## MAXIMUS ROBINSON

*Growing Up Muslim in Australia* Penguin Brings the science of biological anthropology to bear on understanding how our evolutionary history has shaped a phenomenon everyone has experienced - childhood. Tracking deep into our evolutionary history, anthropological science has begun to unravel one particular feature that sets us apart from the many, many animals that came before us - our uniquely long childhoods. *Growing Up Human* looks at how we have diverged from our ancestral roots to stay 'forever young' - or at least what seems like forever - and how the evolution of childhood is a critical part of the human

story. Beginning with a look at the ways animals invest in their offspring, the book moves through the many steps of making a baby, from pair-bonding to hidden ovulation, points where our species has repeatedly stepped off the standard primate path. From the mystery of monogamy to the minefield of modern parenting advice, biological anthropologist Brenna Hasset reveals how differences between humans and our closest cousins lead to our messy mating systems, dangerous pregnancies, and difficult births, and what these tell us about the kind of babies we are trying to build. Using observations of our closest primate relatives, the tiny relics of childhood that come to us from the archaeological record, and the bones and teeth of our ancestors, science has started to unravel the

evolution of our childhood right down the fossil record. In our species investment doesn't stop at birth, and as *Growing Up Human* reveals, we can compare every aspect of our care and feeding, from the chemical composition of our milk to our fondness for formal education from ancient times onwards, in order to understand just what we evolved our weird and wonderful childhoods for.

### Coming to Age Spectra

Latinx children navigating identity, citizenship, and belonging in a divided America An estimated sixty million people in the United States are of Latinx descent, with youth under the age of eighteen making up two-thirds of this swiftly growing demographic. In *Growing Up Latinx*, Jesica Siham Fernández explores the lives of Latinx youth as they grapple

with their social and political identities from an early age, and pursue a sense of belonging in their communities as they face an increasingly hostile political climate. Drawing on interviews with nine-to-twelve-year-olds, Fernández gives us rare insight into how Latinx youth understand their own citizenship and bravely forge opportunities to be seen, to be heard, and to belong. With a compassionate eye, she shows us how they strive to identify, and ultimately redefine, what it means to come of age--and fight for their rights--in a country that does not always recognize them.

Fernández follows Latinx youth as they navigate family, school, community, and country ties, richly detailing their hopes and dreams as they begin to advocate for their right to be treated as citizens in full. *Growing Up Latinx* invites us to witness the inspiring power of young people as they develop and make heard their political voices, broadening our understanding of citizenship.

*Growing Up Ugly* Berkley

"Ilyasah Shabazz has written a compelling and lyrical coming-of-age story as well as a candid and heart-warming tribute to her parents. *Growing Up X* is destined to become a classic." -SPIKE LEE February 21, 1965: Malcolm X is assassinated in Harlem's Audubon Ballroom. June 23, 1997: After surviving for a remarkable twenty-two days, his widow, Betty Shabazz, dies of burns suffered in a fire. In the years between, their six daughters reach adulthood, forged by the memory of their parents' love, the meaning of their cause, and the power of their faith. Now, at long last, one of them has recorded that tumultuous journey in an unforgettable memoir: *Growing Up X*. Born in 1962, Ilyasah was the middle child, a rambunctious livewire who fought for--and won--attention in an all-female household. She carried on the legacy of a renowned father and indomitable mother while navigating childhood and, along the way, learning to do the hustle. She was a different color from other kids at camp and yet, years later as a young woman, was not radical enough for her college classmates. Her story is, above all else, a tribute to a mother of almost unimaginable forbearance, a woman who, "from that day at the Audubon when she heard the shots and threw her body on [ours, never] stopped shielding her children."

*Growing Up Latinx* Createspace Independent Pub

This is a novel about coming-of-age. It's also known as the age of consent, age of majority, or a rite of passage. It can be the

hardest thing you'll ever do and there's nothing in life more natural. Although it's timing is usually in the early teens, it's not tied to a certain age. Suddenly, there are new responsibilities and hard decisions to make. This story takes you from the Wild West well into the Twentieth Century. It's a reminder that the attempt to understand the uncertainties of youth as you try to conform and adapt to the present while coping with the insecurities of the future, is timeless. Your challenges and solutions are the same as those who have passed this way before.

