Max Frisch
este un
observator
neutru al unor
fapte care
abundă în
emoție, dar pe
care alege să
le trateze
rațional, așa

cum ar
întocmi un
raport. Ridică
astfel o
întrebare la
care nu își
propune să
dea un
răspuns, ci
mai degrabă îi
oferă
cititorului
toate
informațiile cu
care să își
poată formula
singur
răspunsul -

este viața doar rațiune, logică și ordine sau pot emoțiile, coincidențele și chiar destinul să ne ghideze drumul zi de zi? Homo faber nu pune în lumină antiteze precum rațiune versus credință sau emoție versus logică, ci mai degrabă observă viața, de la o distanță suficient de mare, încât să nu spună mai mult decât trebuie spus și să nu descopere mai mult decât trebuie

descoperit.

Cambridge University Press
The accidental reunion of two men, former schoolmates, and their wives in a lakeside resort leads to a comparison of memories, an awkward intimacy, and a moment of terrible, yet exhilarating liberation.
[A Companion to the Works of Max Frisch](#)
Dalkey Archive Press
Until his death in 1982, Karl

von Frisch was the world's most renowned authority on bees. The Dance Language and Orientation of Bees is his masterwork--the culmination of more than fifty years of research. Now available for the first time in paperback, it describes in non-technical language what he discovered in a lifetime of study about honeybees--their methods of orientation, their sensory faculties, and their remarkable

ability to communicate with one another. Thomas Seeley's new foreword traces the revolutionary effects of von Frisch's work, not just for the study of bees, but for all subsequent research in animal behavior. This new paperback edition also includes an "Appreciation" of von Frisch by the distinguished biologist Martin Lindauer, who was Frisch's protégé and later his	colleague and friend. <i>Communication Among Social Bees</i> Springer This book explores how street art has been used as a tool of resistance to express opposition to political systems and social issues around the world. Aesthetic devices such as murals, tags, posters, street performances and caricatures are discussed in terms of how they are employed to occupy urban	spaces and present alternative visions of social reality. Based on empirical research, the authors use the framework of creative psychology to explore the aesthetic dimensions of resistance that can be found in graffiti, art, music, poetry and other creative cultural forms. Chapters include case studies from countries including Brazil, Canada, Chile, Denmark, Egypt, Ireland,
--	---	---

Mexico and Spain to shed new light on the social, cultural and political dynamics of street art not only locally, but globally. This innovative collection will be of particular interest to scholars of social and political psychology, urban studies and the wider sociologies and is essential reading for all those interested in the role of art in social change.

Plays Of Max Frisch

Andorra

A “touching, furious, sharp, and very funny” novel of an immigrant teenage girl finding her own identity in France (Booklist). The Paradise projects are only a few metro stops from Paris, but it feels like a different world. Doria’s father, aka the Beard, has headed back to their hometown in Morocco, leaving her

and her mom to cope with their mektoub, their destiny, alone. They have a little help—from a social worker sent by the city, a psychiatrist sent by the school, and a thug friend who recites Rimbaud. It seems like fate has dealt them an impossible hand, but Doria might still make a new life—“with bravado, humor, and a healthy dose of rage” (St. Petersburg Times). “[A] sassy, spunky

tale . . . Doria has what it takes to storm any barricade.” —The Hartford Courant “[Doria is] as likable as Holden Caulfield or Prep’s Lee Fiora. Readers will cheer. Highly recommended .” —Library Journal, starred review “A promising addition to the world’s literary voices.” —The Miami Herald “Moving and irreverent, sad and funny, full of rage and intelligence. Her voice is fresh, and her

book a
delight.”

RESISTANCE

Dalkey Archive Press This book includes the best works presented at the scientific and practical conference that took place on February 1, 2018 in Pyatigorsk, Russia on the topic "Perspectives on the use of New Information and Communication Technology (ICT) in the Modern Economy". The conference was organized by the

Institute of Scientific Communications (Volgograd, Russia), the Center for Marketing Initiatives (Stavropol, Russia), and Pyatigorsk State University (Pyatigorsk, Russia). The book presents the results of research on the complex new information and communication technologies in the modern economy and law as well as research that explores limits of and opportunities for their

usage. The target audience of this book includes undergraduates and postgraduates, university lecturers, experts, and researchers studying various issues concerning the use of new information and communication technologies in modern economies. The book includes research on the following current topics in modern economic science: new challenges and

opportunities for establishing information economies under the influence of scientific and technical advances, digital economy as a new vector of development of the modern global economy, economic and legal aspects of using new information and communication technologies in developed and developing countries, priorities of using the new information and

communication technologies in modern economies, platforms of communication integration in tourism using new information and communication technologies, and economic and legal managerial aspects and peculiarities of scientific research on the information society.

