Traylor House Publishers
From the "the dean of intrigue novelists" (St. Louis Post-Dispatch) comes a New York Times-bestselling novel of terrorism and

revenge featuring IRA-hitman-turned-intelligence-operative Sean Dillon... "The bell rings at midnight, as death requires it."—Irish proverb In Ulster, Northern Ireland, a petty criminal kills a woman in a drunken car crash. Her sons swear revenge. In London, Sean Dillon and his colleagues in the "Prime Minister's private army," fresh from defeating a deadly al-Qaeda operation, receive a warning: You may think you have weakened us, but you have only made us stronger. In Washington, D.C., a special projects director with the CIA, frustrated at not getting permission from the President for his daring anti-terrorism plan, decides to put it in motion anyway. He knows he's right—the nation will thank him later. Soon, the ripples from these events will meet and overlap, creating havoc in their wake. Desperate men will act, secrets will be revealed—and the midnight bell will toll.

Radio's Captain Midnight Susu Entertainment LLC
Now long out of print, John Dunning's *Tune in Yesterday* was the definitive one-volume reference on old-time radio broadcasting. Now, in *On the Air*, Dunning has completely rethought this classic work, reorganizing the material and doubling its coverage, to provide a richer and more informative account of radio's golden age. Here are some 1,500 radio shows presented in alphabetical order. The great programs of the '30s, '40s, and '50s are all here—Amos 'n' Andy, Fibber McGee and Molly, The Lone Ranger, Major Bowes' Original Amateur Hour, and The March of Time, to name only a few. For each, Dunning provides a complete broadcast

history, with the timeslot, the network, and the name of the show's advertisers. He also lists major cast members, announcers, producers, directors, writers, and sound effects people--even the show's theme song. There are also umbrella entries, such as "News Broadcasts," which features an engaging essay on radio news, with capsule biographies of major broadcasters, such as Lowell Thomas and Edward R. Murrow. Equally important, Dunning provides a fascinating account of each program, taking us behind the scenes to capture the feel of the performance, such as the ghastly sounds of *Lights Out* (a horror drama where heads rolled and bones crunched), and providing engrossing biographies of the main people involved in the show. A wonderful read for everyone who loves old-time radio, *On the Air* is a must purchase for all radio hobbyists and anyone interested in 20th-century American history. It is an essential reference work for libraries and radio stations.

Marvel Super Hero Adventures Marvel Entertainment Summarizes the plots of over 800 episodes of the popular radio drama's later years, 1945-1949, as well as providing additional information about the show.

Cassidy Jones and the Secret Formula McFarland

Hailed as "the heir to Roald Dahl" by *The Spectator*, the UK's #1 bestselling children's author, David Walliams, will have fans of Jeff Kinney and Rachel Renee Russell in stitches! David Walliams burst on to the American scene with his *New York Times* bestseller *Demon Dentist*, and now he's bringing his signature humor to the sick ward in *The Midnight Gang*. Tom lands in the hospital with a nasty bump on the head after a gym class accident. And things only get worse when he meets the hospital staff, including the wicked matron of the children's ward.. But luckily, Tom's time in the hospital will be anything but boring when he discovers that his fellow patients turn the awful ward into the most wondrous world after lights out Join the *Midnight Gang* as they make their wildest dreams come true!

Being the Tale of Kit Bristol, His Horse Midnight, a Mysterious Princess, and Sundry Magical Persons Besides Abbott Press

The openings and closings to radio programs of all types, from comedies (*Blondie*, *The Jack Benny Program*, *Lum and Abner*) to mysteries (*Inner Sanctum Mysteries*, *The Black Chapel*) to game shows (*Can You Top This?*, *Truth or Consequences*) to serials (*Second Husband*, *Bachelor's Children*) to crime dramas (*The Falcon*, *Eno Crime Clues*, *The Green Hornet*, *Mr. and Mrs. North*) to westerns (*Gunsmoke*, *Wild Bill Hickok*, *Hawk Larabee*) that were aired between 1931 and 1972, are included in this work. Each entry has a brief introductory paragraph that provides information about the storyline, principal cast, sponsors and air dates. Commercials have been included if the programs were under regular sponsorship. Includes three appendices (sponsors; slogans and jingles; and World War II announcements) and an index.