Rosetta Books

When eighteen-year-old Orchid Faye leaves her childhood home behind, she takes with her the baggage of a negative self-image imposed upon her by her narcissistic mother. Determined to prove her value as a person and escape her mother's influence, she heads for New York City where, she believes, the impossible is possible. As this strong but untested young woman navigates through the pitfalls of a big city, she lands a job that leads to her career as a model. In Manhattan, she makes friends and starts to fit in. When she meets the divorced Sam LeVine, a handsome and charismatic businessman with two pre-teen daughters, Orchid believes she has found true love. Sam introduces her to the glitter and glamour of Manhattan society and their East Hampton playground, but Orchid discovers there's no easy road to happiness. As she fights to retain her identity, revelations of long-buried secrets trigger a shift in her perceptions. Confronting the challenges, she learns lesson in heartbreak, compassion and truth. *Growing Up Ugly* is a compelling coming-of-age novel that examines family, love, and identity through the eyes of an appealing, courageous young woman whose struggles and triumphs take the reader on a thrilling journey. Praise for *Growing Up Ugly*: The fine narrative in this novel drives the story forward consistently and smoothly. Readers understand exactly what's happening at any given point in the story and the descriptive elements give them a wonderful sensory experience. ... In terms of basic narrative, this is the best book I've read in the past few months. - Mike Foley, author and editor  
*Why Grow Up?* Zondervan  
A wry and witty meditation on modernity's obsession with youth and its denigration of maturity In *Why Grow Up?* the philosopher Susan Neiman asks not just why one should grow up but how. In making her case she draws chiefly from the thought of

Kant and Rousseau, who articulated very different theories on the proper way to "come of age." But these thinkers complement each other in seeking a "path between mindlessly accepting everything you're told and mindlessly rejecting it," and in learning to live without despair in a world marked by painful realities and uncertainties. Neiman challenges both those who dogmatically privilege innocence and those who see youth as weakness. Her chief opponents are those who equate maturity with cynicism. "In our day it is more common to meet people who are stuck in the mire of adolescence. The world turns out not to reflect the idea and ideals they had for it? So much the worse for ideals." To move beyond these immature positions, Neiman writes, is not simply to lapse into quiet resignation but to learn to take joy and satisfaction in what can be done and known, and to face rather than feel defeated by our inevitable limits.

*Childhood on the Farm* The New Press

Muslim people in Australia come from over seventy countries and represent a wide variety of cultural backgrounds and experiences. Yet we are constantly bombarded by media stories feeding one negative stereotype. What is it really like to grow up Muslim in Australia? In this book, famous and not-so-famous Muslim-Australians tell their stories in their own voices. The beard, the hijab, the migrant - these are all familiar images associated with Muslim people. But delve deeper and there are many other stories: the young female boxer entering the ring for her first professional bout; a ten-year-old boy who renounces religion; a young woman struggling to reconcile her sexual identity with her faith. These honest and heartfelt stories will resonate with all readers, providing different snapshots of Muslim life in Australia, dispelling myths and stereotypes, and above all celebrating diversity, achievement, courage and determination. With stories by Randa Abdel-Fattah, Arwa Abousamra, Michael Mohammed Ahmad, Tanveer Ahmed, Ali Alizadeh, Amal Awad, Tasneem Chopra, Hazem El Masri, Bianca Elmir, Sabrina Housami-Richardson, Alyena Mohummadally and Irfan Yusuf. 'The kind of book that will change how readers look at the world. Coloured with many shades of humour, warmth, sadness, anger, determination and honesty, it will resonate with readers from all backgrounds and beliefs.' Bookseller+Publisher 'It's hard to imagine a more varied group of young people, united only by the fact that they come from diverse Muslim backgrounds. Story after story explodes the

stereotypes...' The Age '[W]hat is particularly striking is the diversity of backgrounds among the contributions. Perhaps it is not really surprising, given that Australian Muslims come from 70 different countries.' Thuy On, *The Sydney Morning Herald*

**Coming of Age in Mississippi** NYU Press  
"The greatest battle we will face is figuring out if God is real and if He is necessary in our lives." -Desiray Henderson There are many changes that take place from one's childhood to the point where they become an adult. These changes are challenging and unpredictable. Many young adults experience stressful years as they figure out the path for their life. Some wonder what they should do, and others who have made a decision still wonder how they will do it. As we get older, we encounter issues that force us to learn lessons that we wish we had known earlier. *The Coming of Age* provides advice, encouragement, and guidance to help readers as they embark on a journey through adulthood. It focuses on three key aspects that we must effectively know how to handle as we grow in our lives. These include our encounters with God, people, and the responsibility in our lives. This book also includes fourteen letters of encouragement to strengthen every heart as we grow in grace.

