Development (ABCD) is a strategy for sustainable community-driven development. Beyond the mobilization of a particular community, ABCD is concerned with how to link micro-assets to the macro-environment. What is Asset Based Community Development (ABCD) Handout) Asset Based Community Development (ABCD) is an approach to sustainable community-driven development. Beyond the mobilisation of a particular community, it is concerned with how to link micro-assets to the macro-environment. Asset Based Community Development's premise is that communities can drive the development process themselves by identifying and mobilizing existing, but often unrecognised assets. Asset Based Community Development (ABCD) - Nurture Development The Asset-Based Community Development Institute (ABCD) is at the center of a large and growing movement that considers local assets as the primary building blocks of sustainable community development. Building on the skills of local residents, the power of local associations, and the supportive functions of local institutions, asset-based community development draws upon existing community strengths to build stronger, more sustainable communities for the future. ABCD Institute | DePaul University, Chicago What is Asset Based Community Development (ABCD) Asset Based Community Development (ABCD) is a strategy for sustainable community-driven development. Beyond the mobilization of a particular community, ABCD is concerned with how to link micro-assets to the macro-environment. The appeal of ABCD lies in its premise that communities can drive the development process themselves by identifying and What is Asset Based Community Development (ABCD) Handout) ABCD stands for Asset Based Community Development, an approach which focuses on the skills and assets within a community. This approach recognises each person has a skill or asset to give and draws upon existing strengths to build a stronger community through social connection, empowerment and the exchange of skills and assets. Asset Based Community Development Asset-based community-driven development (ABCD) is built on four foundations (Kretzmann, 2010; Kretzmann & McKnight, 1993; Mathie & Cunningham, 2003): It focuses on community assets and strengths rather than problems and needs. It identifies and mobilises individual and community assets, skills and passions. It is relationship driven. An example of asset-based community development ... Asset-

based: the starting point for ABCD is with what's strong, not what's wrong. Some misunderstand this as an attempt to minimise life's challenges, or normalise injustices, nothing could be further from the truth. ABCD is the process by which relational power is mobilised to produce sustainable and satisfying change. Asset-Based Community Development - 5 Core Principles ...An Asset-Based Approach to Engaging Church and Community is centered around the belief that individuals, groups, and communities have the gifts they need to address the needs they see around them. 1 Corinthians 12 tells us that each of us are given different gifts to serve the community and we are all a part of the body of Christ working together.
