Harmony

Watch out world — I'm ready to date again. The seven years I invested in my ex left me with nothing but scorch marks from the way he peeled out and left me at the altar. I'm not looking to put my heart into a relationship any time soon. But getting back out there? That sounds like a helluva good idea to get my groove back. Then I bump into Chris....Clever and funny, with a sexy

surfer's bod and a brilliant nerd brain, he has just the right screwdriver to fix my hard drive. (Yes, the one for my computer.) I wouldn't mind dating him. The trouble is he just proposed to me—to be the new dating guru on his TV show. Now he's my new business partner. What happens when you meet the right person at the wrong time? Note: Back in the day, I wrote a book called TROPHY HUSBAND, and though it's no longer available for sale, the characters of Chris and McKenna

seemed to demand another chance in the spotlight. THE DATING PROPOSAL is a complete reimagining of their romance, with 85 percent brand-new material, a fresh plot, and vastly expanded characterizations so you can come to know and love Chris and McKenna like I do. Enjoy!

### **Erotica by Anaïs Nin**

Harvard University Press  
*Opinionated*, unconventional Ayla Hawkins isn't the type to use blackmail, but sometimes a girl has to stand up for what's right. So when she catches Mr. Perfect Luke Pressler doing something decidedly un-perfect, Ayla's got the dirt she needs to get Luke on her side—in the form of her new fake boyfriend. One mistake. All Luke wanted

was a night to goof off, to blow off steam. The next thing he knew, he was pretending to date Ayla Hawkins. But his little blackmailer turns out to be kind. Honorable. And just the breath of fresh air he didn't even realize he was suffocating for. But Luke and Ayla come from different worlds, and once the terms of their agreement end, their fauxmance will, too. Disclaimer: This Entangled Teen Crush book features adult language, sexual situations, and plenty of

girl power. Reading may result in swooning, laughing, and looking for a Luke of your own.

### **Archetypal Image of Mother and Daughter**

Jason Aronson

The holistic approach to medicine recognizes that the root cause of disease frequently lies in an energy block at a physical, mental or emotional level, and that true healing occurs when the block is released. At the emotional level these energy blocks may be caused by trauma arising from family problems,

difficult early-life experiences, or violence or abuse of one kind or another. Homoeopathic remedies can go right to the core of the trauma, release the energy block, and bring about a cure. [69 Stories of Sudden Sex](#) JZK Publishing From influential feminist artist and essayist Anais Nin, Delta of Venus is one of the most important works of modern female erotica and "a joyous display of the erotic imagination" (The New York Times Book Review). Anais Nin pens a lush,

magical world where the characters of her imagination possess the most universal of desires and exceptional of talents. Among these provocative stories, a Hungarian adventurer seduces wealthy women then vanishes with their money; a veiled woman selects strangers from a chic restaurant for private trysts; and a Parisian hatmaker named Mathilde leaves her husband for the opium dens of Peru. This is an extraordinarily rich and exotic collection from a master of erotic

writing. "Inventive, sophisticated . . . highly elegant naughtiness."??—??Cosmopolitan  
The Mummy at the Dining Room Table Bantam  
 Finding out that a child, spouse, relative or friend is homosexual can be an unwelcome surprise. You're hit with a complex combination of emotions - grief, shame, fear, guilt. You are flooded with questions ranging from why to what's next. You wonder what a biblical response would be. At the same time, someone you

care about deeply may be awaiting your response. What should you say? Someone I Love Is Gay was created out of Anita Worthen's struggle over these issues with her son and her work with New Hope Ministries in San Rafael, California, and Bob Davies's personal experience and professional experience with Exodus International in Seattle, Washington. Drawing also on the experiences of others, they will help you to handle your feelings while responding appropriately

to your loved one.

Alberto Villoldo, a classically trained medical anthropologist, has studied shamanic healing techniques among the descendants of the ancient Inkas for more than twenty years. In *Shaman, Healer, Sage*, he draws on his vast body of knowledge to create a practical and revolutionary program based on the traditional

healing methods used by these shamans -- methods that, until now, have been inaccessible to most of the world. Villoldo explains that central to shamanic healing is the concept of the Luminous Energy Field that is believed to surround our material bodies. His book teaches us to see and influence the imprints that disease leaves on this field and thereby to heal ourselves and others, as well as prevent illness. Villoldo weaves wonderful teaching stories throughout about the

healing power of the energy medicine of the Americas. In one story, Villoldo comes down with pneumonia while in Peru. When antibiotics fail to control the infection, his mentor, the shaman Don Antonio, uses the process of Illumination to remove the toxins that had invaded Villoldo's body. These same shamanic techniques later allowed Villoldo to remove stagnant energy from a young woman whose marriage was suffering due to her past experience with

abandonment. With the aid of shamanic work, the woman regained her trust in others, and her marriage was revitalized. This book is rich with ancient wisdom and contemporary techniques we can use to help ourselves and others, as well as with the more advanced methods of master shamans, which are being brought to a wide audience for the first time.

Just as Alix Madsen is finishing up architectural school, Adelaide Kingsley dies and wills her, for one year, the use of a charming nineteenth-century Nantucket house. Alix accepts the quirky bequest, in part because it gives her time to plan her best friend's storybook wedding. But it seems that Adelaide Kingsley had a rather specific task for Alix: to solve the strange disappearance of one of the Kingsley women, Valentina, more than two hundred years ago. If that

wasn't troubling enough, Alix must deal with the arrogant (and extremely good-looking) architect Jared Montgomery, who is living in the property's guesthouse and who harbours secrets of his own. As sparks fly, the ghosts of the past begin to reveal themselves. Finding their lives inextricably entwined with the turbulent fortunes of their ancestors, Alix and Jared discover that only by righting the wrongs of the past can they hope to be together.

Codependents' Guide to the Twelve Steps Cleis Press

This is a book about men who love women. But it is not a collection of love stories. It is a study of the secret, erotic fantasies that men have always kept hidden, a taboo-shattering investigation that reveals the deepest, most conflicting feelings that men have about women, men and their own sexuality. Men in Love goes beyond the

socio-sexual cliché of woman seen as either madonna or whore to reveal the conflict of love and rage at the centre of men's emotions and erotic desires. Based on thousands of candid responses from men ranging from their teens to their sixties, *Men in Love* - startling and shocking - will change men's deepest feelings about their sexuality and make the women who care about them understand them as never before.

How did we become the linguistic, cultured, and hugely successful apes that we are? Our closest relatives--the other mentally complex and socially skilled primates--

offer tantalizing clues. In Tree of Origin nine of the world's top primate experts read these clues and compose the most extensive picture to date of what the behavior of monkeys and apes can tell us about our own evolution as a species. It has been nearly fifteen years since a single volume addressed the issue of human evolution from a primate perspective, and in that time we have witnessed explosive growth in research on the subject. Tree of Origin gives us the

latest news about bonobos, the make love not war apes who behave so dramatically unlike chimpanzees. We learn about the tool traditions and social customs that set each ape community apart. We see how DNA analysis is revolutionizing our understanding of paternity, intergroup migration, and reproductive success. And we confront intriguing discoveries about primate hunting behavior, politics, cognition, diet, and the evolution of language and intelligence that challenge

claims of human uniqueness in new and subtle ways. Tree of Origin provides the clearest glimpse yet of the apelike ancestor who left the forest and began the long journey toward modern humanity.
