This chart is designed to help you be more consistent in disciplining your children. When children disobey, this chart helps parents know what to do and helps children know what to expect. The first column lists common areas of misbehavior (arguing, complaining, hitting, defiance, etc.), each illustrated with a simple cartoon. The center column gives a Bible verse relating to each sin. The third column is blank, for you to complete with the agreed-upon consequences for each misbehavior. The instructions offer suggestions, but you choose your own disciplinary actions. You can cut out the pre-lettered consequences and glue them onto the chart, or write in your own.

Physics is equally appropriate for average and gifted students. The entire program is based on introducing a topic to a student and then allowing them to build upon that concept as they learn new ones. Topics are gradually increased in complexity and practiced every day, providing the time required for concepts to become totally familiar. Includes: Student Textbook (Hardcover) 100 Lessons Appendix with selected tables Periodic Table of the Elements Answers to odd-numbered problems Homeschool Packet With Test Forms 25 Test Forms for homeschooling Answer Key to odd-numbered Textbook Problem Sets Answer Key to all homeschool Tests
