Gerald McCarthy enlisted in the Marines at 17 and volunteered for Vietnam. After the war he went AWOL, then to civilian jails and military brigs and finally to a Navy psychiatric ward, where he witnessed patient-attempted suicides. Medically discharged, he returned home to upstate New York and piecemeal in shoe factories. Written in two voices--one lucid, one dreamlike--his memoir delivers a jump-cut narrative of his troubled adolescence, his wartime experiences and his struggle to come unstuck from his own life.

Baseball and the struggle to keep the game going at home during the war; the

pivotal role played by President Roosevelt; and the divergent career paths of Detroit Tigers slugger Hank Greenberg and St. Louis Browns outfielder Pete Gray. Greenberg was the top slugger in the game when he joined the Army in 1941 and did not return to the majors until mid-1945. He represented the star player gone to war – players such as Joe DiMaggio, Ted Williams, Bob Feller, Warren Spahn and other legends who sacrificed large parts of their careers for the war effort. Many other lesser-known but courageous ballplayers saw combat on land, sea and air – in fighting against the Germans and the Japanese. Taking their place were replacement players who didn't belong in the majors in the first place, but whose resolve to see the game go on

helped push the country to victory. Pete Gray was the most extreme replacement player of them all – a one-armed outfielder who played the 1945 season with the Browns. He overcame the odds to fulfill his dream and in doing so became a shining example of baseball on the home front. Together, everyone pulled together for victory, and Greenberg and Gray played each other in the last pennant race of World War II, because as FDR said before he died...The Game Must Go On.

Jesus of Vancouver: the Left Coast Memoirs Macmillan

A memoir about a brokenhearted, middle-aged man who stumbles upon solace, meaning, and Larry David while hitchhiking around Martha's Vineyard
One summer day on Martha's Vineyard

Paul Samuel Dolman was hitchhiking, and none other than Larry David pulled over and asked, "You're not a serial killer or something, are you?" The comedic writer and actor not only gave Dolman a ride but helped him find his way. Dolman found himself on Martha's Vineyard that summer in the wake of a painful breakup. Desperately seeking companionship, he began hitchhiking around the island and met a wide array of characters: the rich and the homeless, movie stars and common folk, and, of course, Mr. David. Written with disarming honest humor, Hitchhiking with Larry David will leave readers simultaneously laughing and crying as they ponder the mystery and spirituality of life.

At a time of climate crisis, isolation and social breakdown, *Driving with Strangers* is a manifesto to alter how we think about our place in the world. Veteran hitchhiker and lifelong aficionado of hitchhiking culture, Purkis journeys through the history of hitchhiking to explore the unique opportunities for cooperation, friendship, sustainability and openness that it represents. Join Purkis on the kerbside, in search of Woody Guthrie as he examines the politics of the travelling song, deep on a Russian hitch-hiking expedition, or considering the politics of travel and risk on the 'Highway of Tears' in British Columbia, Canada. The reader is taken on a panoramic road trip through a century of hitchhiking across different

decades, countries and continents. Purkis, a self-styled 'vagabond sociologist', is the perfect passenger to accompany you on a journey away from isolation, social distancing, closed borders and into a better understanding of why and how strangers can enrich our lives.

Hitchhiking Jessica Kingsley Publishers
 NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. "It may be nonfiction, but *Into the Wild* is a mystery of the highest order." —Entertainment

Weekly McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and

belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very

different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

The Crowbar Hotel Pan Macmillan

This is the story of an adventure filled,
good humoured three months
hitchhiking trip my friend Per and I made

through Europe in 1949 on a very small budget. The impetus for the trip was an offer from our mutual employer for the two of us to travel to Frankfurt Am Main to re-establish a pre-war Danish monopoly from the German refrigeration giant ATE. The timing was perfect: Per had just graduated as an accountant, and I had finished first part of Law. After a successful stay in Frankfurt we continue by train to Basel, Switzerland, where the hitchhiking begins. We visit a farmer high in the mountains; laboriously climb the St. Gotthard pass to finally secure a lift with a young Norwegian for a wild ride down the mountain into the Tizino Valley in Italy. Arriving in Milan, we are arrested for being in the wrong place at the wrong time. Fortunately we are rescued from

any in-depth acquaintance with the jail by a friend of Per's father, who's hospitality quickly obliterates our first impression of the city. Proceeding to Genoa, we befriend some seafaring countrymen, and become guests of the international crew on the oiltanker Esso Bea. Unfortunately our innocence and lack of experience with "loose" women lead us into an embarrassing situation, where a collection is taken up on our behalf for a purpose we never suspected. In Pisa we run into - literally - a French student, who on parting gives us an address in Paris, which turns out to be very helpful. Leaving town, we have quite a time helping a lady in distress changing a fat tire. Thanks to some over-eager attempts to expand our limited knowledge of Italian, we miss an

