## ASHLEY WOODARD

**Guards! Guards!** Gollancz

It is a truth universally acknowledged that a policeman taking a holiday would barely have had time to open his suitcase before he finds his first corpse. And Commander Sam Vimes of the Ankh-Morpork City Watch is on holiday in the pleasant and innocent countryside, but not for him a mere body in the wardrobe. There are many, many bodies and an ancient crime more terrible than murder. He is out of his jurisdiction, out of his depth, out of bacon sandwiches, occasionally snookered and out of his mind, but never out of guile. Where there is a crime there must be a finding, there must be a chase and there must be a punishment. They say that in the end all sins are forgiven. But not quite all...

## MAKING MONEY

Gollancz

It's the night before Hogswatch. And it's too quiet. Superstition

makes things work in the Discworld, and undermining it can have consequences. It's just not right to find Death creeping down chimneys and trying to say 'Ho Ho Ho...' It's the last night of the year, the time is turning, and if Susan, gothic governess and Death's granddaughter (sort of), doesn't sort everything out by morning, there won't be a morning. Ever again... Adapted by Terry Pratchett's long-time collaborator Stephen Briggs, this play text version of Pratchett's bestselling Discworld novel Hogfather wittily and faithfully reimagines the story for the stage.

**The World of Poo** Harper Collins

This collection includes all four Tiffany Aching novels in Terry Pratchett's beloved and bestselling Discworld series. The Wee Free Men: Armed with only a frying pan and her common sense, young witch-to-be Tiffany Aching must defend her home against the monsters of Fairyland. Luckily she has some very unusual help: the local Nac Mac Feegle—aka the Wee Free Men—a clan of fierce, sheep-stealing, sword-wielding, six-inch-high blue men. Together they must face headless horsemen, ferocious grimhounds, terrifying dreams come true, and ultimately the

sinister Queen of the Elves herself. . . . A Hat Full of Sky: Tiffany Aching is ready to begin her apprenticeship in magic. She expects spells and magic—not chores and ill-tempered nanny goats! Surely there must be more to witchcraft than this! What Tiffany doesn't know is that an insidious, disembodied creature is pursuing her. In the end, it will take all of Tiffany's inner strength to save herself ... if it can be done at all. Wintersmith: When the Spirit of Winter takes a fancy to Tiffany Aching, he wants her to stay in his gleaming, frozen world. Forever. It will take the young witch's skill and cunning, as well as help from the legendary Granny Weatherwax and the irrepressible Wee Free Men, to survive until Spring. Because if Tiffany doesn't make it to Spring—Spring won't come. I Shall Wear Midnight: As the witch of the Chalk, Tiffany Aching performs the distinctly unglamorous work of caring for the needy. But someone—or something—is inciting fear, generating dark thoughts and angry murmurs against witches. Tiffany must find the source of unrest and defeat the evil at its root. Aided by the tiny-but-tough Wee Free Men, Tiffany faces a dire challenge, for if she falls, the whole Chalk falls with her. . . .

### THE SHIRES OF MIDDLE ENGLAND

St. Martin's Paperbacks

A short but perfectly formed complete Discworld novel, fully illustrated in lavish colour throughout, THE LAST HERO is an essential part of any Discworld collection. It stars the legendary Cohen the Barbarian, a legend in his own lifetime. Cohen can remember when a hero didn't have to worry about fences and lawyers and civilisation, and when people didn't tell you off for killing dragons. But he can't always remember, these days, where he put his teeth... So now, with his ancient sword and his new walking stick and his old friends - and they're very old friends - Cohen the Barbarian is going on one final quest. He's going to climb the highest mountain in the Discworld and meet his gods. The last hero in the world is going to return what the first hero stole. With a vengeance. That'll mean the end of the world, if no one stops him in time.

**Thorn** Bloomsbury Publishing

"The 39th installment in the New York Times bestselling "Discworld" canon from Terry Pratchett, "the purely funniest English writer since Wodehouse." (Washington Post Book World)" - Provided by publisher.

