On the End of the World Routledge
ART OF WRITTEN FORMS is the first book
since the early years of the twentieth
century to treat in one comprehensive
volume both the historical and practical
aspects of letters and writing systems.
Drawing together information and
illustrations from historic texts and

modern research, much of it rare and
inaccessible, the book surveys the
history, theory, materials, and
techniques of calligraphy, typography,
and constructed letters.
Sociologia Si Economia Problemelor
Sociale Totem Books
2010 Reprint of 1924 Edition. In 1924
Spalding published this first and most
important volume of Life and Teaching of
the Masters of the Far East. It describes
the travels to India and Tibet of a
research party of eleven scientists in
1894. During their trip they claim to
have made contact with "the Great
Masters of the Himalayas," immortal

beings with whom they lived and studied, gaining a fascinating insight into their lives and spiritual message. This close contact enabled them to witness many of the spiritual principles evinced by these Great Masters translated into their everyday lives, which could be described as 'miracles'. Such examples are walking on water, or manifesting bread to feed the hungry party. These books have remained consistently popular with spiritual seekers, those interested in the philosophy of the East and those who enjoy a good story because of their accessible nature and easy-to-follow format. However, despite most of the action taking place in India, the Great Masters make it clear that the greatest embodiment of the Enlightened state is that of the Christ (as personified

by Jesus): "The Masters accept that Buddha represents the Way to Enlightenment, but they clearly set forth that Christ IS Enlightenment, or a state of consciousness for which we are all seeking - the Christ light of every individual; therefore, the light of every child born into the world."

Is Europe Christian? Liberty Pub

Since the death of his wife seven years ago, documentary maker Aoyama has not dated anyone else. Now even his teenage son, Shige, thinks that he should remarry and his best friend Yoshikawa comes up with a plan: to hold fake film auditions from which, he can choose a new bride. Of the thousands who apply, it is a beautiful ballerina, Yamasaki Asami, who captivates Aoyama. Infatuated by her fragile nature

and nervous smile, he ignores his increasing sense of unease, putting aside his doubts about his new love, until it may be too late... In *Audition*, Ryu Murakami delivers his most subtly disturbing novel yet, confirming him as Japan's master of the psycho-thriller.

En plena era posmoderna, el problema de la modernidad sigue atrayendo a multitud de teóricos. El intento de conseguir un lenguaje unívoco capaz de dar cuenta de lo real, los múltiples modos de enfocarlo, la posibilidad –siempre renovada, siempre traicionada– de poner fin a la ignorancia humana y lograr la emancipación, es, por tanto, el tema de este libro. Lo barroco constituye una de las formas más fascinantes,

profundas y complejas de lo moderno; si ese tema se precisa y concreta refiriéndose al ámbito hispano, la complejidad y el interés aumentan. Los autores del presente trabajo, todos ellos académicos latinoamericanos y europeos, lo han concebido como un homenaje a uno de los más eminentes filósofos americanos de los últimos decenios: el ecuatoriano-mexicano Bolívar Echevarría Andrade (1941 - 2010), profesor de la UNAM. En su obra se une el interés por lo barroco con su formación marxista, de orientación frankfurtiana, en una síntesis de enorme interés. Pocos han interpretado con tanta originalidad y agudeza como este gran teórico el sentido político y cultural del mestizaje, entendiéndolo como el rasgo definitorio de lo barroco

novohispano; pocos lo han actualizado tanto en su relación crítica con la modernidad triunfante, la del capitalismo depredador y la uniformización cultural. ¿Tiene algo que decirle el mundo barroco, la modernidad truncada y vencida que representa, al ser humano de nuestros días, a su vez aplastado por la razón instrumental, la alienación encubierta, el individualismo economicista? El lector tiene en sus manos once posibles respuestas.

