English is the dominant language of international business relations, and a good working knowledge of the language is essential for today's legal or business professional. Legal English provides a highly practical approach to the use of English in commercial legal contexts, and covers crucial law terminology and legal concepts. Written with the needs of both students and practitioners in mind, this book is particularly suitable for readers whose first language is not English but need to use English on a regular basis in legal contexts. The book covers both written and oral legal communication in typical legal situations in a straightforward manner. As well as including chapters on

grammar and punctuation for legal writing, the book features sections on contract-drafting, language for negotiation, meetings and telephone conversations. This edition contains additional troubleshooting tips for legal writing, guidance on good style, and new sections on writing law essays and applying for legal positions.

*Business and Company Law* CreateSpace  
The recent internationalization and globalization make it inevitable to communicate successfully on a global level. English is one of the most frequently used languages for this specific purpose. Being able to properly communicate in English is a major selection criterion, especially for young professionals lacking practical experience. Legal English plays a major role for communication and practicing in law firms globally. Offices involved in international jurisdictions are reliant on this language and its use affects the outcome of processes, lawsuits and

even success rates. This publication examines the role of English Legalese in the legal context for law firms not only residing in an Anglophone area. In order to debate this essential question, the author explains the historical background and the differences between Standard English and English Legalese. The publication gives relevant reasons why applying this language is a very efficient process, yet the downsides of using a very specific language need to be considered. Management should be very aware of the importance and impact this language can have on the overall prosperity of a company. In this book: - Business English; - lawyer; - young professionals; - coaching; - organizational psychology; - adult education

The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.

Anchor Linguists and lawyers from a range of countries and legal systems explore the language of the law and its participants, beginning with the role of the forensic linguist in legal proceedings, either as expert witness or in legal language reform. Subsequent chapters analyze different aspects of language and interaction in the chain of events from a police emergency call through the police interview context and into the courtroom, as well as appeal court and alternative routes to justice. A broad-based, coherent introduction to the discourse of language and law.

#### **Essential Legal English in Context**

Independently Published This book provides the first comprehensive analysis of the impact of globalization on the Indian legal profession. Employing a range of original data from twenty empirical studies, the book details the emergence of a new corporate legal sector in India including large and sophisticated law firms and in-house legal departments, as well as legal process outsourcing companies. As the book's authors document, this new corporate legal sector is reshaping other parts of the Indian legal profession, including legal education, the development of pro bono and corporate

social responsibility, the regulation of legal services, and gender, communal, and professional hierarchies with the bar. Taken as a whole, the book will be of interest to academics, lawyers, and policymakers interested in the critical role that a rapidly globalizing legal profession is playing in the legal, political, and economic development of important emerging economies like India, and how these countries are integrating into the institutions of global governance and the overall global market for legal services. *A Novel* Cambridge University Press *Legal English: How to Understand and Master the Language of Law* offers a contemporary guide for students and practitioners alike who want to improve their language skills and build confidence in communicating effectively from the classroom to the courtroom. The second edition has been completely revised and updated to cover all aspects of language as used in a legal context where effective communication is crucial to both academic and professional success.

Comparative Law for Spanish-English Speaking Lawyers provides practitioners and students of law, in a variety of English- and Spanish- speaking countries, with the information and skills needed to successfully undertake competent comparative legal research and communicate with local counsel and clients in a second language. Written with the purpose of helping lawyers develop the practical skills essential for success in today's increasingly international legal market, this book aims to arm its readers with the tools needed to translate unfamiliar legal terms and contextualize the legal concepts and practices used in foreign legal systems. *Comparative Law for Spanish-English Speaking Lawyers / Derecho comparado para abogados anglo- e hispanoparlantes*, escrita en inglés y español, persigue potenciar las habilidades lingüísticas y los conocimientos de derecho comparado de sus lectores. Con este propósito, términos y conceptos jurídicos esenciales son explicados al hilo del análisis riguroso y

