Secret Letters Project Little, Brown Books for Young Readers

The biggest secret of the Holy Quran is not to keep a thing in secret but to reveal the truths, the mysteries, the concealed, the uncertainties, the unknown, and even to leave its door wide open to the interpretation of its enigmatic letters. When I started this book, I posed two questions: Am I capable of going after this enterprise? Am I allowed to go after it? Searching for the answers, I found them in the positive. I am convinced that whatever is in the Holy Quran is to be revealed and publicized so that the people should benefit from, including its enigmatic letters. The Almighty has not sent them to us to keep their interpretation concealed. Quran is a revelation to be delivered and disclosed to the people as a source of knowledge and leading light, not to go into hiding, which imports no significance. God has enough knowledge to hide from us, as He explains in His book: "And if all trees in the earth were pens, and the sea, with seven more seas [were ink] to help it, the words of Allah could not be exhausted. Lo! Allah is Mighty, Wise (Quran, 31:27)." Thus, Allah has a plethora of knowledge to keep it hidden from us, but what He has sent us down is not to go into hiding. I am convinced that good comes from Allah, and so does knowledge, which is good, as Allah has explained it in Quran: "Whatever good comes to you is from Allah, and whatever evil comes to you is from yourself (Quran, 4:79)." Therefore, on the basis of this verse, not only this good, but all other good deeds also have come and are to come from God. Wisdom, which is the greatest treasure, a special bounty, comes from God first and foremost, as it is explained in the Noble Quran: "He gives

wisdom to whoever He wills and whoever has been given wisdom has been given great good. But no one pays heed except the people of intelligence (Quran, 2:269)."

Delivering the Secret Letters Pantheon God has a special purpose for each person. That includes you. Author Laurel Payne's latest book, *Delivering the Secret Letters*, will convince you that no matter what you are going through—or what you have been through—knowing God's purpose for your life will give you hope and joy. For Laurel, life hasn't always been hope-filled or joyful. It hasn't always been safe or easy, either. Yet it's precisely because of the challenges and difficulties life has given her that she is able to show you in *Delivering the Secret Letters* why today she exudes an unchangeable desire, passion and love for Christ. As you read her life's story, you'll grow confident that your life too will be filled with a special purpose by having a relationship with God as His son or daughter.

In this page-turning middle grade series by New York Times bestseller Margaret Peterson Haddix, Colin and Nevaeh, whose parents own rival junk-removal businesses, uncover mysteries hidden in attics and basements and discover how trash can become treasure. In *The Secret Letters*, Colin and Nevaeh find vintage letters that lead to interlocking mysteries from the 1970s and '80s, and they learn about "women's lib," the ERA, and other social issues from that time in history—and the way echoes from that era affect Colin and Nevaeh themselves. When Colin finds a shoebox full of letters hidden in a stranger's attic, he knows he's supposed to throw them away. That's his summer job, getting rid of junk. But Colin wants to rescue the letters—and find out what really happened to best friends Rosemary and Toby way back in the 1970s. Meanwhile, across town, Nevaeh also finds a mysterious letter. But this one reads like a confession to a crime. And Nevaeh knows her father, the "Junk King," expects her to join the rest of the family in blaming a single suspect: his business rival, Colin's mom. But that's not what Nevaeh wants, either. Even as one set of letters bring Colin and Nevaeh together, the one Nevaeh found threatens to tear them

apart. Is their new friendship as doomed as Rosemary and Toby's? Each book in the *Mysteries of Trash and Treasure* series will examine a different time period in history and make readers think about how we value the stuff we hold on to—and what it is that makes it valuable.
