*Public Relations* SAGE Publications

Public Relations is one business function an organisation cannot decide it does not want. The only option is whether to manage PR as a conscious and deliberate activity, or to leave it to chance and hope for the best - a sure route to bad public relations.

**Public Relations in Practice** Practice of Public Relations International Public Relations: Negotiating Culture, Identity, and Power offers the first critical-cultural approach to international public relations theory and practice. Authors Patricia A. Curtin and T. Kenn Gaither introduce students to a cultural-economic model and accompanying practice matrix that explain public relations techniques and practices in a variety of regulatory, political, and cultural climates. offers the first critical-cultural approach to international public relations theory and practice. Authors Patricia A. Curtin and T. Kenn Gaither introduce students to a cultural-economic model and accompanying practice matrix that explain public relations techniques and practices in a variety of regulatory, political, and cultural climates.

*Today's Public Relations* SAGE

Public Relations Writing: Principles in Practice is a comprehensive core text that guides students from the most basic foundations of public relations writing-research, planning, ethics, organizational culture, law, and design-through the production of actual, effective public relations materials. The Second Edition focuses on identifying and writing public relations messages and examines how public relations messages differ from other messages.

*Public Relations* Routledge

This book presents a unique overview of public relations history, tracing the development of the profession and its practices in a variety of sectors, ranging from politics, education, social movements, corporate communication, and entertainment. Author Cayce Myers examines the institutional pressures, including financial, legal, and ethical considerations, that have shaped public relations and have led to the parameters in which the practice is executed today, exploring the role underrepresented groups and sectors (both in the U.S. and internationally) played in its formation. The book presents the diversity and nuance of public relations practice while also providing a cohesive narrative that engages readers in the complex development of this influential profession. Public Relations History is an excellent resource for upper level undergraduate and graduate courses covering public relations theory, management, and administration; mass communication history; and media history.

*Ethics in Public Relations* Kogan Page Publishers

'Today's Public Relations' works to redefine the teaching of public relations by discussing it's connection to mass communication, but also linking it to it's rhetorical heritage.

*The Practice of Government Public Relations* Routledge

Good management practice is essential if a PR department is to be highly valued and cost effective. This updated edition aims to show business practitioners exactly how this can be achieved. The result is a hands-on guide offering accessible and practical advice for PR activity.

*Women in Public Relations* FT Press

Providing a framework for understanding important ethical concerns in the field of public relations and corporate communications, this book helps the reader to clarify their own principles and values and acknowledges the ethical dilemmas inherent in public relations.

**Ethics in Public Relations** Routledge

Drawing on contributions from the 2018 congress of the European Public Relations Education and Research Association (EUPRERA), this volume explores and analyses challenges around communication, management and big ideas to present findings from current research in corporate communication.

**The Practice of Public Relations** Kogan Page Publishers

Public Relations: The Basics is a highly readable introduction to one of the most exciting and fast-paced media industries. Both the practice and profession of public relations are explored and the focus is on those issues which will be most relevant to those new to the field: The four key phases of public relations campaigns: research, strategy, tactics and evaluation. History and evolution of public relations. Basic concepts of the profession: ethics, professionalism and theoretical underpinnings. Contemporary international case studies are woven throughout the text ensuring that the book is relevant to a global audience. It also features a glossary and an appendix on first steps towards a career in public relations making this the book the ideal starting point for anyone new to the study of public relations.

*Pathways to Public Relations* Routledge

Given the high rate of social media use by the public, organizations are compelled to engage with key audiences through these outlets. Social media engagement requires organizations to actively participate with public groups, and this highly-interactive exchange raises a new set of ethical concerns for communicators. In this rapidly changing communications environment, the long-term implications of social media are uncertain, and this book provides the much needed research to understand its impact on audiences and organizations. Through an examination of a broad range of ethics concepts including transparency and online identities, policies, corporate responsibility, and measurement, this book explores a variety of topics important to public relations such as diversity, non-profit communication, health communication, financial communication, public affairs, entertainment communication, environmental communication, crisis communication, and non-profit communication. The chapter authors, expert scholars within their fields of public relations, offer insights drawn from original research and case study examples of ethical dilemmas raised by social media communication.

*Ethical Practice of Social Media in Public Relations* Routledge

The past 20 years have seen an influx of women into the practice of public relations, yet gender-based disparities in pay and advancement remain a troubling reality. As the field becomes feminized, moreover, female and male practitioners alike confront the prospect of dwindling salaries and prestige. This landmark book presents a comprehensive examination of the status of women in public relations and proposes concrete ways to achieve greater parity in education and practice. The authors integrate the theoretical literature of public relations and gender with results of a major longitudinal study of women in the field, along with illuminating focus group and interview data. Topics covered include factors contributing to sex discrimination; how public

relations stacks up against other professions on gender-related issues; the challenges facing female managers and entrepreneurs; the experiences of ethnic minority professionals; the salary gap; the glass ceiling; and how to foster solutions on individual, organizational, and societal levels. This volume is an essential read for both educators and practitioners in public relations. It can be used as a course text in graduate research seminars, and also as a supplemental text in courses addressing gender issues in PR. It serves as a useful guide for young practitioners entering the profession, and provides critical insights for public relations managers.

