Join artist Sarah Simblet on an
inspirational journey of discovery as she
teaches you how to draw every type of
plant. From the tiniest mosses to exotic
flowers and majestic trees, this book
shows how understanding botany will
give your portraits of plants vibrancy and
life. In *Botany for the Artist*, Sarah
Simblet takes you on a personal tour of
the kingdom of plants, encouraging you
to observe them more closely and draw
them more accurately. She shows how to
begin with simple shapes, outline the
composition, blend colors, and add
highlights and other finishing touches.
Complemented by beautiful
photographs, Sarah's drawings reveal
the structure of roots, stems, leaves,
flowers, and fruits. Step-by-step drawing
classes and detailed pages from Sarah's
sketchbooks guide you through all the
techniques that you need to draw plants

successfully. Masterclasses by famous
artists - from Renaissance masters to
contemporary illustrators - showcase
different approaches to botanical
illustration over the centuries. Botany for
the Artist is a visual feast, not just for
anyone wishing to master drawing
plants, but for gardeners,
photographers, and everyone who is
passionate about plants and how they
are portrayed in art.

◆ Ideal gift for children. ◆ Learn from these timeless classic teachings that have inspired so many children and adults alike to create their own beautiful works of art. ◆ Simple to follow, yet for budding artists of all ages leads to

enviable drawing skills. ♦ Step-by-step technique takes a blank page to a finished drawing using principles seen in sophisticated artwork and animations today. ♦ Fast progression in skill level with this method that uses gradual, simplified stages to build a finished piece of artwork. Learning to draw can be easy when you are shown correctly right from the start. So why not learn from the master teacher who is credited to have inspired Walt Disney to start drawing and pursue his animating career. Author and illustrator Edwin George Lutz is the man, and he is famous for his method of breaking down complex illustrations into simple step-by-step stages that anyone can follow. Many fine artists and illustrators over the decades have used his technique, and the classic teachings in this book will teach you how as well. In this remarkable course you will learn to draw many types of plants, landscapes, shapes, and other things such as various objects. Some of these objects you will learn to draw include airplanes, automobiles, trains, boats, and toys. This book is aimed at teaching children (although it's great for any beginner no matter the age), and the choice of pictures is designed to keep a child fascinated. The method makes for a magical experience making drawing easy and delightfully interesting. The book is 104 pages and provides a step-by-step system that fixes the object in memory and develops naturally a physical skill and a memorized knowledge of proportion and form. Images are broken down into simple key-lines, which are then built upon with clear step-by-step instructions, resulting in impressive drawings. Instructions are very brief, for the key-lines of each object tell their own story and the child is entranced by the

results soon gained. The youngest child may grasp the magic progress of this way of working and he or she will quickly learn to draw the picture naturally and well. We think anyone who applies the knowledge contained within this course will be delighted with their results, and the speed and ease at which they attain them.
