and spiritual abuse. Abuses occur most frequently when Christians neglect to create a culture that resists abuse and promotes healing, safety, and spiritual growth. How do we keep these devastating events from repeating themselves? We need a map to get us from where we are today to where we ought to be as the body of Christ. That map is in a mysterious and beautiful little Hebrew word in Scripture that we translate "good," the word *tov*. In this book, McKnight and Barringer explore the concept of *tov*—unpacking its richness and how it can help Christians and churches rise up to fulfill their true calling as imitators of Jesus.

Do you have anyone in your life who can't seem to stick with a project, meet a deadline, or even clean up after themselves? All of us feel we deserve special treatment sometimes. Some people live with this entitled attitude, such as: Professionals who wander from job to job looking for a boss who will see them as amazing as they consider themselves to be—whether they're productive or not Young adults who refuse to grow up and so go nowhere Spouses or dates who believe, "I'm special, and I deserve more than you're giving me" Leaders who expect special treatment because of their position, not because of their character If you have a difficult relationship with an entitled person, or if you have discovered entitlement in yourself, understand this: It doesn't

have to stay this way. There is a cure. It's called the Hard Way and it works. In *The Entitlement Cure*, Dr. John Townsend explains that the Hard Way is a habit that focuses on doing whatever is needed even if it is difficult, uncomfortable, takes longer, and requires more energy. Dr. Townsend offers daily steps, such as risk-taking, to help you or those you love choose the Hard Way. Ultimately, entitlement fails us. We don't develop the character abilities and relationships necessary to reach success and become the people God intended us to be. By contrast, Hard Way people have better relationships, reach their goals, have a clear job direction, enjoy rich spiritual growth, and are equipped to face and solve challenges. As Dr. Townsend writes, "Stand against entitlement in every form in which it manifests itself. Resolve your own tendencies toward the disease. Be a loving and firm force for helping those in its trap to find life and hope. And you will make the world a better place." Discover why the Hard Way is the best way in this practical guide to true success.

Hybels brings Biblical, practical answers to these and many other pertinent questions--plus a much-needed warning about the dangers of being a Christian consumer in a materialistic society. He also exposes the tactics Satan uses to disarm believers in their attempts to shine Christ's light into a darkened world.

*Clear Focus . . . .* is primarily for Christian school educators, but I believe this is a must-read for every single Christian. I was both convicted and challenged in my everyday walk with the Lord. Dr. Glen Schultz, Author of *Kingdom Education . . .* helps us to refocus on "who" so that the tyranny of "what" does not rob us of the joy of ministry. This is a must-read for anyone ministering in Christian schooling. Dr. Daniel Egeler, President of the Association of Christian Schools International *Clear Focus* encourages and equips Christian educators to regain vision, purpose, and fulfillment in ministry. With a passion for discipleship, Stephen shares rich insights through compelling stories and biblical applications. He also draws on his experience from two tours of duty in the United States Marine Corps. In a world full of distractions, maintaining focus can be difficult if not impossible. When we focus intently on "who," we begin to escape the tyranny of "what," which steals the joy from our lives and service. Jesus perfectly modeled this for us. Follow Him through any day of His ministry, and you will see His focus is always on a who. Ours should be too.

#### Insights from Science and Scripture Zondervan

Pastor Bill Hybels believes that there is a new reality in America. The church has entered an era of growth and unprecedented spiritual opportunity to share the Gospel, yet at the same time we face a shrinking economy and a world in crisis. This poses a great resource challenge for the church. In order to reach out to people who are spiritually hungry, the church needs more people to be equipped to serve others. Hybels passionately believes the key to the future of the church is the equation "X (paid staff) + Y (volunteers) = Z (bearing much fruit for God's glory)." Churches cannot afford to continue hiring more and more staff with limited budgets. The key to resourcing the church is what Hybels calls "the Y factor." The Y factor is the pool of volunteers in every church. The great need of the church is to grow the church's volunteer base through the equipping ministry of church staffs. As churches recover the message of Ephesians 4:11-12 to "equip God's people for works of service" they will launch a Volunteer Revolution. People are just waiting to discover the gifts and passions that God has given them to serve others and then be invited to use those gifts and passions through the local church in order to advance the kingdom of God on Earth. Hybels believes that every church staff should be helping people discover their

spiritual gifts, passions and place of service in order to meet the growing needs in our churches and world. Hybels makes a clarion call to move beyond volunteer retention to volunteer acquisition. By attracting, connecting, training, and sustaining volunteers, churches will mobilize people into places of service that will bring new meaning to their lives and understand why God put them on planet Earth. Hybels also outlines how we can build lifelong volunteers in the church through community, celebration, and commendation.

*Are You Looking For God?* That is, the God who can really make a difference in your life? Have you already found God...but are disappointed? Bill Hybels wants to introduce you to the God you're looking for. Not only does this God exist, He passionately yearns to be in a relationship with you. In fact, writes Hybels, God is head over heels in love with you! But in order to find God, you'll first need to put aside the caricatures, the fears, the lies, and the misconceptions that have been gathered over the centuries about who God really is. Understanding the true personality and nature of God can make ordinary people extraordinary and weak people strong. With penetrating insights and pointed anecdotes, Hybels reveals God for who He really is: a God who knows your every thought, who is always gracious, who always guides you, is always committed to you, and who is always there. A God who feels your joy and sadness, a God who doesn't stop giving, a God who has your life in His loving hands.

