From the New York Times–bestselling creator of *The Adventures of Beekle: The Unimaginary Friend* comes the inspiring epilogue to the beloved classic nursery rhyme *Humpty Dumpty*. Everyone knows that when *Humpty Dumpty* sat on a wall, *Humpty Dumpty* had a great fall. But what happened after? Caldecott Medalist Dan Santat's poignant tale follows *Humpty Dumpty*, an avid bird watcher whose favorite place to be is high up on the city wall—that is, until after his famous fall. Now terrified of heights, *Humpty* can longer do many of the things he loves most. Will he summon the courage to face his fear? *After the Fall (How Humpty Dumpty Got Back Up Again)* is a masterful picture book that will remind readers of all ages that life begins when you get back up. 2018 NCTE Charlotte Huck Award Winner A Kirkus Reviews Best Picture Book of 2017 A New York Times Notable Children's Book of 2017 A New York City Public Library Notable Best Book for Kids A Chicago Public Library Best Book of 2017 A Horn Book Fanfare Best Book of 2017 An NPR Best Book of 2017

No comics publisher has had a greater impact — or generated more controversy — than the immensely influential EC Comics. The second and concluding volume of conversations with the creators behind the EC war/horror/science fiction/suspense line brings *The Comics Journal's* definitive interviews together with several never-before-published sessions, including a new interview with the legendary Jack Davis conducted by Gary Groth. It also includes: Publisher Bill Gaines on the origins of the company and his terrifying grilling before the Senate Subcommittee on Juvenile Delinquency, editor/writer/artist Al Feldstein on introducing serious science fiction to comics and his interactions with Ray Bradbury. Harvey Kurtzman on bringing realism to war comics with *Frontline Combat* and subversive satire to humor comics with *Mad*, the master of *chirascuro*, Alex Toth, on the aesthetic values that guided him through a career that included drawing for EC and animating *Jonny Quest*, colorist Marie Severin on the atmosphere of pranks and anarchy that dominated the EC bullpen. Plus, career-spanning interviews with George Evans and Jack Kamen, rare Q&A sessions with formal experimenter Bernard Krigstein and EC writer Colin Dawkins, and

a conversation between Jack Davis and award-winning alternative cartoonist Jim Woodring.

A set of bold theoretical reflections on how the social photo has remade our world. With the rise of the smart phone and social media, cameras have become ubiquitous, infiltrating nearly every aspect of social life. The glowing camera screen is the lens through which many of us seek to communicate our experience. But our thinking about photography has been slow to catch-up; this major fixture of everyday life is still often treated in the terms of art or journalism. In *The Social Photo*, social theorist Nathan Jurgenson develops bold new ways of understanding photography in the age of social media and the new kinds of images that have emerged: the selfie, the faux-vintage photo, the self-destructing image, the food photo. Jurgenson shows how these devices and platforms have remade the world and our understanding of ourselves within it.
