THE AFFECT THEORY READER

Harper Perennial

The first collection to address the collective transformation happening in response to the rise of social media. With the rise of web 2.0 and social media platforms taking over vast tracts of territory on the internet, the media landscape has shifted drastically in the past 20 years, transforming previously stable relationships between media creators and consumers. The Social Media Reader is the first collection to address the collective transformation with pieces on social media, peer production, copyright politics, and other aspects of contemporary internet culture from all the major thinkers in the field. Culling a broad range and incorporating different styles of scholarship from foundational pieces and published articles to unpublished pieces, journalistic accounts, personal narratives from blogs, and whitepapers, The Social Media Reader promises to be an essential text, with contributions from Lawrence Lessig, Henry Jenkins, Clay Shirky, Tim O'Reilly, Chris Anderson, Yochai Benkler,

danah boyd, and Fred von Loehmann, to name a few. It covers a wide-ranging topical terrain, much like the internet itself, with particular emphasis on collaboration and sharing, the politics of social media and social networking, Free Culture and copyright politics, and labor and ownership. Theorizing new models of collaboration, identity, commerce, copyright, ownership, and labor, these essays outline possibilities for cultural democracy that arise when the formerly passive audience becomes active cultural creators, while warning of the dystopian potential of new forms of surveillance and control.

The Devil Wears Prada NYU Press

On Writing Well has been praised for its sound advice, its clarity and the warmth of its style. It is a book for everybody who wants to learn how to write or who needs to do some writing to get through the day, as almost everybody does in the age of e-mail and the Internet. Whether you want to write about people or places, science and technology, business, sports, the arts or about yourself in the increasingly popular memoir genre, On Writing Well offers you fundamental principles as well as the insights of a distinguished writer and teacher. With more than a million copies sold, this volume has stood the test of time and remains a valuable resource for writers and would-be writers.

More Work For Mother MDPI

A latest edition of readings for the Introductory Sociology college market features thirty percent new articles that address current issues of contemporary sociology, from gender and politics to religion and AIDS, in a collection complemented by correlating charts that list key introductory textbooks. Original. 20,000 first printing.

The Glass Castle Routledge

A down-to-earth approach that demonstrates the connection between the individual and society. Down-to-earth sociology means using sociological perspectives to examine everyday life, and seeing the connection between the individual and society. Through a balance of comprehensiveness and brevity, this text provides students with a clear presentation of the four key theoretical perspectives, and then applies those perspectives in a variety of examples and exercises, in order to bring sociology home for students. Note: MySocLab is not included with the purchase of this product.

Savage Inequalities Destiny Image Publishers

Eleven Years in the Rocky Mountains and Life on the Frontier Also a History of the Sioux War, And a Life of Gen. George A. Custer with Full Account of His Last Battle by Frances Victor Fuller, first published in 1877, is a rare manuscript, the original residing in one of the great libraries of the world. This book is a reproduction of that original, which has been scanned and cleaned by state-of-the-art publishing tools for better readability and enhanced appreciation. Restoration Editors' mission is to bring long out of print manuscripts back to life. Some smudges, annotations or unclear text may still exist, due to permanent damage to the

original work. We believe the literary significance of the text justifies offering this reproduction, allowing a new generation to appreciate it.

After the War: A Southern Tour Allyn & Bacon

A small-town girl fresh out of an Ivy League college lands a job at a prestigious fashion magazine, but wonders if the glamorous perks are worth working for the editor from hell.

Facing Mount Kenya Harper Collins

A triumphant tale of a young woman and her difficult childhood, *The Glass Castle* is a remarkable memoir of resilience, redemption, and a revelatory look into a family at once deeply dysfunctional and wonderfully vibrant. Jeannette Walls was the second of four children raised by anti-institutional parents in a household of extremes.

Hand-made Fables Springer

Intimate Relationships covers both classic and current material in a concise yet thorough and rigorous manner. Chapters range from attraction to love, attachment to jealousy, conflict to relationship dissolution — all written in a warm, personal, and engaging voice. Each chapter is organized around the major issues and relevant theories, in addition to a critical evaluation about the research. When appropriate, the authors discuss and evaluate popular ideas about relationship processes in the context of scientific research. This includes critical evaluations of evolutionary approaches to attraction, victim-based accounts of abuse, and the separate-cultures view of the sexes.

INTIMATE RELATIONSHIPS

Random House

The production, use and eventual disposal of most clothing is environmentally damaging, and many fashion and textile designers are becoming keen to employ more sustainable strategies in their work. This book provides a practical guide to the ways in which designers are creating fashion with less waste and greater durability. Based on the results of extensive research into lifecycle approaches to sustainable fashion, the book is divided into four sections: source: explores the motivations for the selection of materials for fashion garments and suggests that garments can be made from materials that also assist in the management of textile waste make: discusses the differing approaches to the design and manufacture of sustainable fashion garments that can also provide the opportunity for waste control and minimization use: explores schemes that encourage the consumer to engage in slow fashion consumption last: examines alternative solutions to the predictable fate of most garments – landfill. Illustrated throughout with case studies of best practice from international designers and fashion labels and written in a practical, accessible style, this is a must-have guide for fashion and textile designers and students in their areas.

