The Peugeot 205 T16 is the legendary Group B turbocharged four-wheel-drive rally car produced by Peugeot between 1984 and 1986. 205 T16s won 16 World Championship rallies in the hands of Ari Vatanen, Timo Salonen, Juha Kankkunen

and Bruno Saby, and won the manufacturers' and drivers' titles in 1985 and 1986 with Timon Salonen and Juha Kankkunen respectively, against strong opposition from Audi (Quattro), Lancia (Delta S4), Ford (RS200) and Austin-Rover (Metro 6R4). Peugeot later modified cars to compete in the famous Pikes Peak Hillclimb and Paris-Dakar rally, winning in 1987 and 1988. This extensively illustrated Manual looks at the design, evolution, anatomy and operation of the 205 T16, with input

from many of the drivers and engineers involved.

Petrol and Diesel (58-85) Up to C Haynes Publishing

Hatchback models, including Rallye and special/limited editions. Petrol: 1.0 litre (954cc), 1.1 litre (1124cc) 1.3 litre (1294cc), 1.4 litre (1360cc) & 1.6 litre (1587cc), inc. 16-valve. Diesel: 1.4 litre (1360cc) & 1.5 litre (1527cc)

Austin/MG Metro G T Foulis & Company Limited

The aim of this manual is to help readers get the best from their vehicle. It provides information on routine maintenance and servicing and the tasks are described and photographed in a step-by-step sequence so that even a novice can do the work.

2002 to 2009 Haynes Service and Repair Manuals

In 1984 Peugeot launched the 205 1.6 GTi, which not only changed Peugeot's image forever, but also set a new benchmark for 'hot hatches' eight years after the legendary Golf GTI had raised the bar. Weak points, rust traps, and

potential mechanical defects are all laid bare by an expert for the would be buyer. Clear 205-specific photos illustrate problem areas and good points too, as well as model variations. The author also embraces customized and mechanically modified cars. A unique points scoring system lets you evaluate your potential purchase like and expert and also to determine which price category it should fall into. With both mileage and particularly condition having a marked affect on potential prices, the author gives sound advice on what is worth restoring and what, however tempting, is likely to cost a new owner an unrecoverable fortune. Weak points, rust traps, and potential mechanical defects are laid out for the reader, with clear 205-specific guidelines

offered on the practicalities of rectifying such problems.

Volvo S40 & V40 Service and Repair Manual Haynes Manuals

Hatchback & Estate (SW). Also covers major mechanical features of CC (Coupe Cabriolet) and Van. Does NOT cover revised model range introduced August 2009. Petrol: 1.4 litre (1360cc & 1397cc) & 1.6 litre (1587cc & 1598cc). Does NOT cover 1.6 litre turbo petrol engines Turbo-Diesel: 1.4 litre (1398cc) & 1.6 litre (1560cc).

Marine Diesel Basics 1 Haynes Manuals

This is one in a series of manuals for car or motorcycle owners. Each book provides information on routine maintenance and servicing, with tasks described and photographed in a step-

by-step sequence so that even a novice can do the work.

Land Rover Series II, IIA and III Haynes Manuals

Fundamentals, Service, Repair Voyage Press

Written from hands on experience and based on the stripdown and rebuild of a Peugeot 106 using commonly-available tools, this volume includes step-by-step instructions on how to carry out specific jobs.

Improve and Modify Peugeot 205 Haynes Manuals

The original rally Quattro debuted in

1980, and was based on the road car, but with a highly tuned 300bhp engine. In 1981, Audi Quattro works driver Michele Mouton became the first woman to win a World Championship rally. The Quattro took the Manufacturers' Championship in 1982 and 1984, and the Drivers' Championship in 1983 and 1984 with Hannu Mikkola and Stig Blomqvist respectively. Audi implemented a continuous development programme for the Quattro, and the A1 and A2 were produced to meet the Group B regulations introduced in 1983, while the fearsome Sport Quattro S1 was introduced in 1984. The ultimate development - the S1 E2 - was introduced at the end of 1985, producing over 500bhp, and winning the 1985 San Remo rally in the hands of Walter Röhrl

and the famous Pikes Peak hillclimb with Michele Mouton. The Audi Quattro Rally Car Manual looks at the design, evolution, anatomy and operation of the Quattro.

Audi Quattro Rally Car Enthusiasts' Manual Haynes Publishing

The Honda Civic is one of the most sought after cars in the modifying world. It has a massive following worldwide due to the great Japanese mechanics, and the potential to make what is essentially a dull car look great. So many looks, so many products - including products which are sometimes cheaper than standard parts replacements! But what if you have any problems - ill-fitting kits, no instructions, or instructions written in Japanese? Haynes can help with this new full colour guide to DIY modifying.

The Williams FW14B is the 1992 Formula 1 World Championship-winning car that dominated the season and took Nigel Mansell to his only World Drivers' Championship, winning nine races. Mansell's team-mate, Riccardo Patrese, also won a race, and finished second to Mansell on six occasions. To complete the stunning statistics, Mansell either won or finished second in all the races he finished that season, and he took pole position for all but two of the season's 16 races.
