"Major Jim Gant, a man seen by many of us as the 'perfect insurgent,'--an inspiring, gifted, courageous leader... -- GENERAL DAVID H. PETRAEUS (U.S. Army, Ret.) THE PAPER THAT ROCKED OSAMA BIN LADEN Team members during the May 2, 2011 U.S. military raid that killed Osama Bin Laden seized piles of Al Qaeda intelligence. One piece of evidence found in Bin Laden's personal sleeping quarters was an English language copy of Jim Gant's *One Tribe at a Time*. It contained notes in the margins consistent with others identified as

written by Osama Bin Laden. A directive from Osama Bin Laden to his intelligence chief was also discovered. It identified Jim Gant by name as an impediment to Al Qaeda's operational objectives for eastern Afghanistan. Bin Laden ordered that Gant be assassinated. "[One Tribe at a Time] was hugely important...at a time when I was looking for ideas on Afghanistan...[Gant] was the first to write it down, in a very coherent fashion, very readable, very encouraging frankly...and there is enormous power in that." --General David H. Petraeus (U.S. Army, Ret.) quoted in *American Spartan: The Promise, The Mission, and The Betrayal of Special Forces Major Jim Gant* by Ann Scott Tyson Washington Post reporter Ann Scott Tyson read "One Tribe at a Time," and - informed by her combat experience in Afghanistan and Iraq and her eight years as a reporter in China - she realized that Jim's paper made sense. She decided to write a story about Jim entitled, "Jim Gant, the Green Beret who could win the war in Afghanistan." After the article appeared in January 2010, as Jim was

in Washington, D.C., attending Pashto language training, he met Ann and the two fell in love. She followed his mission in Afghanistan and wrote *AMERICAN SPARTAN: The Promise, the Mission, and the Betrayal of Special Forces Major Jim Gant*.

### **PAINTING THE BLACK**

Practical Approach

By using a series of studies of contemporary mainstream Hollywood movies - "Blue Velvet, Wall Street, Crimes and Misdemeanors, When Harry Met Sally, Sex Lies and Videotape, Do the Right Thing" - Norman Denzin explores the tension between ideas of the postmodern, and traditional ways of analyzing society. The discussion moves between two forms of text: social theory and cinematic representations of contemporary life. Denzin analyzes the ideas of society embedded in poststructuralism, postmodernism,

feminism, cultural studies and Marxism through the ideas of key theorists like Baudrillard, Barthes, Habermas, Jameson, Bourdieu and Derrida. He relates these to the problematic of the postmodern self as exposed in cinema centering on the decisive performance of race, gender and class.

This study was conducted

to identify methods that have been used in the repair and rehabilitation of concrete dams.

Information was obtained through literary searches, discussions with project personnel, and visits to project sites. Each case history includes a background of the project, the deficiency that necessitated repair or rehabilitation, and descriptions of materials and methods used in the repair or rehabilitation.

When available, the cost of the repair project and the performance of the repair to date have been included. Case histories included in this report cover a range of deficiencies in concrete structures, including cracking, spalling, erosion, leakage, inadequate PMF capacity, expansion resulting from alkali-aggregate reaction, instability, and insufficient storage capacity.
