O cale ușoară și eficientă de a-ți forma obiceiuri bune și a scăpa de cele proaste Schimbări mici, rezultate remarcabile „O carte extrem de practică și utilă. James Clear extrage informațiile fundamentale despre formarea obiceiurilor, astfel ca tu să poți realiza mai mult concentrându-te pe mai puține lucruri.” - Mark Manson, autorul bestsellerului Arta subtilă a nepăsării „James Clear a petrecut ani de zile perfecționând arta și studiind știința obiceiurilor. Această carte antrenantă și practică este ghidul de care ai nevoie ca să scapi de deprinderile proaste și să-ți formezi unele bune.” - Adam Grant, autorul bestsellerurilor Originalii și Option B. Inspirându-se din cele mai noi descoperiri din biologie, psihologie și neuroștiințe, James Clear a conceput un ghid ușor de asimilat, cu ajutorul căruia obiceiurile bune devin inevitabile, iar cele rele, imposibile. Învață: \* să-ți construiești un sistem pentru a deveni cu 1% mai bun în fiecare zi; \* să renunți la obiceiurile rele și să le păstrezi pe cele bune; \* să eviți greșelile comise în general de cei care încearcă să-și schimbe obiceiurile; \* să depășești lipsa

de motivație și de voință; \* să-ți dezvolti o identitate mai puternică și să crezi în tine însuși; \* să-ți faci timp pentru noile obiceiuri (chiar și când viața o ia razna); \* să-ți concepi un mediu care să favorizeze succesul; \* să faci schimbări mici, ușoare, care oferă rezultate mari; \* să-ți revii atunci când te abați de la drum; \* și, cel mai important, cum să aplici aceste idei în viața reală... .. și multe altele Indiferent dacă e vorba de o echipă care încearcă să câștige un campionat, o organizație care speră să redefinească o industrie sau pur și simplu un om care vrea să se lase de fumat, să slăbească, să reducă stresul ori să realizeze orice alt obiectiv, Atomic Habits este soluția. „Nu mă consider un expert și nu dețin toate răspunsurile, dar sunt fericit să împărtășesc ceea ce am învățat până acum.” - James Clear „O carte deosebită, care îți va schimba felul în care îți organizezi ziua și îți trăiești viața.” - Ryan Holiday, autorul bestsellerurilor The Obstacle is the Way și Ego is the Enemy „În Atomic Habits, Clear îți va arăta cum să depășești lipsa de motivație, cum să schimbi mediul înconjurător ca să încurajezi succesul și cum să-ți faci timp pentru obiceiuri noi și mai bune.” - Glamour.com

Journey to Well Michael E. Gerber Companies

Do you worry that your business will collapse without your constant presence? Are you sacrificing your family, friendships, and freedom to keep your business alive? What if instead your business could run itself, freeing you to do what you love when you want, while it continues to grow and turn a profit? It's possible. And it's easier than you think. If you're like most entrepreneurs, you started your business so you could be your own boss, make the money you deserve, and live life on your own terms. In reality, you're bogged down in the daily grind, constantly putting out fires, answering an endless stream of questions, and continually hunting for cash. Now, Mike Michalowicz, the author of *Profit First* and other small-business bestsellers, offers a straightforward step-by-step path out of this dilemma. In *Clockwork*, he draws on more than six years of research and real life examples to explain his simple approach to making your business ultra-efficient. Among other powerful strategies, you will discover how to: Make your employees act like owners: Free yourself from micromanaging by using a simple technique to empower your people to make smart decisions without you. Pinpoint your business's most important function: Unleash incredible efficiency by identifying and focusing everyone on the one function that is most crucial to your business. Know what to fix next: Most entrepreneurs try to fix every inefficiency at once and end up fixing nothing. Use the "weakest link in the chain" method to find the one fix that

will add the most value now. Whether you have a staff of one, one hundred, or somewhere in between, whether you're a new entrepreneur or have been overworked and overstressed for years, Clockwork is your path to finally making your business work for you.

Entrepreneurs often suffer from "superhero syndrome"—the misconception that to be successful, they must do everything themselves. Not only are they the boss, but also the salesperson, HR manager, copywriter, operations manager, online marketing guru, and so much more. It's no wonder why so many people give up the dream of starting a business—it's just too much for one person to handle. Small business owners, consultants, and online entrepreneurs don't have to go it alone when they discover the power of building teams of virtual employees to help run, support, and grow their businesses. *Virtual Freedom: How to Work with Virtual Staff to Buy More Time, Become More Productive, and Build Your Dream Business* is the step-by-step guide every entrepreneur needs to build his or her business with the asset of working with virtual employees. The bestselling author of the phenomenally successful essential entrepreneur handbook *The E-Myth Revisited* presents the next big step in entrepreneurial management and leadership. In this practical, real-world program that can be implemented real-time into any business, Michael E. Gerber begins by explaining why the entrepreneur is so critical to the success of any enterprise, no matter how small or large it may be, and why the mindset of an entrepreneur is so integral to the operating reality of the organization. He then covers seven essential skills: leadership, marketing, money, management, lead conversion, lead generation, and client fulfillment. *E-Myth Mastery* shows readers the difference between being an entrepreneur and doing a job, and teaches them how to get money when banks won't help, how to expand their customer bases when big business moves in down the street, and how to make sure their businesses keep their promises every single time.

This is the first book to explain how the fundamentals of marketing strategy must change in response to this broad-based increase in wealth. The authors specifically address how to fine tune a mass marketing approach that captures the value created from greater consumer affluence. After years of expensive and largely ineffective attempts at one-to-one marketing and other complex varieties of microsegmentation, the business

environment is ripe for a switch back to the relative simplicity of a mass marketing mindset. Flouts conventional wisdom: the authors in-depth research uncovered that today's moneyed masses are completely different than the mass market of decades past in terms of how much they have to spend and what they are willing to spend it on. Reveals the mass marketing strategies a range of companies have already successfully used to hit pay dirt with products ranging from oral care to laundry detergent to exotic automobiles.

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry

Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 The first and most important commitment to the extraordinary is personal. A true E-Myth entrepreneur on her way to building a World Class Company is committed to seeing herself as she really is, beyond the optimism, focused passion, and willingness to take risks that are common to all. #2 The journey to find the entrepreneur begins with understanding what entrepreneurship is and what it means to you. It is not a trait, quality, or characteristic possessed by a rare few. It belongs to each and every one of us. It is a legacy, a birthright, which we are free to ignore, claim, or reject. #3 The E-Myth is the entrepreneurial myth. It says that most small businesses fail because they are not founded by entrepreneurs, but by technicians, suffering from an entrepreneurial seizure. #4 The E-Myth

says that all technicians, anyone who does technical work of any kind, make the same fatal assumption: that because they understand how to do the technical work of their business, they understand how to build a business that does that work. However, this is untrue.