opportunity for cheap accommodation in Rome, the city I mostly remember as the place where I learned to eat tomatoes. Heading north again we are lucky to retrieve a lost poodle to its titled owner, resulting in an overnight stay at an impressive estate near Rapallo. We continue along the coast to Menton, France where we arrive in a semiconscious state after a strenuous late, late night walk around the mountain from Ventimiglia, Italy. We check into what we believe are modest lodgings, only to wake up in the bridal suite of a five-star hotel. Naive insistence on seeing the owner leads to four days in the laps luxury at no cost, and to meeting some interesting people. Without realizing it we are in a race to Marseille, where we turn down a chance

to "hammer rust" on a ship to Algiers. Instead we saunter through the Rhone valley to Lyon, and thanks to some university students get a memorable ride on a truck loaded with peaches destined for Les Halles in Paris. Paris turns out to be extremely hospitable, offering sixteen days in an apartment, which we transform into a "Nouveau Art" exhibit without the owner's knowledge or permission, but fortunately to his eventual approval. Leaving town we join some French hikers for a culinary adventure, and after a short and highly compressed ride cross the border to Belgium. Near Mons we are treated to a most unusual public bath and much more in a friendly neighbourhood. In Bruxelles we secure a ride to Amsterdam, staying overnight as guests

of the driver, who delivers us to the railway station that following morning. Unfortunately there is no train to Denmark until the next day. Our meagre funds exhausted, we are forced to use ingenuity and athletics to find lodgings for this night. We finally return to Denmark convinced that most people are basically friendly, honest, trusting and helpful - a conviction I have retained to this day, in spite of the many exceptions I have met over the years.

Hitchhiking Through Asperger Syndrome
Simon and Schuster

How does it feel to be forever on the move? Who are global nomads? Why did they leave their former lives? How do they finance their travels? And, ultimately, what is the meaning of life for them? In this book our fellow global

nomads, travelers who wander the world without a permanent job or home, answer these intriguing questions. They are modern-day adventurers and vagrants, no one's property. Global nomads value freedom and mastery of their own lives. Their ideas draw from the everyday life and dreams of explorers, philosophers, and vagrants, some notable pioneers including Alexander the Great, Jean-Jacques Rousseau, and George Orwell. This book shows how global nomads revive the ancient ideals of a simple and beautiful life. In the process, home, nationality, freedom, and travel get a new meaning that will permanently change the way in which we perceive the world.

ME TOO, FEMINIST THEORY, AND SURVIVING SEXUAL VIOLENCE IN THE ACADEMY

Jesse Burkhardt

First published in East Germany in 1982 and in West Germany four years later, this collection of short prose firmly established Gabriele Eckart in German literary circles (her poetry had earlier won the critics' praise). Eckart's stories offer a panorama of East German life: sharply drawn vignettes in which "the familiar, the all-too-familiar, takes place alongside the surprising and the bizarre. . . . Authentic sketches with delicate strokes, concise, to the point."—(Aschaffenburg) Main-Echo. Although East Germany disappeared from the map in 1990, the experiences

of the people who endured, evaded, challenged, and thwarted the socialist regime will long affect a reunified Germany. These stories are powerful and moving reminders of what conditions were like not so long ago.

'One of the greatest achievements in comedy. A work of staggering genius' - David Walliams

An international phenomenon and pop-culture classic, *The Hitchhiker's Guide to the Galaxy* has been a radio show, TV series, novel, stage play, comic book and film.

Following the galactic (mis)adventures of Arthur Dent, *Hitchhiker's* in its various incarnations has captured the imaginations of curious minds around the world . . . It's an ordinary Thursday lunchtime for Arthur Dent until his house gets demolished. The Earth follows shortly afterwards to make way for a new hyperspace express route, and his best friend has just announced that he's an alien. At this moment, they're hurtling through space with nothing but their towels and an innocuous-looking book

inscribed, in large friendly letters, with the words: DON'T PANIC. The weekend has only just begun . . . This 42nd Anniversary Edition includes exclusive bonus material from the Douglas Adams archives, and an introduction by former *Doctor Who* showrunner, Russell T Davies. Continue Arthur Dent's intergalactic adventures in the rest of the trilogy with five parts: *The Restaurant at the End of the Universe*, *Life, the Universe and Everything*, *So Long*, and *Thanks for All the Fish*, and *Mostly Harmless*.

Hitchhiking with Larry David Penguin And Another Thing ... will be the sixth novel in the now improbably named *Hitchhiker's Guide to the Galaxy* trilogy. Eight years after the death of its creator, Douglas Adams, the author's widow, Jane

Belson, has given her approval for the project to be continued by the international number one bestselling children's writer, Eoin Colfer, author of the Artemis Fowl novels. Douglas Adams himself once said, 'I suspect at some point in the future I will write a sixth Hitchhiker book. Five seems to be a wrong kind of number, six is a better kind of number.' Belson said of Eoin Colfer, 'I love his books and could not think of a better person to transport Arthur, Zaphod and Marvin to pastures new.' Colfer, a fan of Hitchhiker since his schooldays, said, 'Being given the chance to write this book is like suddenly being offered the superpower of your choice. For years I have been finishing this incredible story in my head and now

I have the opportunity to do it in the real world.' Prepare to be amazed...
