## KALEB TRUJILLO

[Jazz for the Skeptical Guitarist](#) Lulu.com  
The author of the groundbreaking work *Slut!* explores the phenomenon of slut-shaming in the age of sexting, tweeting, and “liking.” She shows that the sexual double standard is more dangerous than ever before and offers wisdom and strategies for alleviating its destructive effects on young women’s lives. Young women are encouraged to express themselves sexually. Yet when they do, they are derided as “sluts.” Caught in a double bind of mixed sexual messages, young women are confused. To fulfill the contradictory roles of being sexy but not slutty, they create an “experienced” identity on social media—even if they are not sexually active—while ironically referring to themselves and their friends as “sluts.” But this strategy can become a weapon used against young women in the hands of peers who circulate rumors and innuendo—elevating age-old slut-shaming to deadly levels, with suicide among bullied teenage girls becoming

increasingly common. Now, Leora Tanenbaum revisits her influential work on sexual stereotyping to offer fresh insight into the digital and face-to-face worlds contemporary young women inhabit. She shares her new research, involving interviews with a wide range of teenage girls and young women from a variety of backgrounds as well as parents, educators, and academics. Tanenbaum analyzes the coping mechanisms young women currently use and points them in a new direction to eradicate slut-shaming for good.

### AFRICA: A TRAVELER'S JOURNAL

Commonwealth Editions  
*Convergence Media History* explores the ways that digital convergence has radically changed the field of media history. Writing media history is no longer a matter of charting the historical development of an individual medium such as film or television. Instead, now that various media from blockbuster films to everyday computer use intersect regularly via convergence, scholars must find new ways to write media history across multiple media formats. This collection of eighteen new essays by

leading media historians and scholars examines the issues today in writing media history and histories. Each essay addresses a single medium—including film, television, advertising, sound recording, new media, and more—and connects that specific medium’s history to larger issues for the field in writing multi-media or convergent histories. Among the volume’s topics are new media technologies and their impact on traditional approaches to media history; alternative accounts of film production and exhibition, with a special emphasis on film across multiple media platforms; the changing relationships between audiences, fans, and consumers within media culture; and the globalization of our media culture.

[Basic Rhythmic Training](#) Temple University Press

(Instructional). A continuation of *Basic Rhythmic Training*, this collection of progressive rhythmic drills is designed to increase a music student's proficiency in executing and understanding Rhythm. The exercises begin very simply and proceed to more complex meters, beat divisions and polyrhythms. The book can be used as

a supplement to any method, or as a drill book for the musician who wishes to solidify and expand his/her rhythmic abilities.

Volumes are organized topically and provide a comprehensive discussion of developments in the respective field over the past 3-5 years. The series also discusses new discoveries and applications. Special volumes are dedicated to selected topics which focus on new biotechnological products and new processes for their synthesis and purification. In general, special volumes are edited by well-known guest editors. The series editor and publisher will however always be pleased to receive suggestions and supplementary information. Manuscripts are accepted in English.

Rhythmic Training Simon and Schuster  
"THIS IS THE LAW OF THE JUNGLE, AS OLD AND AS TRUE AS THE SKY. . . ." Mowgli has lived in the Jungle for as long as he can remember. Raised by a noble wolf pack and mentored by a wise panther called Bagheera, Mowgli enjoys the rich, vibrant world of the animals. And while at times it is clear he doesn't quite fit in, he could

never imagine leaving it. But when a vengeful tiger makes a vow to remove the man-cub from the Jungle, Mowgli's world is turned upside down. With help from his new friend Baloo the bear, Mowgli finds himself on a journey to protect his wolf family and himself--a journey that could change things forever. Will the man-cub be able to find his place in the Jungle?  
Mistletoe on 34th Street Hassell Street Press

The Koran In about the time it takes to watch a professional sports event, you can comprehend the Koran. Since the Koran is famously known to be unreadable, how can this be? The Koran found in the bookstore is not the historical Koran of Mohammed. The original Koran was a story that unfolded as Mohammed's life situations changed. The bookstore Koran is arranged by length of chapter, not time. The bookstore Koran has no time, no Mohammed and no story. Therefore, it makes no sense. Using statistical methods to select the verses, the Two-Hour Koran has woven Mohammed's life back into the Koran itself. Now the verses have context and meaning. Everything is in the right order and the original story has been restored. Once you have read A Two-Hour Koran, you can pick up a bookstore Koran and understand what you are reading.  
Paul Is Undead Routledge