transversal de selectas jurisdicciones hispano- y angloparlantes. El libro pretende con ello que abogados, estudiantes de derecho y traductores puedan trabajar en una segunda lengua con solvencia y consciencia de las diferencias jurídicas y culturales que afectan a las relaciones con abogados y clientes extranjeros. La obra se complementa con ejercicios individuales y en grupo que permiten a los lectores reflexionar sobre estas divergencias. *The Merchant of Venice* GRIN Verlag Knowledge of legal language and the ability to use it effectively are essential requirements for students who have chosen to study law. A comprehensive course in English specially prepared for undergraduate students of law, this book aims to train students in both these aspects.

Bloomsbury Publishing

Jack Tobin, the main character of *The Mayor of Lexington Avenue* returns in this non-stop novel that combines enthralling plot twists with some of the best courtroom fiction being written today. Tobin, known as the lawyer's lawyer--the guy the best lawyer's say they'd want to represent them in a courtroom battle--undertakes the representation of a serial killer who he believes to be innocent. The Chief of Police is outraged, the citizens of Oakville where the murders occurred, erupt, and the State Attorney is out for blood as Jack challenges the criminal justice system once again. Sheehan masterfully weaves stories of love and friendship into one man's uncompromising search for truth within the four corners of a courtroom where it is often spoken about but seldom seen. Jack is in a fight for his life and the outcome is in doubt right up to the turn of the final page. A trial lawyer himself, James Sheehan is also a top-notch thriller writer. Once again he succeeds in translating the depth of his courtroom knowledge into an entertaining and truly fascinating read.

The highly original satire about Oedipa Maas, a woman who finds herself enmeshed in a worldwide conspiracy, meets some extremely interesting characters and attains a not inconsiderable amount of self-knowledge.

### ENGLISH AS A LEGAL LANGUAGE

Springer

Virtually all American judges are former lawyers. This book argues that these lawyer-judges instinctively favor the legal profession in their decisions and that this bias has far-reaching and deleterious effects on American law. There are many reasons for this bias, some obvious and some subtle. Fundamentally, it occurs because - regardless of political affiliation, race, or gender - every American judge shares a single characteristic: a career as a lawyer. This shared background results in the lawyer-judge bias. The book begins with a theoretical explanation of why judges naturally favor the interests of the legal profession and follows with case law examples from diverse areas, including legal ethics, criminal procedure, constitutional law, torts, evidence, and the business of law. The book closes with a case study of the Enron fiasco, an argument that the lawyer-judge bias has contributed to the overweening complexity of American law, and suggests some possible solutions.

*How to Understand and Master the Language of Law* Vintage

Despite international conventions and human rights declarations, millions of people have suffered and continue to suffer torture, slavery, or violent deaths, with no remedy or recourse. They have fallen, in essence, "below the law," outside of law's protection. Often violated by their own governments, sometimes with support from transnational corporations, or nations benefiting from human rights violations, how can these victims find justice? *Lawyers Beyond Borders* reveals the inner workings of the advances and retreats in the quest for redress and restoration of human rights for those whom international legal-political systems

have failed. The process of justice begins in the US, with a handful of human rights lawyers steeped in the American tradition of advancing civil rights through civil litigation. As the civil rights movement gained traction and an ample supply of lawyers, this small cadre turned their attention toward advancing international human rights, via the US legal system. They sought to build another piece of the rights revolution, this time for survivors of egregious human rights violations in faraway lands. These cases were among the most unlikely to be slated for victory: The abuses occurred abroad; the victims are aliens, usually with few, if any, resources; the perpetrators are politically powerful, resourced, and well connected, often members of governments, militaries, or multinational corporations. The legal and political systems' structures are mostly stacked against these survivors, many who bear the scars of trauma and terror. *Lawyers Beyond Borders* is about agency. It is about how, in the face of powerful interests and seemingly insurmountable obstacles—political, psychological, economic, geographical, and physical—a small group of lawyers and survivors navigated a terrain of daunting barriers to begin building, case-by-case, new pathways to justice for those who otherwise would have none.