Five Past Midnight Heritage Capital Corporation

The Accidental Highwayman is the first swashbuckling adventure for young adults by talented author and illustrator, Ben Tripp. In

eighteenth-century England, young Christopher "Kit" Bristol is the unwitting servant of notorious highwayman Whistling Jack. One dark night, Kit finds his master bleeding from a mortal wound, dons the man's riding cloak to seek help, and changes the course of his life forever. Mistaken for Whistling Jack and on the run from redcoats, Kit is catapulted into a world of magic and wonders he thought the stuff of fairy tales. Bound by magical law, Kit takes up his master's quest to rescue a rebellious fairy princess from an arranged marriage to King George III of England. But his task is not an easy one, for Kit must contend with the feisty Princess Morgana, goblin attacks, and a magical map that portends his destiny: as a hanged man upon the gallows.... Fans of classic fairy-tale fantasies will find much to love in this irresistible YA debut by Ben Tripp, the son of one of America's most beloved illustrators, Wallace Tripp (Amelia Bedelia). Following in his father's footsteps, Ben has woven illustrations throughout the story. "Delightful and charming. A swashbuckling adventure in the vein of Robert Louis Stevenson." —#1 *New York Times* bestselling author Brandon Sanderson At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Captain Midnight Archives Volume 2: Captain Midnight Saves the World McFarland

The average American listens to the radio three hours a day. In light of recent technological developments such as internet radio, some argue that the medium is facing a crisis, while others claim we are at the dawn of a new radio revolution. The *Concise Encyclopedia of American Radio* is an essential single-volume reference guide to this vital and evolving medium. It brings together the best and most important entries from the three-volume *Museum of Broadcast Communications Encyclopedia of Radio*, edited by Christopher Sterling. Comprised of more than 300 entries spanning the invention of radio to the Internet, The *Concise Encyclopedia of American Radio* addresses personalities, music genres, regulations, technology, programming and stations, the "golden age" of radio and other topics relating to radio broadcasting throughout its history. The entries are updated throughout and the volume includes nine new entries on topics ranging from podcasting to the decline of radio. The *Concise Encyclopedia of American Radio* include suggestions for further reading as complements to most of the articles, biographical details for all person-entries, production credits for programs, and a comprehensive index.

ERIC OLAFSON

Vintage

Outpirating the pirates with one of the most interesting men alive: Max Hardberger recounts his adventures repossessing ships and sneaking them out of lawless, third-world countries, often under threat of death or imprisonment. His journeys lead him from corrupt ports in the Caribbean to the ice-bound docks of Vladivostok. His adventures in rescuing ships pit him against a rogue's gallery of antagonists, including Haitian rebels, modern-day Caribbean pirates and Russian mobsters. • Capt. Max Hardberger uses every trick, tool and tactic at his disposal to right wrongs and out-pirate pirates in this action-packed expose of the seedy underworld of international shipping. As a professional ship extractor, he risks death and imprisonment in dangerous third-world ports to steal ships from modern buccaneers and corrupt governments and deliver them back to their rightful owners. In the course of his adventures, he's had to outwit resourceful crime families, subdue armed soldiers, and turn the tables on clever con artists. He's escaped imprisonment in Venezuela and avoided death at the hands of the Russian mafia. Because Max shuns the use of force, the ingenious