#### **COURAGEOUS LEADERSHIP**

*The Tortoise Usually Wins* is a delightful exploration of the theory of quiet leadership. Written for reluctant leaders, it interacts with three key biblical images of leadership - the leader as servant,

shepherd and steward - and links them with some of the key virtues of quiet leadership - modesty, restraint, tenacity, interdependence and other-centeredness. Exploding the myth that the good is the enemy of the best, it argues that the reverse is more often true, with images of unattainable perfection crippling competent people from getting on with the task of doing genuinely good things. The book strips leadership of some of its mystique, arguing that the bulk of leadership is about helping groups decide the right things to do and then getting on and doing them in an atmosphere that brings the best out of others. Brian Harris is the principal of a highly regarded theological seminary and also pastors a thriving local church, so the book carries the wisdom of both professor and pastor, satisfying the reader both intellectually and practically. These insights are supplemented by interviews with significant quiet leaders from around the world, ensuring a rich feast for prospective and current reluctant leaders. 'Books on leadership are today two a penny. Just occasionally, however, one of these books might stand head and shoulders above most of the others, and to my delight *The Tortoise Usually Wins* falls into that category. Furthermore, so many books on leadership are written for natural leaders; whereas, as the author makes clear, most churches are led by "quiet leaders" who know they are not great, but nonetheless, are "tenacious and committed to the task and willing to work co-operatively with others to achieve it". I can see many church leaders benefitting from this book. I warmly commend this unusual book.' Paul Beasley-Murray, Senior Minister, Central Baptist Church, Chelmsford; Chair of Ministry Today UK

The book you hold resonates with this conviction: that leaders such as you have the potential to be the most influential forces on planet Earth. Yours is the staggering responsibility and the matchless privilege of rallying believers and mobilizing their spiritual gifts in order to help people who are far from God become fully devoted followers of Christ. Life transformation and the eternal destinies of real people depend on the redemptive message entrusted to the local church. Are you willing to do whatever it takes to lead your church effectively so God's message of hope can change the world? Then this book is for you. *Courageous Leadership* is Bill Hybels' magnum opus, a book far too important to be written before its time. Only now, after nearly thirty years leading his own church from a handful of people with a burning vision into a globe-spanning kingdom force—only after almost three decades of victories and setbacks, of praying hard and risking big—is Hybels ready at last to share the lessons he has learned, and continues to learn, about Christian leadership. Too much is at stake for you not to maximize your spiritual gift of leadership, insists Hybels. In this passionate, powerful book, he unpacks the tools, tasks, and challenges of your calling. You'll discover the power of vision and how to turn it into action. You'll gain frontline insights for developing a kingdom dream team, discovering your leadership style, developing other leaders, making decisions, walking with God, embracing change, staying your God-given course, and much, much more. Drawing on his own richly varied life experiences, Hybels fleshes out vital principles with riveting firsthand stories. This is far more than another book on

leadership strategies and techniques. You'll find those topics in here, to be sure. But beyond them, you'll find the very essence of one of today's foremost Christian leaders—his fervent commitment to evangelism and discipleship and his zeal to inspire fellow church leaders even as he seeks to keep growing as a leader himself. If unchurched people matter to you . . . if you love seeing believers serve passionately with their spiritual gifts . . . if God's heartbeat for the church is your heartbeat as well . . . then this book is a must. *Courageous Leadership* will convince you to lead with all your might, all your skill, and all your faith. And it will give you the tools to do just that.

They're bold and prophetic and at the same time pragmatic. They don't just promote change--they drive it, while inspiring and mobilizing others to do the same. Visionaries like Steve Jobs and Jeff Bezos possess a host of innate qualities that make them extraordinary, but what truly sets them apart is their ability to turn vision into action. In *Lead from the Future*, Innosight's Mark W. Johnson and Josh Suskewicz introduce a new way of thinking and managing, called "future-back," that enables any manager to become a practical visionary. Addressing the many barriers to change that exist in established organizations, they present a systematic approach to overcoming them that includes: The principles and mind-set that allow leadership teams to look beyond typical short-term planning horizons A method for turning emerging challenges into the growth opportunities that can define an organization's future A step-by-step approach for translating a vision into a strategic plan that teams can align around and commit to Ways to ensure that visionary thinking becomes a repeatable organizational capability As practical as it is inspiring, *Lead from the Future* is the guide you and your team need to develop a vision and translate it into transformative growth.

*Beyond Nice* is about creating excellent working relationships in Churches and other Christian organisations. It looks at why Christian bodies struggle with people issues and people

management. The author has taken his experience as a practising Christian in the business world and has sought to understand why Christian organisations often find it more difficult to manage people than businesses do. He also explores potential solutions to this problem, and central to this are almost 40 interviews conducted with Christian leaders; bishops, pastors, charity leaders, academics and consultants. He also looks at the example Jesus gives us of how to deal with and lead people. Together, these things are combined to offer potential solutions to current Christian leaders, and some food for thought to Christian followers about how best to support their leaders. In a society where "upward mobility" is the highest goal, Bill Hybels asks a tough question: Do Christians place God's desires first-or their own? In *Descending into Greatness*, Hybels and writer Rob Wilkins take the example of Christ's downward journey as it was meant to be; the radical and essential answer for every Christian. In fourteen powerful chapters, the authors explore such topics as How Jesus managed power. The intentional decisions necessary to move down. The uplifting nature of true humility. Abundant life through dying to self. The ambush of joy. Moving down is never an easy matter that can be reduced to a formula. It

involves a life committed to discipleship. *Descending into Greatness* introduces you to the touching stories of modern men and women committed to advancing the kingdom of God: from the pro football player, to the medical missionary, to a businessman wrestling with the priorities in the world of finance. *Descending into Greatness* asks tough questions and gives hopeful answers. Now, this powerful, urgent message also includes a discussion guide so that you can follow through, too. "Like Christ, we must descend-into self-abandonment, unconditional giving, sacrifice, and death to self. And, like Christ, we will then ascend-into fulfillment, blessing, joy, and purpose."
