The Sources of Military Doctrine: France, Britain, and ... The Sources Of Military Doctrine Military doctrine is the expression of how military forces contribute to campaigns, major operations, battles, and engagements.. It is a guide to action, rather than being hard and fast rules. Doctrine provides a common frame of reference across the military. It helps standardize operations, facilitating readiness by establishing common ways of accomplishing military tasks. Military doctrine - Wikipedia "This is a scholarly and conceptually ambitious work which seeks to explain how military doctrine takes place and its role in 'grand strategy.' The core of the study examines military doctrines in the interwar period, discussing the German blitzkrieg and British air defense system as successes, and the French army's Maginot Line doctrine as a great failure. Amazon.com: The Sources of Military Doctrine: France ... In this book Mr. Posen draws heavily on "Balance of Power" and organizational theories on how military doctrine is created and implemented. Using these theories, Mr. Posen analyzes how Germany, France, and Great Britain formulated their military doctrines with the results of World War II in 1940 showing how well those military doctrines served their countries' grand strategy. The Sources of Military Doctrine by Barry R. Posen have attempted three tasks in this book: first, to elaborate and refine the concept of military doctrine, paying particular attention to three important dimensions along which doctrines can vary; second, and of greater importance, to systematically employ two important theories of state behavior, as well as some widely held though poorly developed propositions about technology and geography ...