Practical Taxidermy Duke University Press

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality

merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

The Complete Stories John Wiley & Sons

This collection of thoughtful, courageous, and honest essays explores the intersections of class background, social status, and "queerness," challenging the often narrow and rigid definition of gay and lesbian community. *Queerly Classed* highlights the voices of those whose experiences of class-combined with race, ethnicity, gender, ability, and age to explode stereotypes of queers aspiring to assimilate into the mainstream of the American middle class.

INVISIBLE CHILD

BoD – Books on Demand

Best-selling author Myles Munroe reveals in this book the key to personal fulfillment: purpose. We must pursue purpose because our fulfillment in life depends upon our becoming what we were born to be and do. *In Pursuit of Purpose* will guide you on that path to finding God's purpose for your life.

The Witchery of Archery Edwin Mellen Press

First published in 2010 . Routledge is an imprint of Taylor &

Francis, an informa company.

The Psychosocial Implications of Disney Movies Simon and Schuster

In this classic work of women's history (winner of the 1984 Dexter Prize from the Society for the History of Technology), Ruth Schwartz Cowan shows how and why modern women devote as much time to housework as did their colonial sisters. In lively and provocative prose, Cowan explains how the modern conveniences—washing machines, white flour, vacuums, commercial cotton—seemed at first to offer working-class women middle-class standards of comfort. Over time, however, it became clear that these gadgets and gizmos mainly replaced work previously conducted by men, children, and servants. Instead of living lives of leisure, middle-class women found themselves struggling to keep up with ever higher standards of cleanliness.

NEW MEGA TRENDS

Jessica Kingsley Publishers

Revised edition of the authors' Social psychology, [2016]

ESSENTIALS OF SOCIOLOGY

Anchor

Facing Mount Kenya, first published in 1938, is a monograph on the life and customs of the Gikuyu people of central Kenya prior to their contact with Europeans. It is unique in anthropological literature for it gives an account of the social institutions and religious rites of an African people, permeated by the emotions that give to customs and observances their meaning. It is

characterised by both insight and a tinge of romanticism. The author, proud of his African blood and ways of thought, takes the reader through a thorough and clear picture of Gikuyu life and customs, painting an almost utopian picture of their social norms and the sophisticated codes by which all aspects of the society were governed. This book is one of a kind, capturing and documenting traditions fast disappearing. It is therefore a must-read for all who want to learn about African culture.

The Technique of Film and Video Editing Sword & Sorcery Studios

This edition provides a detailed look at the artistic and aesthetic principles and practices of editing for both picture and sound. It also contains up-to-date information on the influences of MTV and commercials, and new technologies.

On Writing Well South End Press

NEW YORK TIMES BESTSELLER • “An impassioned book, laced with anger and indignation, about how our public education system scorns so many of our children.”—The New York Times Book Review In 1988, Jonathan Kozol set off to spend time with children in the American public education system. For two years, he visited schools in neighborhoods across the country, from Illinois to Washington, D.C., and from New York to San Antonio. He spoke with teachers, principals, superintendents, and, most important, children. What he found was devastating. Not only were schools for rich and poor blatantly unequal, the gulf between the two extremes was widening—and it has widened since. The urban schools he visited were overcrowded and understaffed, and lacked the basic elements of learning—including books and, all too often, classrooms for the students. In *Savage Inequalities*, Kozol delivers a searing

examination of the extremes of wealth and poverty and calls into question the reality of equal opportunity in our nation's schools. *Praise for Savage Inequalities* "I was unprepared for the horror and shame I felt. . . . *Savage Inequalities* is a savage indictment. . . . Everyone should read this important book."—Robert Wilson, *USA Today* "Kozol has written a book that must be read by anyone interested in education."—Elizabeth Duff, *Philadelphia Inquirer* "The forces of equity have now been joined by a powerful voice. . . . Kozol has written a searing exposé of the extremes of wealth and poverty in America's school system and the blighting effect on poor children, especially those in cities."—Emily Mitchell, *Time* "Easily the most passionate, and certain to be the most passionately debated, book about American education in

several years . . . A classic American muckraker with an eloquent prose style, Kozol offers . . . an old-fashioned brand of moral outrage that will affect every reader whose heart has not yet turned to stone."—*Entertainment Weekly*

THE SOCIAL MEDIA READER

Sterling Publishing Company Incorporated

Describes how to perform 100 experiments with paper and other materials easily found in the home, exploring such topics as air, chemistry, electricity, magnetism, heat, light, inertia, sound, and water.