### THE LAWYER'S ENGLISH LANGUAGE COURSEBOOK

Center Street

#1 NEW YORK TIMES BESTSELLER • Michael Brock is billing the hours, making the money, rushing relentlessly to the top of Drake & Sweeney, a giant D.C. law firm. One step away from partnership, Michael has it all. Then, in an instant, it all comes undone. A homeless man takes nine lawyers hostage in the firm's plush offices. When it is all over, the man's blood is splattered on Michael's face—and suddenly Michael is willing to do the unthinkable. Rediscovering a conscience he lost long ago, Michael is leaving the big time for the streets where his attacker once lived—and where society's powerless need an advocate for justice. But there's one break Michael can't make: from a secret that has floated up from the depths of Drake & Sweeney, from a confidential file that is now in Michael's hands, and from a conspiracy that has already taken lives. Now Michael's former partners are about to become his bitter enemies. Because to them, Michael Brock is the most dangerous man on the streets. The Legal English Manual Cambridge University Press

"English as a Legal Language is a lawyer's

plain language guide to English legal terminology. Anyone who finds it difficult to express legal terms in English simply looks under the general heading to find the relevant terms and their usage. This book can also be used to find explanations of words from a translating dictionary. Further, it is structured as a thesaurus, organized according to topic with an alphabetical index. More and more, lawyers need the English language. But attempts to convert the language to meet one's own purpose often result in misconceptions. English legal language has its roots in the Anglo-American legal tradition and the non-native speaking lawyer may have difficulty understanding a word choice in English without also seeing how it fits into legal thinking and relates to other words in the subject area as a whole. "English as a Legal Language offers a comparative lexicon of US and UK legal systems, with references to European legal systems. Special features of this work include: - The vocabulary of an entire area of law in each section; - A verb section which provides guidance on substantives, adjectives, adverbs, phrases, usage, as well as sample sentences and clues about typical mistakes; and - An index which gives an alphabetical rendition of the topically ordered definitions - essential for words that have multiple definitions. All lawyers working in English, and especially continental European lawyers, will find this book indispensable in their practices. The book is also of prime interest to business people, accountants, translators, legal secretaries and students. It will enable all practitioners and academics to express complex ideas in English, to understand the intricacies of English as a legal language, and to avoid the potential mishaps, when language barriers prevent a true meeting of minds.

### THE STREET LAWYER

Routledge

This practical handbook provides a comprehensive overview of professional legal language and practical skills. Prepared by native English-speaking lawyers, the book includes professional legal English terminology, practice-oriented examples and sample documents for use in your daily practice. Structured to provide a legal focus, a language focus as well as a practical focus, it helps you apply your professional legal expertise competently in various English-language situations.

*Using Language in Legal Contexts* Bond Street Books

An essential handbook for international

lawyers and students. Focusing on vocabulary, *Essential Legal English in Context* introduces the US legal system and its terminology. Designed especially for foreign-trained lawyers and students whose first language is not English, the book is a must-read for those who want to expand their US legal vocabulary and basic understanding of US government. Ross uses a unique approach by selecting legal terms that arise solely within the context of the levels and branches of US government, including terminology related

to current political issues such as partisanship. Inspired by her students' questions over her years of teaching, she includes a vast collection of legal vocabulary, concepts, idioms, and phrasal verbs and unpacks concepts embedded in US case law, such as how the US constitutional separation of powers may affect a court's interpretation of the law. The handbook differentiates basic terms in civil and criminal cases and compares terms that may seem similar because of close spellings but in fact have different meanings. For instance, what is the

distinction between "taking the stand" and "taking a stand?" What is the difference between "treaties" and "treatises"? Featuring illustrations and hands-on exercises, *Essential Legal English in Context* is a valuable self-study resource for those who want to improve their legal English terminology before entering a US law school, studying US law or government, or working as a seconded attorney to a US law firm. Instructors can use the handbook in an introductory US legal English course.