*Public Relations As Relationship Management* Kogan Page Publishers

'This has always been the definitive text for PR in Australia. Public Relations: Theory and Practice is the complete companion for new and not-so-new practitioners. I'll be keeping a copy on my bookshelf.' - Tracy Jones, FPRIA former president, Public Relations Institute of Australia Public relations is a dynamic and rapidly growing field which offers a variety of career paths. Whether you're building the public image of an organisation, developing news and social media strategies, or managing issues for a company or political party, you need strong communication skills and a sound understanding of public relations processes. In this widely used introduction to professional practice, leading academics and practitioners outline the core principles of public relations in business, government and the third sectors. They show how to develop effective public relations strategies and explain how to research, run and evaluate a successful public relations campaign. Drawing on a range of communication and public relations theories, they discuss how to work with key publics, using all forms of media for maximum impact. It is richly illustrated with examples and case studies from Australia, New Zealand, Asia and other countries. Public Relations has been substantially revised and includes newly written chapters on social media, tactics, integrated marketing communication, risk and crisis communication, public relations history, corporate and investor public relations, and law, as well as a new glossary of theoretical terms.

## INTRODUCING PUBLIC RELATIONS

Oxford University Press, USA

The role of the public relations practitioner is becoming ever more demanding. Even those entering the profession are expected to already possess sophisticated skills. Public Relations in Practice helps develop these skills by looking at the key functional areas of public relations from the practitioner's point of view.

*The Management and Practice of Public Relations* Routledge

This handbook represents the state of the public relations profession throughout the world, with contributions from the Americas, Europe, Asia, and Africa. A resource for scholars and advanced students in public relations & international business.

## PUBLIC RELATIONS: THE BASICS

Routledge

The emergence of relationship management as a paradigm for public relations scholarship and practice necessitates an examination of precisely what public relations achieves -- its definition, function and value, and the benefits it generates. Promoting the view that public relations provides value to

organizations, publics, and societies through relationships, *Public Relations as Relationship Management* takes a in-depth look at organization-public relationships and explores the strategies that can be employed to cultivate and maintain them. Expanding on the work published in the first edition, this thoroughly up-to-date volume covers such specialized areas of public relations as non-profit organizations, shareholder relations, lobbying, employee relations, and risk management. It expands the reader's ability to understand, conceptualize, theorize, and measure public relations through the presentation of state-of-the-art research and examples of the use of the relationship paradigm. Developed for scholars, researchers, and advanced students in public relations, *Public Relations as Relationship Management* provides a contemporary perspective on the role of relationships in public relations, and encourages further research and study.

*Public Relations and Communication Management* Prentice Hall

*Public Relations and Communication Management* serves as a festschrift honoring the work of public relations scholars James E. Grunig and Larissa A. Grunig. Between them, the Grunigs have published 12 books and more than 330 articles, book chapters, and various academic and professional publications, and have supervised 34 doctoral dissertations and 105 master's theses. This volume recognizes the Grunig's contributions to public relations scholarship over the past four decades. To honor the Grunig's scholarship, this volume continues to expand their body of work with essays from renowned colleagues, former students, and research associates. The chapters discuss current trends in the field as well as emerging issues that drive the field forward. Sample topics include theories and future aspects of the behavioral, strategic management approach to managing public relations, and its linkages and implications to related subfields and key field issues. Contributions stimulate academic discussion and demonstrate the relevance of applied theories for the practice of public relations and communication management with up-to-date concepts, theories, and thoughts.

#### **PUBLIC RELATIONS HISTORY**

Routledge

Bring guest lectures into the classroom with *Public Relations in Practice*, a collection of practitioner stories that takes students behind the scenes of the industry. It offers a series of case studies by PR professionals from diverse areas of the field that give students a snapshot of daily life in that area of PR. This approach moves beyond the reach of a traditional textbook by presenting the personal and practical characteristics needed to succeed in the field. These practitioners discuss their paths, their experiences, what they wished they had known, and practical tips for breaking into the industry.

#### **Gaining Influence in Public Relations** Routledge

The industry of public relations is rapidly evolving, requiring practitioners to have greater specialization than ever before. Hand in hand with the growth of the industry, educational programs have developed to address the growing need for quality preparation for future practitioners. *Public Relations:*

*Competencies and Practice* focuses on the required competencies expected and applications of public relations into specific sectors of practice. Based on competencies identified by organizations such as the Commission on Public Relations Education and the Public Relations Society of America, *Public Relations* provides a robust examination of areas such as diversity, leadership, and ethics. The second part of the text focuses on these unique requirements for undergraduate and graduate students focused on entering sectors such as entertainment public relations, nonprofit public relations, or investor relations. The book also features online resources for instructors: Sample course syllabus Discussion questions Suggested midterm and final project *Public Relations* offers students competency- and practice-focused content from top PR experts and incorporates interviews from professionals in the field to show students how to apply competencies in specific practice sectors.

*Public Relations* Kogan Page Publishers

Ethical practice in any professional discipline is guided by age-old philosophical perspectives, but its modern parameters are continually evolving. Ongoing developments in technology, social media and social contexts mean that public relations and its practices in particular are constantly changing, and so are the ethical questions faced by practitioners in the field. Ethical questions and dilemmas are inherent to public relations, and ensuring that practitioners operate ethically is fundamental to both the professionalism and credibility of the field. Engaging and accessible, *Ethics in Public Relations* offers a lively exploration of the key ethical concerns present in the public relations world today by way of practical tips and guidance to support those in PR and corporate communications. It covers topics including the roles which lies, truth and honesty play; utilitarianism; practising respect and morality; authorship; conflicts of interest; PR and the corporate ethics programme; moonlighting; the impact of whistleblowing and more. Written by a leading academic in the field, this fully updated third edition of *Ethics in Public Relations* includes an entirely new chapter on the uses of ethics in social media, covering topical issues such as blogger engagement and the relationship between employee social media activity and organizational reputation.
