wage, overtime pay, recordkeeping, and youth labor. Information on the Fair Labor Standards Act (FLSA) Standardization or standardisation is the process of implementing and developing technical standards based on the consensus of different parties that include firms, users, interest groups, standards organizations and governments. Standardization can help maximize

compatibility, interoperability, safety, repeatability, or quality. It can also facilitate commoditization of formerly custom processes. Standardization - Wikipedia The No Child Left Behind Act of 2002 (NCLB) was a U.S. Act of Congress that reauthorized the Elementary and Secondary Education Act; it included Title I provisions applying to disadvantaged students. It supported

standards-based education reform based on the premise that setting high standards and establishing measurable goals could improve individual outcomes in education.
