In constant oscillation between jealousy and morbid obsessive desire, the 'cuckold' protagonist (the one who takes pleasure in giving his partner to others) retraces his marriage experience with raw and realistic language.

Flash cars and country house, but all is at stake. JUST ONE CLICK is all it would take for thirty-something mother-of-two Nicole Hollis to remove the sexy 'what if' man she lusts after from her Facebook... But she just can't do it. Instead she allows his games to undermine her relationship with older, sophisticated Richard and her sanity spirals when events she can't fathom escalate. Nothing in her life is what it seems and who is really in control? A novel inspired by real events sensationally featured in the Daily Mail, Daily Mirror and Woman Magazine in 2012.

Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science—as well as religious and cultural institutions—has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. But this narrative is collapsing. Fewer and fewer couples are getting married, and divorce rates keep climbing as adultery and flagging libido drag down even seemingly solid marriages. How can reality be reconciled with the accepted narrative? It can't be, according to renegade thinkers Christopher Ryan and Cacilda Jethá. While debunking almost everything we "know" about sex, they offer a bold alternative explanation in this provocative and brilliant book. Ryan and Jethá's central contention is that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together convergent, frequently overlooked evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. Human beings everywhere and in every era have confronted the same familiar, intimate situations in surprisingly different ways. The authors expose the ancient roots of human sexuality while pointing toward a more optimistic future illuminated by our innate capacities for love, cooperation, and generosity. With intelligence, humor, and wonder, Ryan and Jethá show how our promiscuous past haunts our struggles over monogamy, sexual orientation, and family dynamics. They explore why long-term fidelity can be so difficult for so many; why sexual passion tends to fade even as love deepens; why many middle-aged men risk everything for transient affairs with younger women; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. In the tradition of the best historical and scientific writing, *Sex at Dawn* unapologetically upends unwarranted assumptions and unfounded conclusions while offering a revolutionary understanding of why we live and love as we do.

Texts from Dog HMH

From the Pulitzer Prize-winning author of *All the Light We Cannot See*, perhaps the most bestselling and beloved literary fiction of our time, comes a triumph of imagination and compassion, a soaring novel about children on the cusp of adulthood in a broken world, who find resilience, hope, and story. The heroes of *Cloud Cuckoo Land* are trying to figure out the world around them: Anna and Omeir, on opposite sides of the formidable city walls during the 1453 siege of Constantinople; teenage idealist Seymour in an attack on a public library in present day Idaho; and Konstance, on an interstellar ship bound for an exoplanet, decades from now. Like Marie-Laure and Werner in *All the Light We Cannot See*, Anna, Omeir, Seymour, and Konstance are dreamers and outsiders who find resourcefulness and hope in the midst of peril. An ancient text—the story of Aethon, who longs to be turned into a bird so that he can fly to a utopian paradise in the sky—provides solace and mystery to these unforgettable characters. Doerr has created a tapestry of times and places that reflects our vast interconnectedness—with other species, with each other, with those who lived before us and those who will be here after we're gone. Dedicated to "the librarians then, now, and in the years to come," *Cloud Cuckoo Land* is a hauntingly beautiful and redemptive novel about stewardship—of the book, of the Earth, of the human heart.

