A Guide to Advancing Thinking Through Writing in All Subjects and Grades Rowman & Littlefield
 A tale from the Ila-speaking people of Zambia gets new life in this picture book adaptation from Coretta Scott King Award winner Ashley Bryan about appreciating one's heritage and discovering the beauty within. Black is beautiful, uh-huh! Long ago, Blackbird was voted the most beautiful bird in the forest. The other birds, who were colored red, yellow, blue, and green, were so envious that they begged Blackbird to paint their feathers with a touch of black so they could be beautiful too. Although Black-bird warns them that true beauty comes from within, the other birds persist and soon each is given a ring of black around their neck or a dot of black on their wings—markings that detail birds to this very day.

Teaching Writing SAGE

"Writing allows each of us to live with that special wide-awakeness that comes from knowing that our lives and our ideas are worth writing about." -Lucy Calkins Teaching Writing is Lucy Calkins at her best-a distillation of the work that's placed Lucy and her colleagues at the forefront of the teaching of writing for over thirty years. This book promises to inspire teachers to teach with renewed passion and power and to invigorate the entire school day. This is a book for readers who want an introduction to the writing workshop, and for those who've lived and breathed this work for decades. Although Lucy addresses the familiar topics-the writing process, conferring, kinds of writing, and writing assessment- she helps us see those topics with new eyes. She clears away the debris to show us the teeny details, and she shows us the majesty and meaning, too, in these simple yet powerful teaching acts. Download a sample chapter for more information.