From the author of *Death's Dark Abyss* and *The Goodbye Kiss* comes an extraordinary tale of life on the run. Massimo Carlotto's odyssey began in 1976 when, as a member of a militant leftwing organization that had fallen awry of the ruling powers, he was arrested and falsely accused of murder. Unwilling to play the role of fall guy in a political power struggle, he chose to flee the country rather than wait for a verdict that the whole country knew was a foregone conclusion. He first went into hiding in the French underworld and then made his way to a Mexico embroiled in bloody class conflict. Betrayed by a Mexican lawyer, he returned to Italy in 1985 and spent six years in prison, during which time the "Carlotto case" became Italy's most famous legal fiasco. Carlotto was finally freed with a presidential pardon in 1993. Subsequently, his case helped bring about significant changes to the Italian criminal code to ensure that similar judicial travesties would never happen again. The *Fugitive* is the first book that Carlotto wrote as a free man. It tells his story with verve and humor. Virtually a handbook on how to live life on the run, *The Fugitive* is also a vibrant novel full of vivid underworld characters and breathtaking moments that Carlotto recounts in the

cool, lucid prose that has become his trademark.

*A Two-Hour Koran* Hal Leonard Corporation  
ENGLAND, 1944. A chance meeting changes two people's lives for ever. Young American pilot Tom Blake isn't looking for love, but seeing Anna Pilgrim in a tearoom on a cold winter afternoon changes everything. So begins a passionate affair. Their happiness does not last. Shot down over Europe, wounded, in hiding, Tom has no way of telling Anna he is alive. And Anna, left waiting in England, has no way of finding out. How can she know that Tom is struggling to return to her? Or that the thought of her is all that keeps him going on the long journey home? Interwoven with the danger of Tom's fight to survive is the story of Anna's own struggle to face the uncertainty of waiting. Set vividly against the hardship of the Second World War, *Another Time and Place* is at once a compelling love story, an enthralling adventure and a moving depiction of the resilience of the human spirit.

*A Recent History of Lesbian and Gay Psychology* Berrett-Koehler Publishers

A sensational memoir with all the emotional power of *The Fault in Our Stars*, *The Yellow World* is the story of cancer and survival that has moved and inspired readers around the world. My heroes don't wear red capes. They wear red bands. Albert Espinosa never wanted to write a book about cancer—so he didn't. Instead, he shares his most touching, funny, tragic, and happy memories in the hopes that others, healthy and sick alike, can draw the same strength and vitality from them. At thirteen, Espinosa was diagnosed with cancer, and he spent the next ten years in and out of hospitals, undergoing one daunting procedure after another, starting with the amputation of his left leg. After going on to lose a lung and half of his liver, he was finally declared cancer-free. Only then did he realize that the one thing sadder than dying is not knowing how to live. In this rich and rewarding book, Espinosa takes us into what he calls "the yellow world," a place where fear loses its meaning; where strangers become, for a moment, your greatest allies; and where the lessons you learn will nourish you for the rest of your life. U.K. praise for *The Yellow World* "With its uplifting message and simple philosophy, [The Yellow World] has the makings of a spiritual classic."—The Sunday Times "[An] energetic rush of a book . . . that shines with comedy and grace."—The Independent "Heartwarming . . . the book everyone's talking about."—Mail on Sunday

*The Jungle Book: The Strength of the Wolf*

*is the Pack* Tuttle Publishing

Get a taste of New York's underworld by seeing where mobsters lived, worked, ate, played, and died. From the Bowery Boys and the Five Points Gang through the rise of the Jewish "Kosher Nostra" and the ascendance of the Italian Mafia, mobsters have played a major role in the city's history, lurking just around the corner or inside that nondescript building. Bill "the Butcher" Poole, Paul Kelly, Monk Eastman, "Lucky" Luciano, Carlo Gambino, Meyer Lansky, Mickey Spillane, John Gotti—each held sway over New York neighborhoods that nurtured them and gave them power. As families and factions fought for control, the city became a backdrop for crime scenes, the rackets spreading after World War II to docks, airports, food markets, and garment districts. The streets of Brooklyn, swamps of Staten Island, and vacant lots near LaGuardia Airport hosted assassinations and hasty burials for the unlucky. The bloodlettings, arrests, and trials became front-page fodder for tabloids that thrived on covering Mulberry Street. Chinese, Russian, and Greek mobsters rose to prominence and wrought bloody havoc as well. Each of the book's five sections—one for each borough—traces criminal activities and area exploits from the nineteenth century to now. Everyone knows about Umberto's Clam House in Little Italy, but now you can find Scarpato's restaurant in Coney Island where Joe Masseria was killed by henchmen of Salvatore Maranzano, who in turn died in a Park Avenue office building at the hands of "Lucky" Luciano a few months later. From the Bronx to Brighton Beach, from New Springville to Ozone Park, here is a comprehensive, on-the-ground guide to mob life in the Rotten Apple.