Guiding readers through the disorienting dreamworld of James Joyce's last work, Kimberly Devlin examines *Finnegans Wake* as an uncanny text, one that is both strange and familiar. In light of Freud's description of the uncanny as a haunting awareness of earlier, repressed phases of the self, Devlin finds the uncanniness of the *Wake* rooted in Joyce's rewritings of literary fictions from his earlier artistic periods. She demonstrates the notion of psychological return as she traces the obsessions, scenarios, and images from Joyce's "waking" fictions that resurface in his final dreamtext in uncanny forms, transformed yet discernible, often to uncover hidden, unconscious truths. Drawing on psychoanalytic arguments and recent feminist theory, Devlin maps intertextual connections that reveal many of Joyce's most deeply felt imaginative and intellectual concerns, such as the self in its decentered relationship to language, the elusive nature of human identity, the anxieties implicit in mortal selfhood, the male subject in its opposition to the female sexual "other." She suggests that the *Wake* records Joyce's implicit interest in the psychological counterpart to Vico's theory of historical repetition: Freud's theory of the insistent internal return of earlier narratives. How to get your Fifty Shades on... For anyone who's felt...inspired...after reading Fifty Shades of Grey, The Book of Kink both entertains and enlightens, showing you the who, what, where, why, and how of kink. People everywhere are into kinky sex. For some, it's a way to spice up a withered sex life; for others, it's a way of life. No matter how or why we do it, kinky sex is as old as Adam and Eve and as commonplace as your next-door neighbor. For example, did you know: Japan organized the largest orgy ever caught on tape, featuring 500 participants? A Berlin hotel offers different rooms dedicated to kinky sex, including one with a coffin? Those who are into having sex with an armpit have a fetish called axillism? There is a university dedicated entirely to love and sex called the Loveology University? The Book of Kink is an entertaining and enlightening look into all things beyond the pale when it comes to sex. Exploring everything from equipment, sex classes, sex parties, and porn to the who, what, where, when, why, and how of kink, it delves into fetishes, turn-ons, role-playing, and how the Internet has put a new spin on kinkiness. It is an X-rated romp through cultural and social history and contemporary mores. Whether you're appalled to learn that people actually do this or are relieved to find out that you're not the only one, you'll never see sex the same way again.

What do straight, married female revelers at an all-women's sex club in LA have in common with nomadic pastoralists in Namibia who bear children by men not their husbands? Like women worldwide, they crave sexual variety, novelty, and excitement. In ancient Greek tragedies, Netflix series, tabloids and pop songs, we've long portrayed such cheating women as dangerous and damaged. We love to hate women who are untrue. But who are they really? And why, in this age of female empowerment, do we continue to judge them so harshly? In *Untrue*, Wednesday Martin takes us on a bold, fascinating journey to reveal the unexpected evolutionary legacy and social realities that drive female faithlessness, while laying bare our motivations to contain women who step out. Blending accessible social science and interviews with sex researchers, anthropologists, and real women from all walks of life, *Untrue* will change the way you think about women and sex forever.

The third Inspector Sebag mystery "dives

deeper into character than most traditional detective yarns and is written with wit, poignancy, and panache" (Kirkus Reviews). Crime, suspense, and marital woes combine in this atmospheric procedural set in the seemingly quiet Mediterranean town of Perpignan. This winter is going to be a rough one for Insp. Gilles Sebag, for he has discovered a terrible truth: his wife has been cheating on him. Bouncing between depression, whisky, and insomnia, he buries himself in work in an attempt to forget. But his investigations lead him inexorably to bigger tragedies—a woman murdered in a hotel, a depressed man who throws himself from the roof of his building, another who threatens to blow up the neighborhood—all of them involving betrayals of some sort. Perpignan seems to be suffering from a veritable epidemic of crimes of passion. Adultery is everywhere—and each betrayal leads to another dramatic crime. "Vivid and atmospheric . . . A thoughtful, almost lyrical approach to crime fiction, which will appeal to anyone who also liked *In Her Wake*, *The Dying Detective* or *The Bird Tribunal*. Its seasonal themes are also reminiscent of Johan Theorin's Oland quartet, set at a Swedish resort." —Crime Fiction Lover "The most ambitious thematically. In it, Georget takes the stuff of existential novels and folds it into the crime genre's formula." —Los Angeles Review of Books "Engaging . . . The resolution is multilayered and satisfying." —Publishers Weekly "Fans of French settings will enjoy venturing outside of Paris, and the year-end holiday provides an additional measure of atmosphere to the crimes and solutions here." —Library Journal
