THE SCIENCE OF BREAKABLE THINGS

Delacorte Books for Young Readers

Readers on the cusp of adolescence will find much to love in this middle grade novel from the author of the beloved MR. TERUPT series that follows three kids who come to realize that letting go of childhood means boldly taking risks to face the future while learning from the past. Loretta and her twin brother, Waylon, are headed to middle school. Loretta has always been quick with her fists and her wits. Since Waylon is on the small side, Loretta doesn't let anyone mess with him. But now she worries he won't survive without her by his side. Her secret plan: bulk him up with muscle over the summer. Little does she know that Waylon has a plan of his own. He'll show his sister he can take care of himself. As each puts their strategy in motion, Loretta and Waylon spend the summer going into

the woods behind their house, even sneaking there in the dead of night. That's where they first encounter Louie, who is about their age but noticeably bigger. Louie is homeschooled, he explains when Loretta gives him the third degree. Loretta, Waylon, and Louie soon fall into a comfortable friendship and continue their nightly forest adventures. When they unearth a mysterious box, the past collides with the present, propelling the trio on a quest that will forever change their lives. Rob Buyea's spirited dual narrative drives this funny, touching brother-sister story, where even the best-laid plans sometimes backfire and feelings may get bruised, but family and friends always count. Letting go of childhood means boldly taking risks to face the future while learning from the past.

Perfection Learning
The seven kids who bonded in Mr. Terupt's fifth-grade class are in eighth grade now and reunited with their beloved teacher. Readers will once again be inspired by how the kids face their challenges and by the

adults who help them along the way. Jeffrey, Alexia, Anna, Danielle, Luke, Peter, and Jessica are thrilled to have their beloved teacher, Mr. Terupt, back for the school year as their biweekly adviser. They still rely on him for guidance on so many things, including these dilemmas: JEFFREY wants to make varsity wrestling, but at what cost? Worried that she may have the same cancer gene as her mom, ALEXIA takes a DNA test--only she's scared to open the results. Neglected by her soon-to-be-married mom, and wounded by Jeffrey's callous brush-off, ANNA keeps her hurt feelings bottled up--until she can't. DANIELLE has ups and downs with her diabetes, but her budding romance with Luke proves to be the real challenge. LUKE's tackling lots of difficult schoolwork, none of it harder than letting Danielle know he likes her. Anxious about her dad's return, JESSICA pours her heart into writing poetry. Angry at what he thinks is a betrayal, PETER gives Mr. Terupt the silent treatment. To celebrate their remaining time with

Mr. Terupt, the students hatch bucket-list type projects to make the school year important, memorable, and way bigger than just the group. Will the gang stick together down to the final project? Will their friendships endure after the difficult goodbye?

Addie is waiting for normal. But Addie's mom has an all-or-nothing approach to life: a food fiesta or an empty pantry, jubilation or gloom, her way or no way. All or nothing never adds up to normal. All or nothing can't bring you all to home, which is exactly where Addie longs to be, with her half sisters, every day. In spite of life's twists and turns, Addie remains optimistic. Someday, maybe, she'll find normal. Leslie Connor has created an inspiring novel about one girl's giant spirit. waiting for normal is a

heartwarming gem.

Hadley is pretty much the model student: straight As, perfect attendance, front row in class. So what if she's overstressed and overscheduled: She's got school covered. (Life—not so much.) Ms. Pitt is the kind of teacher who wants you to call her by her first name and puts all the chairs in a circle and tells her students to feel their book reports. Hadley wishes Ms. Pitt would stick to her lesson plan. Ms. Pitt wishes Hadley would lighten up. So when Hadley and Ms. Pitt find themselves switched into each other's bodies, the first thing they want to do is switch right back. It takes a family crisis, a baffled principal, and a (double) first kiss to help them figure out that change can be pretty enlightening. Even if it is a little freaky!

She was very blurry, not at all human-looking. There were huge dark eyes, and a kind of mane made of light, and when she spoke, I couldn't see a mouth moving, but I felt her words, like a breeze against my face, and I understood her completely. "We've come

because of the baby," she said. "We've come to help." All Steve has to do is say, "Yes." But "yes" is a powerful word. It is also a dangerous one. And once it is uttered, can it be taken back?

Angus is black and white and strong. Sadie is reddish brown and white and small. "They don't look much alike," says Missus. "They don't act much alike," says Mister. Angus and Sadie are brother and sister. Angus is bigger. He is a good, brave, and clever dog -- and he likes that. Sadie isn't as quick to learn -- or to obey. When cats jump at her, she yelps and runs away. Angus thinks that means she's scared of everything. But Sadie isn't so sure that's true.

Newbery Medalist Cynthia Voigt's story of border collie puppies growing up on a farm in Maine is for animal lovers of all ages, and for anyone who's ever had -- or wondered what it would be like to have -- a brother or sister just like themselves, but very, very different.