*Hogfather* Harper Collins

Vuelve el universo fantástico de Mundodisco. Incluso cuando se va de vacaciones, el comandante Sam Vimes demuestra ser un policía hasta la médula. Lady Sybil ha conseguido por fin convencer a su marido, Sam Vimes, el comandante de la Guardia de Ankh-Morpork, de tomarse unas vacaciones. Pero conforme ella planifica unos merecidos días de descanso en el campo, él hace lo imposible para no abandonar su despacho. ¿El problema? El urbanita Vimes odia el campo: tanto aire fresco, tanto cantar de pájaros y, gracias a su bienintencionada esposa, tan escasos bocatas de beicon. Mientras Sybil toma el té en sociedad y su hijo se dedica a explorar la naturaleza, Vimes no puede evitar hacer alguna que otra pesquisa. Al fin y al cabo, un policía de verdad es capaz de encontrar delitos en cualquier parte, todo es cuestión de paciencia. Efectivamente, Vimes no tarda en dar con un cadáver... Y tendrá que recurrir a su astucia, su olfato, su larga experiencia y el apoyo de su prodigioso mayordomo para resolver el caso. Desde hace casi tres décadas, Terry Pratchett fascina a millones de lectores en todo el mundo con sus novelas brillantemente divertidas y satíricas ambientadas en el Mundodisco, un universo fantástico profundamente original, que no obstante guarda parecido con el nuestro. Reseña: «Pratchett es un narrador magistral. Su inventiva es inagotable.» A. S. Byatt,

The Guardian

**The Wit and Wisdom of Discworld** Tor Books

'Some people would be asking: whose side are you on? If you're not for us, you're against us. Huh. If you're not an apple, you're a banana' Koom Valley, the ancient battle where the trolls ambushed the dwarfs, or the dwarfs ambushed the trolls, was a long time ago. But if he doesn't solve the murder of just one dwarf, Commander Sam Vimes of Ankh-Morpork City Watch is going to see it fought again, right outside his office. With his beloved Watch crumbling around him and war-drums sounding, he must unravel every clue, outwit every assassin and brave any darkness to find the solution. And darkness is following him. Oh . . . and at six o'clock every day, without fail, with no excuses, he must go home to read 'Where's My Cow?', with all the right farmyard noises, to his little boy. There are some things you have to do.

*Snuff* Harper Collins

A splendid send-up of government, the postal system, and everything that lies in between in this newest entry in Terry Pratchett's internationally bestselling Discworld series. Convicted con man and forger Moist von Lipwig is given a choice: Face the hangman's noose, or get Ankh Morpork's ancient Post Office up and running efficiently! It was a tough decision . . . Now, the former criminal is facing really big problems. There's tons of undelivered mail. Ghosts are talking to him. One of the postmen is 18,000 years old. And you really wouldn't want to know what his new girlfriend can do with a shoe. To top it all off, shadowy characters don't want the mail moved. Instead, they want him dead—deader than all those dead letters. (And here he'd thought that all he'd have to face was rain, snow, and gloom of night . . .)

*The Time-travelling Caveman* Random House

*Snuff* Harper Collins

**Frivolous Pursuits** Harper Collins

Eighth book of the original and best CITY WATCH series, now reinterpreted in BBC's The Watch 'Snuff is entertaining, with all Pratchett's genius on display' Sunday Express The Discworld is very much like our own - if our own were to consist of a flat planet balanced on the back of four elephants which stand on the back of a giant turtle, that is . . . 'The jurisdiction of a good man extends to the end of the world.' It is a truth universally acknowledged that a policeman taking a holiday would barely have had time to open his suitcase before he finds his first corpse. Commander Sam Vimes of the Ankh-Morpork City Watch is on holiday in the pleasant and innocent countryside, but not for him a mere body in the wardrobe. There are many, many bodies - and an ancient crime more terrible than murder. He is out of his jurisdiction, out of his depth, out of bacon sandwiches; and out of his mind. But never out of guile. Where there is a crime there must be a punishment. They say that in the end all sins are forgiven. Vimes is about to uncover the exception. \_\_\_\_\_

Winner of the Bollinger Everyman Wodehouse Prize for Comic Fiction

*Dangerous Highlander* Harper Collins

The thirteenth novel in the Discworld series from New York Times bestselling author Terry Pratchett. Lost in the chill depths of space between the galaxies, it sails on forever, a flat, circular world carried on the back of a giant turtle— Discworld —a land where the unexpected can be expected. Where the strangest things happen to the nicest people. Like Brutha, a simple lad who only wants to tend his melon patch. Until one day he hears the voice of a god calling his name. A small god, to be sure. But bossy as Hell.

