If you want to unleash the power of change in your life, this is the perfect book to help you accomplish your goal! With 190 affirmations to help you improve all areas of your life, this book is going to illustrate the power of thoughts, how thoughts affect the mind (and your life), and above that, how you can use words (affirmations) to change any circumstance or area of your life. Only you

have the power to truly make positive changes in your life. Your thoughts, the words you speak to yourself internally and externally to others, have the power to create any circumstance you desire; the nature they take is entirely dependent on the emotions behind the words, their frequency of occurrence in your mind, and the actions they stir. If you think negative thoughts, you will attract negative circumstances. If your internal dialog is positive, you will attract positive energy into your life. Here is a preview of what you will learn.... The Law of Attraction How to use thought power, visualization, and affirmations You will learn how to

understand affirmations and their power Reprogram your subconscious mind Reduce stress and anxiety Improve self-image and boost your confidence Release negative thoughts Affirmations to help heal your body when it is sick Much, much more! About the author Emma Wong was inspired to write this book based on her experiences working as a palliative care volunteer. Through various community programs she has been able to work closely with families, and single parents that were going through health and financial adversity. Emma practices two different modalities of energy work with her clients, and knows the benefits of good and bad

energy and how it can play havoc on our physical and mental health. Emma believes that everyone should practice self care, weather it be 5 or 10 minutes a day. It will benefit your mind, body and spirit. She hopes that this book of affirmations is a start to be the best you can be.

Repeating affirmations is simple - but an effective affirmation involves much more than the words you speak! That's why Positive Affirmations Journal is not your typical interactive workbook. It includes 50 positive affirmations with TWO different writing prompts for each one. Yes, two, and it's designed this way for good reason. These 100 unique writing prompts help you dig deep by approaching your thoughts from more than one perspective. Instead of only scratching the surface, you'll take a close look

at what's really going on in your head. What hidden negative thoughts are holding you back? Are you truly open to new possibilities, or are you letting your mind run on autopilot? Are you pursuing your passions or living by default? Do you have a clear picture of exactly what you want, or only a vague notion? This book takes you on a quest to find answers to those questions and more. The affirmations cover a broad range of topics, and the engaging prompts make your journey interesting and fun. From serious self-reflection to letting your imagination run wild, you will be encouraged and inspired to rethink your positive thinking. Most importantly, you'll

explore the connections between your thoughts and the emotions behind them. Creative journaling is an excellent way to raise your self-awareness, and these 100 writing ideas provide keys to transforming meaningless statements into powerful, positive affirmations.

Daily Affirmations for Men CreateSpace Audio Version is Now Available with Audible! Exclusive Offer - Today Includes 2 Amazing Bonus Books: The 100 Most Powerful Affirmations for Self Esteem & The 100 Most Powerful Affirmations for Job Hunting You will not achieve fulfillment and happiness until YOU become the architect of your own reality. Imagine that with a few moments each day, you could begin the powerful transformation toward

complete control of your own life and well being through positive affirmation. Because you can. You will be able to release all fear and doubt simply because you know that you can. Utilize this simple, proven technique to regain the lost comforts of joy, love, and fulfillment in your life. You have the ability to unlock your full inner-potential and achieve your ultimate goals. This is the age-old secret of the financial elite, world class scholars, and Olympic champions. For example, when you watch the Olympics, you'll find one consistency in all of the champions. Each one closes their eyes for a moment and clearly affirms & visualizes themselves completing the event flawlessly

just before starting. Then they win gold medals and become champions. That's merely one example of how the real power of affirmation can elevate you above any of life's challenges. Life is too short to be exhausted on thousands of everyday anxieties and fears. Sadly, the average person will get to the end of their life and realize that more than half of it was spent struggling with these kind of problems. Because they didn't know what to do, many of these people never found any satisfaction in life. You can and will become bigger than those struggles by enhancing the energy that already flows within you. Too often people are held hostage and limited by a cycle of negative

thinking and pessimism. This kind of thinking creates a streak of what many choose to call, "bad luck". I have good news for you. There is no such thing as "bad luck". This phenomenon is merely a cycle of negative affirmation that must be broken and mended with a fresh regimen of positive affirmation and vision. By repeating and remembering these affirmations in times of difficulty, we transform our rigid affirmations of defeat and intimidation into warm, confident manifestations of the world as we choose it to be. Get what you want and desire from the world like millions of others around the globe using affirmations. You already possess the

power to assert your own perceptions and transform your thoughts and desires into reality. By using positive affirmations daily, you will unlock that natural potential inside of you. If you want to see positive change now, you'll find the quickest path to fulfillment with positive affirmation and visualization. There is no time to spend on loss, negativity, and defeat when you can be achieving tangible, historically proven results with minimum time and effort invested. There is no limit to changes that can be made through the power of creating truth with affirmation...