methods he must use to accomplish his missions are the stuff of legend he's employed a witch doctor in Haiti, tricked armed guards off a ship in Honduras, and rented a brothel in Mexico, all to thwart the designs of ship-thieves. Seized! is an intense, fast-paced window on the underbelly of ocean shipping, where all power comes from the barrel of a gun, and the only law is the law of survival. -- "Max Hardberger, maritime repo man extraordinaire ... Using a combination of ingenuity, stealth and good old-fashioned derring-do, he has made his name retaking vessels which have been hijacked or which, through local corruption, are impounded by authorities hungry for bribes." • -- Sunday Express • "With most people, the longer you spend talking to them, the more normal they appear. With Hardberger, the reverse applies. Just when you think you've heard it all, he comes up with something wilder ... Over the years, he's distracted crews with prostitutes and witch doctors, bribed officials to look the other way, conned Russian mobsters and hidden from naval radar by riding out thunderstorms at sea; he's even taken a 10,000-tonne freighter out of Haiti while the 2004 revolution was going on around him." • -- Guardian • "Required reading, fascinating. Maritime Repo Man Hardberger does it tough; his life is flown by the seat of his pants, or shipped, much like his profession ... This book delivers." • -- Paul Carter, bestselling author of Don't Tell Mum I Work On The Rigs and This Is Not A Drill • "In this heart-stopping account of his work recovering stolen (or otherwise illegally-seized) ships from 'hellhole' ports, commercial captain Hardberger proves himself tough as a tank and articulate as a poet ... [He] has a seafarer's gift for atmospheric storytelling, layering details to create a sense of place, history, and foreboding ... Hardberger's escapades make undeniably fun reading." • -- Publishers Weekly • "One of the strengths of Hardberger's book is his prose, which is lucid, entertaining and dramatic." • -- Daniel Sekulich, author of Terror on the Seas: True Tales of Modern Day Pirates
Carolrhoda Books ®
The Adventures of Captain MidnightSusu Entertainment LLC
Unforgotten Hero HarperCollins
Contains a number of lesser-known South Pacific tales. A SON OF THE SUN (excerpt) The Willi-Waw lay in the passage between the shore-reef and the outer-reef. From the latter came the low murmur of a lazy surf, but the sheltered stretch of water, not more than a hundred yards across to the white beach of pounded coral sand, was of glass-like smoothness. Narrow as was the passage, and anchored as she was in the shoalest place that gave room to swing, the Willi-Waw's chain rode up-and-down a clean hundred feet. Its course could be traced over the bottom of living coral. Like some monstrous snake, the rusty chain's slack wandered over the ocean floor, crossing and recrossing itself several times and fetching up finally at the idle anchor. Big rock-cod, dun and mottled, played warily in and out of the coral. Other fish, grotesque of form and colour, were brazenly indifferent, even when a big fish-shark drifted sluggishly along and sent the rock-cod scuttling for their favourite crevices. On deck, for'ard, a dozen blacks potted clumsily at scraping the teak rail. They were as inexpert at their work as so many monkeys. In fact they looked very much like monkeys of some enlarged and prehistoric type. Their eyes had in them the querulous plaintiveness of the monkey, their faces were even less symmetrical than the monkey's, and, hairless of body, they were far more ungarmented than any monkey, for clothes they had none. Decorated they were as no monkey ever was. In holes in their ears they carried short clay pipes, rings of turtle shell, huge plugs of wood, rusty wire nails, and empty rifle cartridges. The calibre of a Winchester rifle was the smallest hole an ear bore; some of the largest holes were inches in diameter, and any single ear

averaged from three to half a dozen holes. Spikes and bodkins of polished bone or petrified shell were thrust through their noses... About Jack London: Jack London (1876-1916), was an American author and a pioneer in the then-burgeoning world of commercial magazine fiction. He was one of the first Americans to make a lucrative career exclusively from writing. London was self-educated. He taught himself in the public library, mainly just by reading books. In 1898, he began struggling seriously to break into print, a struggle memorably described in his novel, Martin Eden (1909). Jack London was fortunate in the timing of his writing career. He started just as new printing technologies enabled lower-cost production of magazines. This resulted in a boom in popular magazines aimed at a wide public, and a strong market for short fiction. In 1900, he made \$2,500 in writing, the equivalent of about \$75,000 today. His career was well under way. Among his famous works are: Children of the Frost (1902), The Call of the Wild (1903), The Sea Wolf (1904), The Game (1905), White Fang (1906), The Road (1907), Before Adam (1907), Adventure (1911), and The Scarlet Plague (1912). The Encyclopedia of Old-Time Radio New York Review of Books From the 1920s to the 1950s, radio was the entertainment source for millions. Two of the primary themes of radio serials were mysteries and adventure. This is a detailed analysis of the important programs in these genres--Jack Armstrong, The Green Hornet, Sergeant Preston, Tom Mix, and more. Each entry includes type of series, broadcast days, air dates, sponsors, network, cast and production credits, and a comprehensive essay. When, as often happened, the series landed in other media, that is examined as well.