*Snuff (Mundodisco 39)* Doubleday

'They say that the way to a man's heart is through his stomach which just goes to show they're as confused about anatomy as

they gen'rally are about everything else, unless they're talking about instructions on how to stab him, in which case a better way is up and under the ribcage. Anyway, we do not live in a perfect world and it is foresighted and useful for a young woman to become proficient in those arts which will keep a weak-willed man from straying. Learning to cook is also useful.' Nanny Ogg, one of Discworld's most famous witches, is passing on some of her huge collection of tasty and above all interesting recipes, since everyone else is doing it. But in addition to the delights of the Strawberry Wobbler and Nobby's Mum's Distressed Pudding, Mrs Ogg imparts her thoughts on life, death, etiquette ('If you go to other people's funerals they'll be sure to come to yours'), courtship, children and weddings, all in a refined style that should not offend the most delicate of sensibilities. Well, not much. Most of the recipes have been tried out on people who are still alive. Nanny Ogg Gratefully Acknowledges the Assistance in this Literary Argosy of: Mr Terry Pratchett, Mr Stephen Briggs, Mlle Tina Hannan and Master Paul Kidby.

*I Shall Wear Midnight* Harper Collins

From bestselling author Danielle L. Jensen comes a thrilling new novel in the Dark Shores world, a series that Sarah J. Maas called "everything I look for in a fantasy novel." THEIR BATTLES ENDED IN VICTORY Lydia returns to Mudaire to enter training at the healing temple. But instead of fighting to save lives, she's convinced she is doing more harm than good. She delves into the history of the gods only to discover a truth that will change her life forever. His birthright as commander of the Royal Army is finally in his grasp, but Killian feels anything but victorious. Burdened by his past, he embraces the darker side of his mark—and in doing so, risks starting a war. BUT THE WAR HAS ONLY JUST BEGUN Having defeated the tyrant Urcon, Marcus struggles to form a lasting alliance with the Arinoquians. But he is plagued by the knowledge that there is a traitor among his friends, and it could cost him everything that he's fought for. Torn between her growing allegiance to the Thirty-Seventh legion and her need to liberate her people, Teriana finds herself mired in a web of secrets. She embarks upon a path that will either save everyone she loves—or put them all in their graves. Readers may read either Dark Shores or Dark Skies first! Suggested series reading order: 1. Dark Skies or Dark Shores 2. Dark Shores or Dark Skies 3. Gilded Serpent At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*The Centaur's Wife* Random House

Not just another science book and not just another Discworld novella, *The Science of Discworld* is a creative, mind-bending mash-up of fiction and fact, that offers a wizard's-eye view of our world that will forever change how you look at the universe. Can Unseen University's eccentric wizards and orangutan Librarian possibly shed any useful light on hard, rational Earthly science? In the course of an exciting experiment, the wizards of Discworld have accidentally created a new universe. Within this universe is a planet that they name Roundworld. Roundworld is, of course, Earth, and the universe is our own. As the wizards watch their creation grow, Terry Pratchett and acclaimed science writers Ian Stewart and Jack Cohen use Discworld to examine science from the outside. Interwoven with the Pratchett's original story are entertaining, enlightening chapters which explain key scientific principles such as the Big Bang theory and the evolution of life on earth, as well as great moments in the history of science.

*Snuff* HarperCollins

The fourth in a series of Discworld novels starring the young witch Tiffany Aching. As the witch of the Chalk, Tiffany Aching performs the distinctly unglamorous work of caring for the needy. But someone—or something—is inciting fear, generating dark

thoughts and angry murmurs against witches. Tiffany must find the source of unrest and defeat the evil at its root. Aided by the tiny-but-tough Wee Free Men, Tiffany faces a dire challenge, for if she falls, the whole Chalk falls with her. . . .

