There are eight theories in this regard. I will deal with the ERG Theory, Cognitive Evaluation Theory and Job Design Theory in this article. 1. Contemporary Theories on Motivation | Desi Kanoon- Law ...Contemporary Theories of Motivation Motivation is a desire to attain a goal, combined with the energy to work towards that goal. It involves the biological, emotional, social and cognitive forces that stimulate a person's behavior. In everyday usage, the term "motivation" is frequently used to describe why a person does something. How Do The Contemporary Theories Of Motivation Complement ...Contemporary theories of motivation incorporate equity, control and agency theory, as well as goal setting, reinforcement, and job design theory. The

theories of motivation maybe categorized according to their definitions and purpose but critical analysis reveal that they are all linked, they lead to serving satisfaction in employees. Theories of Motivation and Their Application in Organizations EARLY THEORIES OF MOTIVATION □ 1950's: □ Hierarchy of needs theory □ Theories X and Y □ The two-factor theory. □ They represent a foundation from which contemporary theories have grown. □ Practicing managers still regularly use this theories and their terminology in explaining employee motivation. □ Contemporary way of thinking 6. Contemporary theories of motivation - SlideShare Frederick Herzberg is the name who had a lot of contributions to the theories of motivation. The theories by him are named as two factor hygiene and motivation theory. In the theory of hygiene the author explains that for an employee to work effectively in the organization the environment has to be friendly and hygienic. The Classical and Modern Theories of Motivation Thus, Vroom's Expectancy Theory has its roots in the cognitive concept, i.e. how an individual processes the different elements of

motivation. This theory is built around the concept of valence, instrumentality, and Expectancy and, therefore, is often called as VIE theory. Clayton Alderfer modified Maslow's hierarchy of needs theory of motivation in harmony with experimental research and explained it in his own way. His revised work is known as the ERG theory of motivation. He reclassified Maslow's need hierarchy theory into three easier and wider classifications of needs: Modern Theories of Motivation | HubPages Maslow's need hierarchy theory is a significant contribution to the managerial motivation concept. It is very simple and enables the manager to understand human behaviour at workplace. According to the theory, the manager should consider higher level needs after the lower level needs are satisfied.