**Growing Up Chicago** Trilogy Christian Publishing  
Micah Toub faced quite a few psychological challenges when he was growing up. And two of his best guides through them - as well as the biggest causes of them - were his parents. Part memoir, part introduction to famous and infamous psychological concepts past and present, *Growing Up Jung* tells the story of a boy raised by two psychologists. It's an extraordinary coming-of-age story, replete with more sexual confusion and domestic dysfunction than even the average adolescent has to endure. And through the telling of that story, Toub is able to discuss such topics as why Freud's obsession with Oedipus threatens our chances today of being close to our mothers; the methods a Jungian psychologist might use to help a young man overcome sexual anxiety; and why it is okay to sometimes let your inner-murderer out for the night. Referencing the written works of the thinkers discussed, books that have been written about them, and relevant contemporary pop culture, Toub discusses and explains such topics as Synchronicity, Archetypes, and the Oedipus Complex, as well as lesser-known corners of the psyche, such as the Ally, the Dreambody, and what Jung called Active Imagination. And he is able to weave all this information seamlessly

into his own story, because if there was a psychological problem going, it went Toub's way. Call it synchronicity. And if you don't know what synchronicity is, see chapter 5.

**Growing Up X** Vintage

A collection of fictional and non-fictional stories and essays by a variety of authors dealing with the experience of becoming an adult.

### THE HOUSE ON MANGO STREET

Outskirts Press

NATIONAL BESTSELLER • A coming-of-age classic, acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. *The House on Mango Street* is the remarkable story of Esperanza Cordero, a young Latina girl growing up in Chicago, inventing for herself who and what she will become. Told in a series of vignettes—sometimes heartbreaking, sometimes deeply joyous—Sandra Cisneros' masterpiece is a classic story of childhood and self-discovery. Few other books in our time have touched so many readers. "Cisneros draws on her rich [Latino] heritage...and seduces with precise, spare prose, creat[ing] unforgettable characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one." —The New York Times Book Review

**The Falconer** Simon and Schuster

The son of two Jungian psychologists describes his upbringing in a virtual laboratory of psychotherapy, presenting the pros and cons of growing up surrounded by dreamwork, archetypes, conflict resolution, the Oedipus complex and transference.

### GROWING UP

Doubleday Canada

This book covers media presentations of the transition from childhood to adulthood from the 1950s to the year 2010. It explores the ways that adolescence is characterized in pop culture, shows how powerful media and entertainment are in establishing societal norms, and considers how American society views and values adolescence. Topics addressed include race relations, gender roles, religion, and sexual identity.

**Growing Up Weightless** Joanna Cotler

In 1973, a sweet-tempered, ferociously imaginative ten-year-old boy named Patrick Horrigan saw the TV premiere of the film version of *Hello, Dolly!* starring Barbra Streisand. His life would never be the same. *Widescreen Dreams: Growing*

*Up Gay at the Movies* traces Horrigan's development from childhood to gay male adulthood through a series of visceral encounters with an unexpected handful of Hollywood movies from the 1960s and 1970s: *Hello Dolly!*, *The Sound of Music*, *The Poseidon Adventure*, *Dog Day Afternoon*, and *The Wiz*.

**Growing Up Jung: Coming of Age as the Son of Two Shrinks** Turtleback Books

Introduction: Latinx youth growing up in the United States -- Legality as having papeles -- Socializing future citizens -- Rights as a privilege -- Citizenship as a sociopolitical process -- Claiming rights beyond state relations -- Conclusion: Reimagining citizenship, legality, and rights.