A Son of the Sun Heritage Capital Corporation

Playing catch-up on the last eighty years, Captain Midnight heads for Manhattan to get a firsthand look at how far humanity has advanced in his absence. But when our hero hears about a mysterious high-rise heist artist who appears to be using Cap's antigravity technology, his recon mission turns into an investigation of this strange sky man . . . * A brand-new artist! Eduardo Francisco (Mass Effect: Homeworlds)! * Introducing Skyman! ![Project Black Sky](http://images.darkhorse.com/digital/common/pbs.png "Project Black Sky")

CRIME FIGHTING HEROES OF TELEVISION

John Wiley & Sons

A piece of the past is revived when three friends discover a series of encrypted messages along with a decoder badge from the 1940's radio show, Captain Midnight and the Secret Squadron. But after deciphering the codes, the boys realize the mystery is just beginning. Their discovery will lead them on a treasure hunt throughout the historic town of Batesville, and to investigate who might have left these prized possessions for three boys to find sixty years later.

THE MIDNIGHT BELL

TwoMorrows Publishing

It is 1950, and Brooklyn fourth grader Bobby Anderson hates writing letters more than anything in the whole wide world. Assigned by his "stoopid" teacher to pen "stoopid" letters to John, an imaginary recipient, Bobby shares an unforgettable glimpse into his young life as he details his adventures as a ten-year-old living in New York. As Bobby and his best friend, Earnest, move from fourth through eighth grades, he narrates days gone by as he plays stickball in the streets, finds treasures in garbage cans, feels the joys and pains of love, copes with the nuns at his Catholic school, and comes to the aid of beautiful ladies who live in his neighborhood. As witty, provoking, and tender experiences

unfold, Bobby wishes he lived in the days when there were pirates, listens to Captain Midnight on the radio, and confesses a multitude of sins. After Bobby seeks and receives guidance about his future, he decides it is time to leave the letters and his imaginary friend behind. Peanut Butter Fridays presents a slice of life told through a series of letters that reveal the rollicking adventures as two Brooklyn boys solve at least some of life's greatest mysteries. "A kid with the smarts of Tom Sawyer living in a Brooklyn tenement in the 1950s. Wonderfully written, fabulously funny, also a tool for teachers and psychologists."

—Richard Berman, PhD, social work

Gain the skills and knowledge needed to create effective data security systems This book updates readers with all the tools, techniques, and concepts needed to understand and implement data security systems. It presents a wide range of topics for a thorough understanding of the factors that affect the efficiency of secrecy, authentication, and digital signature schema. Most importantly, readers gain hands-on experience in cryptanalysis and learn how to create effective cryptographic systems. The author contributed to the design and analysis of the Data Encryption Standard (DES), a widely used symmetric-key encryption algorithm. His recommendations are based on firsthand experience of what does and does not work. Thorough in its coverage, the book starts with a discussion of the history of cryptography, including a description of the basic encryption systems and many of the cipher systems used in the twentieth century. The author then discusses the theory of symmetric- and public-key cryptography. Readers not only discover what

cryptography can do to protect sensitive data, but also learn the practical limitations of the technology. The book ends with two chapters that explore a wide range of cryptography applications. Three basic types of chapters are featured to facilitate learning: Chapters that develop technical skills Chapters that describe a cryptosystem and present a method of analysis Chapters that describe a cryptosystem, present a method of analysis, and provide problems to test your grasp of the material and your ability to implement practical solutions With consumers becoming increasingly wary of identity theft and companies struggling to develop safe, secure systems, this book is essential reading for professionals in e-commerce and information technology. Written by a professor who teaches cryptography, it is also ideal for students.
