Ethnomusicology in the Study of Gregorian Chant

Youcanprint
'World music' emerged as an invention of the West from encounters with other cultures. This book draws readers into a remarkable range of these historical encounters, in which music had the power

to evoke the exotic and to give voice to the voiceless. In the course of the volume's eight chapters the reader witnesses music's involvement in the modern world, but also the individual moments and particular histories that are crucial to an understanding of music's diversity. World Music is wide-ranging in its geographical scope, yet

individual chapters provide in-depth treatments of selected music cultures and regional histories. The book frequently zooms in on repertoires and musicians - such as Bob Marley, Bartok, and Nusrat Fateh Ali Khan - and attempts to account for world music's growing presence and popularity at the beginning of the twenty-

first century. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

STICK CONTROL

Ama Verlag

"A collection of the best traditional songs from blues and gospel music as well as several Irish folk songs arranged for solo fingerstyle guitar in both standard notation and tablature. The arrangements include well-known songs as well as a few that have almost been forgotten, whose melodies are marked by a timeless beauty which has helped them survive for many decades. In

addition to standard notation and tablature, picking and strumming patterns offer additional methods of accompaniment. On the CD, all of the songs have been recorded with a full arrangement and many even have a vocal version as well." *Roots to unearth a beautiful life* Faber & Faber Cool syncopation, funky riffs and smooth, stylish tunes---from dynamic to nostalgic, Pam

Wedgwood's series has it all. Jazzin' About is a vibrant collection of original pieces in a range of contemporary styles, tailor-made for the intermediate player. This new edition features a fantastic accompanying CD, complete with performances, backing tracks and slowed-down backings for practice. So take a break from the classics and get into the groove as you cruise from blues, to rock,

to jazz. *Italy and the Mediterranean* Routledge Anthropological view of the phenomenon of tarantism in Southern Italy ; dance, music and colours combined in a ritual to exorcise the victim of a mythical tarantula.

Sulla pizzica pizzica ed altre tradizioni salentine The study of pre-existing film music is a well-established part of Film

Studies, covering 'classical' music and popular music. Generally, these broad musical types are studied in isolation. This anthology brings them together in twelve focused case studies. The first section explores art music; it revolves around the debate on the relation between the aural and visual tracks, and whether pre-existing music has an integrative function or not. The

second section is devoted to popular music in film, and shows how very similar the functions of popular music in film are to the supposedly more 'elite' classical music and opera.

Italian Folk Music for Mandolin is an enjoyable collection of pieces from various parts of northern, central and southern Italy. This anthology includes complete texts and translations of the songs with accurate accompanying arrangements

for two mandolins, or violin and guitar. The selections include medieval and Renaissance instrumental folk dances, sixteenth-century Neapolitan Villanelle, work songs, lullabies, narrative ballads, prisoner songs, and popular dances including tarantellas, pizzica, Sardinian ballo tondo, quadrille, waltz and saltarello. The book includes an

accompanying online audio of all the pieces presented

This book is part of the TREDITION CLASSICS series. The creators of this series are united by passion for literature and driven by the intention of making all public domain books available in printed format again - worldwide. At tredition we believe that a great book never goes

out of style. Several mostly non-profit literature projects provide content to tradition. To support their good work, tradition donates a portion of the proceeds from each sold copy. As a reader of a TREDITION CLASSICS book, you support our mission to save many of the amazing works of world literature from oblivion. 25 Elementary Studies, Op. 176 Brookings Institution Press

Tarantella, a genre of Southern Italian folk music and dance, is an international phenomenon-- seen and heard in popular festivals, performed across the Italian diaspora, even adapted for New Age spiritual practices. The boom in popularity has diversified tarantella in practice while setting it within a host of new, unexpected contexts. Incoronata Inserra

ventures into the history, global circulation, and recontextualization of this fascinating genre. Examining tarantella's changing image and role among Italians and Italian Americans, Inserra illuminates how factors like tourism, translation, and world music venues have shifted the ethics of place embedded in the tarantella cultural tradition. Once rural,

