A thoroughly revised and updated edition of Thomas C. Foster's classic guide—a lively and entertaining introduction to literature and literary basics, including symbols, themes, and contexts—that shows you how to make your everyday reading experience more rewarding and enjoyable. While many books can be enjoyed for their basic stories, there are often deeper literary meanings interwoven in these texts. How to Read Literature Like a Professor helps us to discover those hidden truths by looking at literature with the eyes—and the literary codes—of the ultimate professional reader: the college professor. What does it mean when a literary hero travels along a dusty road? When he hands a drink to his companion? When he's drenched in a sudden rain shower? Ranging from major themes to literary models, narrative devices, and form, Thomas C. Foster provides us with a broad overview of literature—a world where a road leads to a quest, a shared meal may signify a communion, and rain, whether cleansing or destructive, is never just a shower—and shows us how to make our reading experience more enriching, satisfying, and fun. This revised edition includes new chapters, a new preface, and a new epilogue, and incorporates updated teaching points that Foster has developed over the past decade.

Now a Major Motion Picture, Starring Simon Baker, Elizabeth Debicki, and Richard Roxburgh *Breath* is a story of risk, of learning one's limits by challenging death. On the wild, lonely coast of Western Australia, two thrill-seeking teenage boys fall under the spell of a veteran big-wave surfer named Sando. Their mentor urges them into a regiment of danger and challenge, and the boys test themselves and each other on storm swells and over shark-haunted reefs. The boys give no thought to what they could lose, or to the demons that drive their mentor on into ever-greater danger. In *Six Thinking Hats*, Edward de Bono shows how meetings can be transformed to produce quick, decisive results every time. The Six Hats method is a devastatingly simple technique based on the brain's different modes of thinking. The intelligence, experience and information of everyone is harnessed to reach the right conclusions quickly. These principles have been adopted by businesses and governments around the world, ending conflict and confusion in favour of harmony and productivity. The Six Hats strategy will fundamentally change the way you work and interact. 'An inspiring man with brilliant ideas. De Bono never ceases to amaze with his clarity of thought.' Sir Richard Branson
