Valentino & I - Timeless Love Thomas Nelson

"Words by the millions have been printed about you, but none have revealed your real life, your secret life--which is that you belong to me." In this beautifully rendered literary memoir, Lucinda Franks, a Pulitzer Prize-winning journalist, tells the intimate story of her marriage to Manhattan District Attorney Robert Morgenthau, one of the great men of our time. After Lucinda interviewed Bob for The New York Times in 1973, the two took a while to understand that they had fallen in love. Franks was a self-styled radical who marched with protesters and chained herself to fences. Morgenthau was a famous lawyer, a symbol of the establishment, who could have helped put her in jail. She was twenty-six. He was fifty-three. Now, thirty-six years into a marriage that was never supposed to happen, one between two people as deeply in love as they are different, they are living proof that opposites can forge an unbreakable life bond. In *Timeless*, Franks offers a confidential tour of their unconventional years together, years that are both hilarious and interlaced with suspense. At the same time, she takes us behind the scenes to reveal the untold stories behind some of Morgenthau's most famous cases, many of which she helped him brainstorm for. A compelling memoir with piercing insights into how a relationship grows and develops over a lifetime, *Timeless* grants us an enlightening window into one of New York's most famous yet defiant and iconoclastic couples, and the trials and successes of

their union.

That August day in 2004 was hot. Eighty-two-year-old Edna sat in her living room sipping a cold drink. I sat facing her holding a glass of water in my hand. The 40-year age difference between us didn't bother Edna or me; we'd known each other for years. She was my spiritual mother. Each week we studied the Bible, talked and prayed

There are some who will let nothing stand in their way. Once they decide that they have found the ultimate happiness, the decision

is final, and they'll do whatever it takes to love freely. *Timeless Love* is the story of two very different people, who are each struggling to survive and live a happy life. Warren McLean is a rebel who has faced more than a decade of hardships to become a successful Hollywood director, and he's getting closer to his goal with every stride and decision he makes. Whereas Pauline Clemens is a pampered girl who is perfectly happy to live life by the rules, but she keeps losing the people she loves, and her world is slowly filling up with darkness. When destiny brings these two together, both of their lives are irrevocably changed forever. They are each put in a position where neither can survive without the other, and the connection they ultimately develop is one that very few people ever achieve. Touching, heartfelt, and deliciously brilliant, this book will leave you thinking long after you've finished reading about the unstoppable power of love.

Timeless Love Harlequin Treasury-Harlequin Temptation 90s
 A truly amazing story which shows how love transcends all time. A personal testament to the fact that love is eternal, that love endures and does not die when the physical body does. Love transports us through all of our journeys but we need to remember this. Twin soul love is powerful and a part of every individual where each of us seeks to find what we feel to be missing. But how do you know when it's found? How can you be sure about love when you have forgotten how it truly feels. When two people discover their twin soul love for one another, not only in this lifetime but also remember it from a previous lifetime, then they can guide us all. Finding love, understanding love, as well as appreciating our true self for who we really are, continues to be shrouded in the mystery of our day to day earthly existence. This enduring lack of understanding only serves to perpetuate an unwarranted sense of incompleteness and loneliness deep within us which all too often gives rise to feelings of fear, despair and discontent. So, as a consequence, we experience an insatiable desire to search for a mystifying 'something' which we somehow instinctively know we need but have little or no idea where to even begin looking. Concealed within this dilemma, and even more perplexing, lies the concept of our eternal soul. This elemental but powerful 'you' resides unacknowledged at the core of your very being while remaining seemingly silent as you journey in search of your ultimate happiness. This subject alone has occupied the minds of philosophers throughout the ages but to be aware that we have another aspect to compliment our earthly existence is as intriguing as it is confusing. To appreciate that each soul is but

one half of its twin gives rise to an important insight into what motivates our need to do the things that we do, or to search for what we feel driven to find. This remarkable story tells of two people, Ron and Janet who not only found each other in this lifetime but were also together in a previous and very dramatic lifetime while being caught up in the revolutionary war which ultimately gave birth to the USA of today. Through following their experiences, trials, traumas and triumphs, plus journeys into the afterlife, you will learn more about not only how they discovered themselves to be twin souls but how important this whole subject is and what it means to you. In trying to figure out what compels you to do the things that you do while making the choices that you do then having an appreciation of the twin soul that you are brings an extra dimension of clarity. Through coming to know yourself better, then this inevitably leads to discovering your path towards your greatest happiness while attracting and expressing the love which you so dearly wish to experience along the way. While reading an entertaining story you will find yourself being drawn in to a process which poses many questions about the life that we lead as well as what makes you who you are. Combining real life experience with that of a fascinating journey into a world which we have virtually no understanding of then you will be led towards a greater appreciation of the love which is so important to you.
