You Don't Need to Make Millions to Get Rich. Believe Me. This comprehensive 8-step guide provides the blueprint to achieve financial freedom at a young age, regardless of income. No B.S., just answers. In Get Rich Action Plan, you will learn the lifelong habits to become financially independent sooner than you thought possible. Do we really need another personal finance book? YES. The outdated status quo advice of "Save 10% for 40+ years" simply doesn't work. It's time to rethink the conventional wisdom

that only serves to continue the vicious cycle of wage slavery and the "live to work" mentality. In an age of globalization and abundance, I'm here to tell you there is another way! It is time to change how we think about personal finance, budgeting, and investing. The 8 steps in this book each work in unison to create a rapid snowball effect that will make your money work for you immediately, so you can afford time off of work or even retire in your 30's. From saving money to investing to growing your income, all of the specifics are covered in this action plan. Get Started on the Right Foot and Change How You Think About Finances I have never made much money by Western standards. In fact, I have never made more than a middle class income. But by employing these strategies, I was able to increase my

net worth dramatically at a very young age. It took only 6 years of full-time employment to build an "FU money" fund of hundreds of thousands of dollars, providing me the freedom to travel and take time off of work to pursue other interests. I was able to do this by quickly taking action and ignoring conventional advice. After years of trial and error, I have developed a strategy and philosophy that simply works. And I want to share with you everything I have done to build this large nest egg. I have nothing to hide. The truth is that the path to wealth is not complicated, and you do not need to make millions to get there. More and more of us are realizing that financial freedom is possible in 10 years or less. But the media will never tell you this. Your politicians will never tell you this. They want you to live

to work instead of work to live. Now is the time to flip the script and live free! The Time To Take Action Was Yesterday. The Next Best Time is Now. Whether you are in your 20's and looking for sound advice to get started, or you're later in your career and haven't really thought about financial freedom, it's not too late to start! Once you put these systems in place, financial independence will no longer be a lifelong battle. Ditch the 40-year plan and live the life you want to live. Get started today!

BONUS MATERIAL INCLUDED I'm also excited to share FREE bonus material that highlights "27 Ways I Slashed My Budget By \$1818 Per Month." A link to the free PDF is included in the book! Adhering to the strategies in this book and in the free bonus guide will grow your net worth by thousands in the first year and hundreds of thousands over your lifetime! What are you waiting for? Book Praise & Reviews ""As a how-to guide, this book contains everything you may need to know to turn your passions into profits."" Bill Bartmann (Billionaire entrepreneur, author, speaker, educator) Read & Give Program A portion of the sale of this book is donated to charity. Book Description Are you unhappy in your job? Are you tired of living paycheck to paycheck and feel like you just don't have enough money, skills, or education to turn your life around? Even if you're not sure you know what it is you like to do, you can change your life and get rich doing it, says entrepreneur Duane Harden in his wise and entertaining new book, 5 Easy Steps to Financial Freedom: Do What You Love & Get Rich Doing It. Turning your passion into a profitable business is easy, fast, and fun, says Harden, and you can become rich in just five easy steps. First, start by saying yes to financial freedom. Attitude is everything and as the Law of Attraction states, what you put out into the universe is often what you attract. If you imagine yourself financially secure and happy, you

will be. Imagining a new life for yourself is the inspiration you need to go out and do the concrete things to turn your dreams into a reality. Conversationally written and filled with humorous drawings, helpful worksheets, and key tips, *5 Easy Steps to Financial Freedom* also offers a 90-day action plan that includes blueprints for success that Harden himself used to build his wealth. His own journey included the purchase of numerous real-estate properties, opening a restaurant, starting a music company, and much more. Harden gives you "Life Assignments" that get you thinking and acting differently. Beware of what he calls the "crabs in a pot" mentality, where everyone is trying to pull everyone else down in order to struggle to the top. Instead, he advises, think positively. Stay away from the naysayers and feed your dream. Soon you will realize that your inner life is reflected in your outer life. Harden helps you to discover the real you, what you want, and how much money you want to be there for you now and in the future. He explains how the real difference between rich people and poor people is fear and an unwillingness to keep an open mind to new opportunities. Rich people are not afraid to take risks, and well-planned risks almost always pay off. Success, he reminds you, is your birthright and it's your job to claim it. Review your credit and your financial house. Clean up the clutter in your life, whether it is the wrong way of thinking or a messy desk. Discover what really makes you tick because when you love what you do it's never really work, and when passion is present the money will miraculously follow. Keep daily positive reminders taped where you can see them, or even have a vision board filled with photographs of where you want to be in life. Write your resignation letter to your boss, but don't send it yet. Just the act of writing it puts you in the right frame of mind for moving on to something much better. "You are what you think and will become what you dream," says Harden. You'll learn to be a PIG (passive income generator) Farmer, which requires little work but makes you tons of money. *5 Easy Steps to Financial Freedom* shows you how to go from rags to riches and is understandable and easy to read. This invaluable guide will change your life!

Young, unmarried, with no resources to speak of, she's forced to flee home and hide out with her aunt on a ranch in a western mining town. She's just passing through on her way farther West, and it's a good thing, too: she can't stand the ranch owner. He's rowdy, immature...and undeniably attractive. I'll Get That Job! Hay House, Inc

Our lives are spent watching the clock. We go to sleep by it. Wake up to it. Rely on it. Race it. It's easy to forget that we're only given so much. We ignore it because we're convinced we'll always have more. I am proof that we aren't promised anything. The clock owes us nothing. I know this because not only was Time my name, I wasn't given enough of it. Sure I had challenges but I vowed to make the most of it, of my young life. My limitations wouldn't hold me back. Time was on my side. Then I was told otherwise. Now the clock was working against me. I would face this disease alone. Then he walked in and changed everything. He gave me a reason to fight. He helped me prepare. Like others before me, when time slowed I wasn't ready. I begged for more. But the clock, it stopped for no one. On the day my world went black, I refused to take him with me. Only he didn't listen. I was a doctor. A bringer of bad news. I read the chart. She was fucked. My hands, they were tied. I was a doctor who could not heal what was beyond that door. I had no hope to offer her. But I wanted this over with. The sooner the better. I walked in, looked up and saw color. Not one. All of them. They surrounded her. She was a patient. You did not cross that line. I would not cross that line. I should

have kept my eyes closed. Life was easier when you didn't see. But they were open now. They saw her. They saw everything. Suddenly invisible lines ceased to matter. For me, Time mattered. How far would you go to make sure the one you loved had enough of it? Would you challenge the clock? Help them prepare? Could you watch them suffer? Could you accept a life without them in it? Or, would you follow them into the darkness? I did. This is our story. [Do What You Love and Get Rich Doing It](#) Createspace Independent Publishing Platform