**Sketchbook
1966-1971**

University of Toronto Press
This textbook provides a global, chronological

mapping of significant areas of theatre, sketched from its deepest history in the evolution of our brain's 'inner theatre' to ancient, medieval, modern, and postmodern developments. It considers prehistoric cave art and built temples, African trance dances, ancient Egyptian and Middle-Eastern ritual dramas, Greek and Roman theatres, Asian dance-dramas and puppetry, medieval

European performances, global indigenous rituals, early modern to postmodern Euro-American developments, worldwide postcolonial theatres, and the hyper-theatricality of today's mass and social media. Timelines and numbered paragraphs form an overall outline with distilled details of what students can learn, encouraging further explorations online and in the library. Questions

suggest how students might reflect on present parallels, making their own maps of global theatre histories, regarding geographical theatrics in the media, our performances in everyday life, and the theatres inside our brains.

A WOMAN RIDES THE BEAST

Camden House
Finalist for the Pulitzer Prize •
Winner of the Council on Foreign Relations Arthur Ross Book Award •
One of the New York Times' Ten Best Books of the Year
"Impressive . . . Mr. Judt

writes with enormous authority."
—The Wall Street Journal
"Magisterial . . . It is, without a doubt, the most comprehensive, authoritative, and yes, readable postwar history."
—The Boston Globe
Almost a decade in the making, this much-anticipated grand history of postwar Europe from one of the world's most esteemed historians and intellectuals is a singular achievement.

Postwar is the first modern history that covers all of Europe, both east and west, drawing on research in six languages to sweep readers through thirty-four nations and sixty years of political and cultural change—all in one integrated, enthralling narrative. Both intellectually ambitious and compelling to read, thrilling in its scope and delightful in its small details, Postwar is a rare joy. Judt's

book, Ill Fares the Land, republished in 2021 featuring a new preface by bestselling author of Between the World and Me and The Water Dancer, Ta-Nehisi Coates. Writing and Rewriting the Holocaust Routledge Seminar paper from the year 1973 in the subject American Studies - Literature, grade: 1,0, University of Massachusetts - Amherst (English Department), course: English 750, Early

American Literature, Professor Lowance, Fall Semester, 1973, language: English, abstract: Max Frisch novel "Stiller" was influenced by the American tale "Rip Van Winkle" by Washington Irving. Irving himself was influenced by a German source. In this work, the author tries to untangle the interwoven works of Frisch and Irving. In the work the author singles out "Rip Van Winkle" by

Washington Irving and expound it in a new with the assistance of a reverberation which this tale has had in the writings of the modern Swiss German author Max Frisch. The author is convinced that to draw certain conclusions from the influence a given work of literature exerts on later works of literature is as legitimate in literary interpretation as to infer anything from the use to

which an author puts his source material. The author also believes that Frisch's modern exploitation of the "Rip Van Winkle" story may shed as much new light on Irving's achievement as the comparison between "Rip Van Winkle" and its German source in the tale of "Peter Klaus, the Goatherd" has done. The Charter of the United Nations Springer Reviewing

statistical mechanics concepts for analysis of macromolecular structure formation processes, for graduate students and researchers in physics and biology. No and Me New York : Holt, Rinehart, Winston In his latest book, fairy tales expert Jack Zipes explores the question of why some fairy tales "work" and others don't, why the fairy tale is uniquely capable of getting under

the skin of culture and staying there. Why, in other words, fairy tales "stick." Long an advocate of the fairy tale as a serious genre with wide social and cultural ramifications, Jack Zipes here makes his strongest case for the idea of the fairy tale not just as a collection of stories for children but a profoundly important genre. Why Fairy Tales Stick contains two chapters on the history and theory of

the genre, followed by case studies of famous tales (including Cinderella, Snow White, and Bluebeard), followed by a summary chapter on the problematic nature of traditional storytelling in the twenty-first century.
