David Baldacci delivers a moving, family drama about learning to love again after terrible heartbreak and loss in this classic New York Times bestseller—soon to be a Hallmark original movie. It's almost Christmas, but there is no joy in the house of terminally ill Jack and his family. With only a short time left to live, he spends his last days preparing to say goodbye to his devoted wife, Lizzie, and their three children. Then, unthinkably, tragedy strikes again: Lizzie is killed in a car accident. With no one able to care for them, the children are separated from each other and sent to live with family members around the country. Just when all seems lost, Jack begins to recover in a miraculous turn of events. He rises from what should have been his deathbed, determined to bring his fractured family back together. Struggling to rebuild their lives after Lizzie's death, he reunites everyone at Lizzie's childhood home on the oceanfront in South Carolina. And there, over one unforgettable summer, Jack will begin to learn to love again, and

he and his children will learn how to become a family once more.

Tolstoy wrote, "Happy families are all alike; every unhappy family is unhappy in its own way." This is the statement that inspired bestselling author Gretchen Rubin to wonder whether she could foster an even greater happiness in her home. During The Happiness Project, the same questions kept tugging at her. How can I raise happy children? How can I maintain a tender, romantic relationship with my spouse--after fifteen years of marriage? How do I keep my BlackBerry from taking over my private life? How can I foster a well-ordered, light-hearted atmosphere in my house, when no one else will lift a finger to cooperate? This book is Gretchen's account of her second journey in pursuit of happiness. Prescriptive, easy-to-follow, and anecdotal, *Happier at Home* offers readers a way of thinking and being that is positive and life-affirming. With specific examples following the calendar year, an intimate voice, and drawing from science and pop culture, this book will resonate with anyone looking to strengthen the bonds of family.

Based on the principle that the ability to develop and support a thesis persuasively is of utmost importance for beginning writers, *WRITING WITH A THESIS: A RHETORIC AND READER*, 12th Edition, dispenses clear and practical writing advice. Sarah Skwire skillfully weaves humor into her advice and in the text's examples of good professional writing--for a uniquely useful text that remains enjoyable to read and to teach from. Best of all, the text's short, easy-to-read essays ensure that your class time will focus not on what the readings mean, but on what they mean for your students' writing. Harry loves his life. He likes to ride his bicycle, and fly with the birds, and splash the fishes. But one day he finds out that someday he will die. Suddenly life is no longer fun. Only when Harry decides to live each day as if it's his last can he rediscover the joy in life.

Or The Confessions of a Woman Minister Simon and Schuster
Derived by the author from interviews and oral histories, these eighty-nine original Hasidic tales about the Holocaust provide unprecedented witness, in a traditional idiom, to the victims' inner experience of "unspeakable" suffering. This volume constitutes the first collection of original Hasidic tales to be published in a century. "An important work of scholarship and a sudden clear window onto the heretofore sealed world of the Hasidic reaction to the Holocaust. Its true stories and fanciful miracle tales are a profound and often poignant insight into the souls of those who suffered terribly at the hands of the Nazis and who managed somehow to use that very suffering as the raw material for their renewed lives." -- Chaim Potok "A beautiful collection." -- Saul Bellow "Yaffa Eliach provides us with stories that are wonderful and terrible -- true myths. We learn how people, when suffering dying, and surviving can call forth their humanity with starkness

and clarity. She employs her scholarly gifts only to connect the tellers of the tales, who bear witness, to the reader who is stunned and enriched." -- Robert J. Lifton "In the extensive literature on the Holocaust, this is a unique book. Through it we can attain a glimpse of the victims' inner life and spiritual resources. Yaffa Eliach has done a superb job." -- Jehuda Reinharz
How I Survived the Happiest Day of My Life Harmony
A "brilliant, innovative, beautiful" (The Guardian) book from the acclaimed author of Chilean Poet "Dazzling . . . a work of parody, but also of poetry." —The New York Times Book Review NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR, THE GUARDIAN, AND THE IRISH TIMES "Latin America's new literary star" (The New Yorker), Alejandro Zambra is celebrated around the world for his strikingly original, slyly funny, daringly unconventional fiction. Now, at the height of his powers, Zambra returns with his most audaciously brilliant book yet. Written in the form of a standardized test, Multiple Choice invites the reader to respond to virtuoso language exercises and short narrative passages through multiple-choice questions that are thought-provoking, usually unanswerable, and often absurd. It offers a new kind of reading experience, one in which the reader participates directly in the creation of meaning, and the nature of storytelling itself is called into question. At once funny, poignant, and political, Multiple Choice is about love and family, authoritarianism and its legacies, and the conviction that, rather than learning to think for ourselves, we are trained to obey and repeat. Serious in its literary ambition and playful in its execution, it confirms Alejandro Zambra as one of the most important writers working in any language. NAMED A BEST BOOK OF THE SUMMER BY THE WALL STREET JOURNAL, ELLE, THE HUFFINGTON POST, THE MILLIONS, VOX, LIT HUB, THE BBC, THE GUARDIAN AND PUREWOW

But from their humble beginnings in Depression-era Wilkes-Barre, PA to this day, the Esseff brothers' lives have been very much intertwined. Their shared story takes us from the poorest places on the planet to the bastions of wealth and power, with these remarkable men touching and changing lives all along the way. Eye of the Unicorn Boynton/Cook

In this groundbreaking analysis of personality type, bestselling author of Better Than Before and The Happiness Project Gretchen Rubin reveals the one simple question that will transform what

you do at home, at work, and in life. During her multibook investigation into understanding human nature, Gretchen Rubin realized that by asking the seemingly dry question "How do I respond to expectations?" we gain explosive self-knowledge. She discovered that based on their answer, people fit into Four Tendencies: Upholders, Questioners, Obligers, and Rebels. Our Tendency shapes every aspect of our behavior, so using this framework allows us to make better decisions, meet deadlines, suffer less stress, and engage more effectively. More than 600,000 people have taken her online quiz, and managers, doctors, teachers, spouses, and parents already use the framework to help people make significant, lasting change. The Four Tendencies hold practical answers if you've ever thought: • People can rely on me, but I can't rely on myself. • How can I help someone to follow good advice? • People say I ask too many questions. • How do I work with someone who refuses to do what I ask—or who keeps telling me what to do? With sharp insight, compelling research, and hilarious examples, The Four Tendencies will help you get happier, healthier, more productive, and more creative. It's far easier to succeed when you know what works for you.
