Why do
soldiers fight?
What keeps
them going?
What compels
them to face
death when
their long-time
comrades
have fallen
around them?
Strangers in
Arms
addresses
these
questions in a
groundbreakin
g study of the
behaviour,
morale, and

motivations of
Canadian
infantrymen
on the front
lines of the
Second World
War. Canada's
army has long
faced intense
criticism for its
combat
performance
during the
war, and
Canada's
official history
has presented
Canadian
soldiers as
deficient,
inexperienced,
and
unprepared in
comparison
with their
enemies.
Questioning
entrenched
views, Robert
Engen

explores a
trove of
contemporane
ous
documents to
create a
remarkable
new portrait of
Canadians at
war. Rather
than the
popular "band
of brothers"
image of
soldier
cohesion in
battle, he
finds
staggering
casualty rates
and personnel
turmoil that
left Canadian
infantrymen
often working
with and
fighting
beside men
they hardly
knew. Yet

these strangers in arms continued to fight - effectively and in good spirits - against a tenacious and deadly enemy, triumphing in the face of heartrending loss and sacrifice. Challenging old narratives about the Canadian soldier and supported by cutting-edge empirical and qualitative research, *Strangers in Arms* crafts a new understanding of what happens at the sharp end

of battle. *Strangers in Arms* McGill-Queen's Press - MQUP This list of casualties for the Vietnam War (Vietnam Conflict) for the State of Oklahoma were compiled using information gathered through the Vietnam Conflict Extract Data Files from the Office of the Secretary of Defense. VIETNAM WAR CASUALTY LIST

Forgotten Books
This is a comprehensive and highly emotive volume, borne of years of intensive research and many trips to the battlefields of the Great War. It seeks to humanize the Menin Gate Memorial (North), to offer the

reader a chance to engage with the personal stories of the soldiers whose names have been chiseled there in stone. Poignant stories of camaraderie, tragic twists of fate and noble sacrifice have been collated in an attempt to bring home the reality of war and the true extent of its tragic cost. It is hoped that visitors to the battlefields, whether their relatives are listed within or not, will find their experience

enriched by having access to this treasure trove of stories.

By definition, a casualty is a military person lost by death, wounds, injury, sickness,</p>	<p>internment, or capture or through being missing in action. This book is based on available records and it is not a complete list because many men who were wounded in battle in 1814 treated themselves and fought on; thus, many were not recorded as such on company muster rolls. Still others would be recorded if they were unable to serve for a period of time and would be listed as sick</p>

or absent in hospital and even more men reported their wounds only when they were in the process of applying for government assistance in their old age, such as for bounty land or a pension. There are 2,890 soldiers and seamen listed in this book; many with biographical data. Entries are listed alphabetically by surname. The amount of information given in each entry varies greatly; however,

entries typically include: surname, given name, rank or occupation, illness or injury (if stated), cause and date of death (if applicable), and source of information. Entries may also contain any combination of the following: age, height, place of birth, place of service or work, date of enlistment, years served, date of discharge, place of discharge, name of heir

(spouse or sibling or children), prisoner of war data, and much more. "1812 Monuments to the Soldiers" follows the entries and gives detailed accounts, with photographs, of: Aquila Randall Monument, Armistead Statue Monument at Ft. McHenry, Armistead Monument at Federal Hill, Battle Monument, Battle Acre Park, Bladensburg Monument, Caulk's Field Monument,