This ground-breaking text explores the contemporary history of how psychological research, practice, and theory has engaged with gay and lesbian movements in the United States and beyond, over the last 50 years. Peter Hegarty examines the main strands of research in lesbian and gay psychology that have emerged since the de-pathologizing of homosexuality in the 1970s that followed from the recognition of homophobia and societal prejudice. The author details the expansion of 'lesbian and gay psychology' to 'LGB' to 'LGBT psychology' via its paradigm shifts, legal activism, shifts in policy makers' and mental health professionals' goals in regard to sexual and gender minorities. For the first time, the origins of the concepts, debates, and major research programs that have made up the field of LGBT psychology have been drawn together in a single historical narrative, making this a unique resource. A case is made that psychology has only very lately come to consider the needs and issues of transgender and intersex people, and that LGB paradigms need to be critically interrogated to understand how they can be best brokered to bring about social change for such groups. A Recent History of Lesbian and Gay Psychology will serve as an advanced historical introduction to this field's recent history and current concerns, and will inform both those who have been a part of this history and students who are new to the field.

Rhythmic Training

The Encyclopedia of Computer Science is the definitive reference in computer science and technology. First published in 1976, it is still the only single volume to cover every major aspect of the field. Now in its Fourth Edition, this influential work provides an historical timeline highlighting the key breakthroughs in computer science and technology, as well as clear and concise explanations of the latest technology and its practical applications. Its unique blend of historical perspective, current knowledge and predicted future trends has earned it its richly deserved reputation as an unrivalled reference classic. What sets the Encyclopedia apart from other reference sources is the comprehensiveness of each of its entries. Encompassing far more than mere definitions, each article elaborates on a

topic giving a remarkable breadth and depth of coverage. The visual impact of the volume is enhanced with a 16 page colour insert spotlighting advanced computer applications and computer-generated graphics technology. In addition, the text is enlivened with figures, tables, diagrams, illustrations and photographs. With contributions from over 300 international experts, the 4th Edition contains over 100 completely new articles ranging from artificial life to computer ethics, data mining to Java, mobile computing to quantum computing and software safety to the World Wide Web. In addition, each of the more than 600 articles have been extensively revised, expanded and updated to reflect the latest developments in computer science and technology. Intelligently and thoughtfully organised, all the articles are classified around 9 main themes Hardware Software Computer Systems Information and Data Mathematics of Computing Theory of Computation Methodologies Applications Computing Milieux Within each of these major headings are a wealth of articles that provide the reader with concise yet thorough coverage of the topic. In addition, cross-references are included at the beginning of each article, directing the reader immediately to related material. In addition the Encyclopedia contains useful appendices including: An expanded glossary of major terms in English, German, Spanish and Russian A revised list of abbreviations and acronyms An updated list of computer science and engineering research journals A list of articles from previous editions not included in the 4th edition A Name Index listing almost 3500 individuals cited in the text A comprehensive General Index with 7000 entries A chronology of significant milestones Computer Society & Academic Computer Science Department Listings Numerical Tables, Mathematical Notation and Units of Measure Highly-regarded as an essential resource for computer professionals, engineers, mathematicians, students and scientists, the Encyclopedia of Computer Science is a must-have reference for every college, university, business and high-school library.

Networking is the art of building and maintaining connections for shared positive outcomes. This field guide begins by politely examining, and then shattering to pieces, traditional networking truisms. Buddhism the Religion of No-Religion Springer

A sparkingly festive and romantic story set in New York at Christmastime,

Mistletoe on 34th Street is readers' favourite Lisa Dickenson at her side-splitting, funniest best! Olivia has never experienced a snow-covered, 'traditional' Christmas before. Having grown up in a family that chose winter sun over decking the halls, she's not sure what all the fuss is about. So when she and her colleagues are stranded in New York after a work trip,

Olivia is perfectly happy spending the holiday season in the Big Apple. Jon, Olivia's friend, on the other hand is desperate to get home in time for his big family get-together. Nevertheless, determined to make the best out of the situation, he sets out to show Olivia how enchanting Christmas in New York can be. And when handsome New Yorker Elijah is added to the mix, could the magic of the

season finally be working its charm on Olivia? As 25 December draws closer, Olivia suddenly finds herself with a decision to make: who does she really want to kiss under the mistletoe this Christmas? Full of romance and festive magic, Mistletoe on 34th Street is the funniest and most charming love story you will read this Christmas!
