Including charts to discover your Chinese animal year, your Western zodiac sun sign, your moon sign, and your birth destiny card, they explore how each of these astrological profiles interact to build your unique persona and provide profoundly accurate descriptions for each year and sun sign combination, each sun and moon sign combination, and each birth card. Each description also includes career recommendations to best utilize your innate gifts and relationship advice on which animals, sign combinations, and birth cards to seek out and which to avoid. Not only useful for personal insight and self-development, this new astrological approach can also be used to understand the underlying energetic personality patterns of your lovers, friends, relatives, and colleagues.

Journey into the cosmos with cosmology and metaphysics. Cosmic Astrology: The Book of Answers opens a world of ancient and modern thought, where microcosm meets macrocosm. From the fractal symmetry that defines the sacred geometry of the natural world to the celestial bodies that shift like clockwork in the sky, explore the subtle rhythms that connect all motion. Unearth tales of ancient esoterica in harmony with the psychology and physics of great modern minds like Jung and Einstein. Within its pages, the dimensional reality begins to unfold the shapes of Plato's classical elements, and the trace of sacred symmetry resounds the golden ratio in da Vinci's "Vitruvian Man." East meets West as Tao is expressed and scientific method is challenged. Time turns back the clocks of the stars, as astrological aspects paint the story of the ages in the sky.

Using a new language of energy based on the ancient "four elements" and in harmony with that used by the more advanced healing arts, renowned author Stephen Arroyo here explores how astrology as a language of energy can be astoundingly accurate and useful in illuminating individuals' energy exchange in all close relationships. The preface, author's note, introduction, and early chapters of *Person-to-Person Astrology* lay the groundwork for serious consideration of astrology as a significant discipline. The following chapters detail the influence of the four elements--Fire, Earth, Water, Air--on the 12 signs, with a particular emphasis on the rising sign (Ascendant). The author shows readers how to experiment by comparing birth charts, and explains, through detailed descriptions, people's psychological motivations and needs based on the positions of their Moon, Venus, and Mars. Appendices include astrological definitions, keywords, and sign tables that allow readers quick access to the basics. Written in the author's trademark clear, accessible style, *Person-to-Person Astrology* presents a new approach to finding fulfillment in any kind of relationship.

Gahl Sasson's second book, *Cosmic Navigator*, is like a GPS for the soul. It combines Astrology, the map of where and who we are, with Kabbalah the navigation system that tells us how to get to our goal and avoid those traffic patterns and areas of gridlock in our lives. This three part text is the first book of its kind. Not only is it the first book to use Astrology as a resource for self help, it also weds the wisdom of ancient Kabbalistic truths with the powerful archetypes of the zodiac to help you improve and change your life. The first part of the book introduces the basic concepts of Kabbalah

and Astrology and how they work together. The second part teaches you how to interpret your own astrological chart as the road map of your life. The third and final part of the book, which is based on Gahl's twelve week workshop, walks the reader through the twelve signs and teaches them how to use each one to bring balance and success into their lives. Is your love life in need of more passion? Turn to the chapter on Scorpio and learn how to invoke that sexual mysterious energy. Do you need to be more assertive at work? Turn to the chapter on Aries and discover your inner warrior. Unlike other astrology books that simply offer stereotypical profiles, *Cosmic Navigator* teaches us how to take control of our astrological destinies.

Learn the basic principles of astrology without having to learn the theory beforehand. In order to understand the fundamental principles of astrological influences, why they exist and how they affect us, you must become familiar with the nature of the one who is affected, your own essence. It is all connected. Two things are in existence: you and the universe. If you delve into one with the utmost care, you will automatically understand the other because, in their foundation, they are the same. Astronomy is the science of how the universe works. Astrology is the science of how the holographic universe affects us. It broadens our horizons because it provides a holistic approach to life. Astrology shows us all the details of the way in which our transcendental soul is trapped in the body and events of our life, the ways in which we have been obstructed from attaining self-knowledge. That will make us understand how to set ourselves free. The knot can be untied by learning the way in which it was tied. We do not have to know all the details. It is enough to be acquainted with the basic principles of how astrology works to be able to know the basic principles of liberation and self-knowledge. They are presented before you in a summarized version.

Astrology has been found in civilizations worldwide and throughout history. It has greatly influenced the philosophy, religion, art, and magic of Western culture and has inspired countless decisions and guided people in their daily lives. Traditional Western astrology differs from your typical daily Sun-sign horoscopes. While it still follows the course of the Zodiac through the Heavens, it grounds itself in the seven classical planets--great celestial spheres that the ancients gazed upon for guidance and wisdom. Traditional astrology is a holistic framework that melds the influence of the stars with your experience here on Earth to help you understand the Cosmos, your place within it, and the power to transform your fate. With it, you can integrate the entire vision of the Heavens into your magical and divinatory practices, for traditional Astrology is the cosmic playing field upon which both magic and divination intertwine. The power of astrology is a path for humans to understand the sacred. You aren't just naming stars. You are naming and discovering gods. You are seeking angels. You are seeing reflections of your own experience, your hopes and fears. By working with the systems of astrology and its magic, you can connect to the infinite chain of divinity in creation and find within your own microcosmic soul that golden light that tethers you to the macrocosmic soul of the All!