<p>religious, and rooted, tarantella now thrives in settings urban, secular, migrant, and ethnic. Inserra reveals how the genre's changing dynamics contribute to reimagining Southern Italian identity. At the same time, they translate tarantella into a different kind of performance that serves new social and cultural groups and purposes. Indeed, as Inserra shows,</p>	<p>tarantella's global growth promotes a reassessment of gender relations in the Italian South and helps create space for Italian and Italian-American women to reclaim gendered aspects of the genre. <i>World Music: A Very Short Introduction</i> tradition First published in 2004. Routledge is an imprint of Taylor & Francis, an informa company. <i>Ero E Leandro</i> John Wiley &</p>	<p>Sons I Appeared to the Madonna is an incendiary testament of actor Carmelo Bene's life. Featuring tales of his combative encounters with critics, the public, and his iconoclastic views on theater, cinema, poetry & more, including chapters on Salvador Dalì, Eduardo De Filippo, and others as well as anecdotal elucidations of some of his plays & films. <u>Studies of the</u></p>

Studying
Gregorian
chant
presents
many
problems to
the researcher
because its
most
important
stages of
development
were not
recorded in
writing. From
the sixth to
the tenth
century, this
form of music
existed only in
song as
medieval
musicians
relied on their
memories and
voices to pass
each verse

from one
generation to
the next.
Peter Jeffery
offers an
innovative
new approach
for
understanding
how these
melodies were
created,
memorized,
performed,
and modified.
Drawing on a
variety of
disciplines,
including
anthropology
and
ethnomusicolo
gy, he
identifies
characteristics
of Gregorian
chant that
closely
resemble
other oral
traditions in
non-Western

cultures and
demonstrates
ways music
historians can
take into
account the
social,
cultural, and
anthropologic
al contexts of
chant's
development.

Control is the original classic, often called the bible of drumming. In 1993, Modern Drummer magazine named it one of the top 25 drumming books of all-time. In the words of the author, this is the ideal book for improving "control, speed, flexibility, touch, rhythm, lightness, delicacy, power, endurance, preciseness of execution, and muscular coordination," with extra attention

given to the development of the weak hand. This indispensable book for drummers of all types includes hundreds of basic to advanced rhythms and moves through categories of single-beat combinations, triplets, short roll combinations, flam beats, flam triplets and dotted notes, and short roll progressions. This work has been selected

by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work

is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for

being an important part of keeping this knowledge alive and relevant.

Strumenti giocattolo e strumenti da suono a Terranova da Sibari Ashgate Publishing, Ltd.

Music and dyslexia is of particular interest for two reasons. Firstly, research suggests that music education can benefit young dyslexics as it helps them focus on auditory and motor timing skills and highlights the

rhythms of language. Secondly, dyslexic musicians at a more advanced level face particular challenges such as sight-reading, written requirements of music examinations and extreme performance nerves. This is a sequel to the highly successful *Music and Dyslexia: Opening New Doors*, published in 2001. The field of dyslexia has developed rapidly,

particularly in the area of neuropsychology. Therefore this book focuses on these research advances, and draws out the aspects of music education that benefit young dyslexics. The contributors also discuss the problems that dyslexic musicians face, and several chapters are devoted to sight-reading and specific strategies that dyslexics can use to help them sight-read. The book offers

<p>practical techniques and strategies, to teachers and parents to help them work with young dyslexics and dyslexic musicians.</p> <p><i>Re Root</i> Contra Mundum Press This popular volume offers practical</p>	<p>training in well-articulated pianistic passage work, particularly in playing the virtuoso music of the romantic period. In addition to this, each study is a complete music composition,</p>	<p>demanding attention to dynamics and phrasing. Students who master Opus 299 have indeed progressed a long way in the "school of velocity."</p> <p>Available in a 112-page complete volume or in two separate books.</p>