**The Lost Gate** National Geographic Books

For more than two decades, Terry Pratchett has been regaling readers with tales of Discworld—a flat world balanced on the backs of four elephants, which are standing on the back of a giant turtle, flying through space. It is a world populated by ineffectual wizards and sharp-as-tacks witches, by tired policemen and devious dictators, by reformed thieves and vampires who have sworn to drink no blood. It is a world that is vastly different from our own . . . except when it isn't. Now, in *The Wit and Wisdom of Discworld*, various nuggets of Pratchett's witty commentary and sagacious observations have been compiled by Pratchett expert Stephen Briggs, a man who, they say, knows even more about Discworld than Terry Pratchett. Within these pages, you'll find musings on: Interior decorating: "It's a fact known throughout the universes that no matter how carefully the colors are chosen, institutional decor ends up as either vomit green, unmentionable brown, nicotine yellow, or surgical appliance pink. By some little-understood process of sympathetic resonance, corridors painted in those colors always smell slightly of boiled cabbage—even if no cabbage is ever cooked in the vicinity." (Equal Rites) Travel: "Any seasoned traveler soon learns to avoid anything wished on them as a 'regional speciality,' because all the term means is that the dish is so unpleasant the people living everywhere else will bite off their own legs rather than eat it. But hosts still press it upon distant guests anyway: 'Go on, have the dog's head stuffed with macerated cabbage and pork noses—it's a regional speciality.'" (The Last Continent) Young men: "And then there was the young male walk. At least women swung only their hips. Young men swung everything, from the shoulders down. You have to try to occupy a lot of space. It makes you look bigger, like a tomcat fluffing his tail. The boys tried to walk big in self-defense against all those other big boys out there. I'm bad, I'm fierce, I'm cool, I'd like a pint of shandy and me mam wants me home by nine." (Monstrous Regiment) Class: "'Old money' meant that it had been made so long ago that the black deeds that had originally filled the coffers were now historically irrelevant. Funny, that; a brigand for a father was something you kept quiet about, but a slave-taking pirate for a great-great-great-grandfather was something to boast of over the port. Time turned the evil bastards into rogues, and rogue was a word with a twinkle in its eye and nothing to be ashamed of." (Making Money) . . . and more! Culled from all the Discworld novels, *The Wit and Wisdom of Discworld* confirms Pratchett's place in the pantheon of great satirists and proves why the Chicago Tribune has praised his Discworld as "entertaining and gloriously funny . . . an accomplishment nothing short of magical."

Random House Canada

Hunted meets *The Wrath and the Dawn* in this bold fairytale retelling—where court intrigue, false identities, and dark secrets will thrill fans of classic and contemporary fantasy alike. Princess Alyrra has always longed to escape the confines of her royal life, but when her mother betroths her to a powerful prince in a distant kingdom, she has little hope for a better future. Until Alyrra arrives at her new kingdom, where a mysterious sorceress robs her of both her identity and her role as princess—and Alyrra seizes on the opportunity to start a new life for herself as a goose girl. But as Alyrra uncovers dangerous secrets about her new world, including a threat to the prince himself, she knows she can't remain silent forever. With the fate of the kingdom at stake, Alyrra is caught between two worlds, and ultimately must decide

who she is and what she stands for. Originally self-published as an ebook and now brought to life with completely revised text, Thorn also features an additional short story set in-world, The Bone Knife.

### **SNUFF**

Anchor

When you're four inches high in a world full of giant people, things never go very well for long. After running into trouble at the quarry, the nomes want to go home. The problem is, 'home' is somewhere up in the stars, in some sort of Ship. Masklin must find a way to get to the 'launch' of a 'communications satellite' (whatever that is). And so begins an incredible journey, filled with peril, planes, honking geese . . . and a walking sandwich. The fantastically funny third book of the nomes, from the author of the bestselling Discworld series.

### **GILDED SERPENT**

Harper Collins

Be a MAN in the City Watch! The City Watch needs MEN! (or dwarves or trolls or gargoyles or ...)The City Watch is a bumper

volume in which those noble defenders of Ankh-Morpork, the greatest city of the Discworld\*, come face to face with some of the most heinous crimes in history. GUARDS! GUARDS! Sees some night-time prowler turning (mostly) honest citizens into something resembling small charcoal biscuits. In MEN AT ARMS, there's a murder to be solves so that the world-weary Captain Vimes can be married at noon and retire happily ever after. And in the Discworld Howdunnit FEET OF CLAY, someone is murdering harmless old men and poisoning the Patrician ...and the golems are committing suicide ...\*Which is flat and rides through space on the back of four elephants who stand on the shell of an enormous turtle, as everyone knows.

**Dodger** Harper Collins

A new stage adaptation of one of Pratchett's best-selling novels The Monstrous Regiment in question is made up of a vampire (reformed and off the blood, thank you), a troll, Igor (who is only too happy to sew you a new leg if you aren't too particular about previous ownership), a collection of misfits and a young woman discovers that a pair of socks shoved down her pants is a good way to open up doors in a man's army. "One of the funniest English authors alive" (Independent)