Viața armatei Harpercollins

Half a millennium of European warfare brilliantly retold by masterly historian Brendan Simms At the heart of Europe's history lies a puzzle. In most of the world humankind has created enormous political frameworks, whether ancient (such as China) or modern (such as the

United States). Sprawling empires, kingdoms or republics appear to be the norm. By contrast Europe has remained stubbornly chaotic and fractured into often amazingly tiny pieces, with each serious attempt to unify the continent (by Charles V, Napoleon and Hitler) thwarted. In this marvelously ambitious and exciting new book, Brendan Simms tells the story of Europe's constantly shifting geopolitics and the peculiar circumstances that have made it both so impossible to dominate, but also so dynamic and ferocious. It is the story of a group of highly competitive and mutually suspicious dynasties, but also of a continent uniquely prone to interference from 'semi-detached' elements, such as Russia, the Ottoman Empire, Britain and (just as centrally to

Simms' argument) the United States. Europe: The Struggle for Supremacy will become the standard work on this crucial subject - and an extremely enjoyable one. Reviews: 'This is a brilliant and beautifully written history. From the Holy Roman Empire to the Euro, Brendan Simms shows that one of the constant preoccupations of Europeans has always been the geography, the power and the needs of Germany. Europe is a work of extraordinary scholarship delivered with the lightest of touches. It will be essential, absorbing reading for anyone trying to understand both the past and the present of one of the most productive and most dangerous continents on earth' William Shawcross 'World history is German history, and

German history is world history. This is the powerful case made by this gifted historian of Europe, whose expansive erudition revives the proud tradition of the history of geopolitics, and whose immanent moral sensibility reminds us that human choices made in Berlin (and London) today about the future of Europe might be decisive for the future of the world' Timothy Snyder (author of Bloodlands) About the author: Brendan Simms is Professor of the History of International Relations at the University of Cambridge. His major books include *Unfinest Hour: Britain and the Destruction of Bosnia* (shortlisted for the Samuel Johnson Prize) and *Three Victories and a Defeat: The Rise and Fall of the First British Empire*. In 1850, China was the 'sick man of Asia'. Now it is set to become the most powerful nation on earth. The Penguin History of Modern China shows how turbulent that journey has been. For 150 years China has endured as victim of oppression, war and famine. This makes its current position as arguably the most important global superpower all the more extraordinary. Jonathan Fenby's comprehensive account is the definitive guide to this remarkable transformation. 'His book is a miracle of thoroughness, truthfulness and readability - the perfect primer for a time when China is about to enter all our lives' Sunday Telegraph 'Jonathan Fenby's ... illuminating book [is] the first major history that looks at the country with the eyes of the 21st

century rather than the 20th' Rana Mitter, Financial Times 'Reads like a novel and is never less than thoughtful and compassionate for the fate of a much-abused people ... [Fenby has] a journalist's eye for telling detail' Herald 'Taut, anecdote-studded ... a great introduction for a general audience, with vivid scene setting and character sketches' Michel Sheridan, Sunday Times 'For an accessible, authoritative, fair and comprehensive and well written account, this would be hard to better' BBC History 'A wonderful history of modern China and a cracking good read' Chris Patten Jonathan Fenby, CBE, has been the editor of the Observer and the South China Morning Post. His books include Generalissimo: Chiang Kai-shek and the China He Lost and Dealing with the

Dragon: A Year in the New Hong Kong. He is currently Editor-in-Chief and China Editor of the analytical service, Trusted Sources.

Conquistadores The Feminist Press at CUNY

Spiritual Authority and Temporal Power is an analysis of cyclical manifestation, and more specifically of the relationship between royal and sacerdotal power. In accord with the Hindu doctrine of manvantaras and Plato's depiction of historical degeneration in the Republic, Guénon views history here as a series of 'revolts' of lower castes against the higher. The kshatriyas (warriors) revolt against the brahmins (priests), thus setting the stage for a revolt of the vaishyas (loosely, the bourgeoisie), as in the French revolution-and, finally, the

shudras (the proletariat), as in the Russian revolution (which Guénon does not touch upon in this work). From one point of view, this is a progressive degeneration; from another it is entirely lawful, given the 'entropic' nature of manifestation itself. External, historical descent reflects an inner degeneration: knowledge (the celestial paradise) is eclipsed by heroic action (the terrestrial paradise), which is in turn overrun by the inertia and agitation of the passions. Yet the nadir of degeneration is also the point of renewal: the dawning of the Heavenly Jerusalem-spiritual Knowledge-which begins a new cycle of manifestation.