**Becoming Tonus 0** Simon and Schuster

A New York Times Editor's Choice Pick "A novel of huge heart and fierce intelligence. It has restored my faith in pretty much everything." —Ann Patchett, #1 New York Times bestselling author of *Commonwealth* "[An] electric debut novel...Reader, beware: Spending time with *Lucy* is unapologetic fun, and heartbreak, and awe as well." —Chloe Malle, *The New York Times Book Review* In this "frank, bittersweet coming-of-age story that crackles with raw adolescent energy, fresh-cut prose, and a kinetic sense of place" (*Entertainment Weekly*), a teenaged tomboy explores love, growing up, and New York City in the early 1990s. New York, 1993. Street-smart seventeen-year-old Lucy Adler is often the only girl on the public basketball courts. Lucy's inner life is a contradiction. She's by turns quixotic and cynical, insecure and self-possessed, and, despite herself, is in unrequited love with her best friend and pickup teammate, Percy, the rebellious son of a prominent New York family. As Lucy begins to question accepted notions of success, bristling against her own hunger for male approval, she is drawn into the world of a pair of provocative feminist artists living in what remains of New York's bohemia. Told with wit and pathos, *The Falconer* is at once a novel of ideas, a portrait of a time and place, and an ode to the obsessions of youth. In her critically acclaimed debut, Dana Czapnik captures the voice of an unforgettable modern literary heroine, a young woman in the first flush of freedom.

**Widescreen Dreams** Macmillan

The definitive book on helping kids navigate growing up in a world where nearly every moment of their lives can be shared and compared NATIONAL BESTSELLER With social media and constant connection, the boundaries of privacy are stretched thin. *Growing Up in*

Public shows parents how to help tweens and teens navigate boundaries, identity, privacy, and reputation in their digital world. We can track our kids' every move with apps, see their grades within minutes of being posted, and fixate on their digital footprint, anxious that a misstep could cause them to be "canceled" or even jeopardize their admission to college. And all of this adds pressure on kids who are coming of age immersed in social media platforms that emphasize "personal brand," "likes," and "gotcha" moments. How can they figure out who they really are with zero privacy and constant judgment? Devorah Heitner shows us that by focusing on character, not the threat of getting caught or exposed, we can support our kids to be authentically themselves. Drawing on her extensive work with parents and schools as well as hundreds of interviews with kids, parents, educators, clinicians, and scholars, Heitner offers strategies for parenting our kids in an always-connected world. With relatable stories and research-backed advice, *Growing Up in Public* empowers parents to cut through the overwhelm to connect with their kids, recognize how to support them, and help them figure out who they are when everyone is watching.

### **GROWING UP HUMAN**

Dell

An unflinching and endearing memoir from LGBTQ+ advocate Jackson Bird about how, through a childhood of gender mishaps and an awkward adolescence, he finally sorted things out and came out as a transgender man in his mid-twenties. When Jackson Bird was twenty-five, he came out as a transgender to his friends, family, and anyone in the world with an internet connection. Assigned female at birth and raised as a girl, he often wondered if he should have been born a boy. Jackson didn't share this thought with anyone because he didn't think he could share it with anyone. Growing up in Texas in the 1990s, he had no transgender role models. He barely remembers meeting anyone who was openly gay, let alone being taught that transgender people existed outside of punchlines. In this "soulful and heartfelt coming-of-age story" (Jamia Wilson, director and publisher of the Feminist Press), Jackson chronicles the ups and downs of growing up gender confused. Illuminated by journal entries spanning childhood to adolescence to

today, he candidly recalls the challenges and loneliness he endured as he came to terms with both his gender and his bisexual identity. With warmth and wit, Jackson also recounts how he navigated the many obstacles and quirks of his transition--like figuring out how to have a chest binder delivered to his NYU dorm room and having an emotional breakdown at a Harry Potter fan convention. From his first shot of testosterone to his eventual top surgery, Jackson lets you in on every part of his journey--taking the time to explain trans terminology and little-known facts about gender and identity along the way. "A compassionate, tender-hearted, and accessible book for anyone who might need a hand to hold as they walk through their own transition or the transition of a loved one" (Austin Chant, author of *Peter Darling*), *Sorted* demonstrates the power and beauty in being yourself, even when you're not sure who "yourself" is. *Coming of Age in Popular Culture* HarperCollins  
*Growing Up Chicago* is a collection of coming-of-age stories written by Chicagoland authors that reflects the diversity of the city and its metropolitan area. Primarily memoir, the book asks, What characterizes a Chicago author?