Eros, Magic, & the Murder of Professor Culianu Random House

Blankley paints the picture of a Europe in

which radical Islam is triumphant - a threat that becomes more real with every passing day. Blankley also shows what the United States must do to avoid the same fate.

EUROPE

World Wisdom, Inc

"Represents a major advance over previous publications.... Students will find this volume especially useful as an introduction to the primary sources, terminology, and dominant themes in the history of chanoyu." --Journal of Japanese Studies "Tea in Japan illuminates in depth and detail chanoyu's cultural connections and evolution from the early Kamakura period... It is the quality of seeing the familiar and not so familiar elements of tea emerge as a

dynamic saga of human invention and cultural intervention that makes this book exhilarating and the details that the authors provide that make these essays fascinating." --Journal of the Association of Teachers of Japanese
The Music of the Other Devorss Publications

Acum o mie de ani, într-o lume care, în multe sensuri, era foarte diferită de a noastră, o doamnă de la curtea imperială a Japoniei s-a așezat în fața unor foi de hârtie și a început să scrie extraordinara operă numită mai târziu Makura no soshi. A scris despre lumea ei, lumea intimă a curții, redată sub forma unor liste, amintiri și anecdote, gânduri și păreri personale legate de cele mai diverse teme. Deși nu poate fi încadrată într-un gen anume, Cartea pernei este,

alături de celebra Genji monogatari, una dintre cele mai citite opere din literatura japoneză, o combinație de jurnal, eseu, poezii, descrieri pline de culoare și observații plastice, într-un stil dinamic, spontan, lipsit de sentimentalismul romantic caracteristic perioadei și, tocmai de aceea, surprinzător de modern.

Warriors of Japan as Portrayed in the War Tales National Geographic Books

The following pages represent some of the results of four journeys into the interior of Peru and also many explorations into the labyrinth of early writings which treat of the Incas and their Land.

Istoria culturii și civilizației Penguin
We are surrounded by new musical

encounters today as never before, and the experience of musics from elsewhere is progressively affecting all arenas of the human conscience. Yet why is it that Western listeners expect a certain cultural and ethnic 'authenticity' or 'otherness' from visiting artists in world music, while contemporary musicians in Western music are no longer bound by such restraints? Should we feel uncomfortable when sacred rites from Asia or Africa are remade for Westerners as musical entertainment? As these thorny questions suggest, the great flood of world musics and of their agents into our most immediate cultural environment is not a simple matter of expanding global musical exchange. Instead, complex processes are at work involving the growth of intercontinental

tourism, the development of new technologies of communication and our perceptions both of ourselves and of the new musical others now around us. Elegantly tracing the dimensions of these new musical encounters, Laurent Aubert considers the impact of world musics on our values, our habits and our cultural practices. His discussions of key questions about our contemporary music culture widen conventional ethnomusicological perspectives to consider not only the nature of Western society as a 'global village' but also the impact of current Western demands on the future of world musics and their practitioners.

The Last Concubine Editorial UNED
A controversial bestseller likened to Primo Levi and Elie Wiesel, *Still Alive* is a

harrowing and fiercely bittersweet Holocaust memoir of survival: "a book of breathtaking honesty and extraordinary insight" (Los Angeles Times). Swept up as a child in the events of Nazi-era Europe, Ruth Kluger saw her family's comfortable Vienna existence systematically undermined and destroyed. By age eleven, she had been deported, along with her mother, to Theresienstadt, the first in a series of concentration camps which would become the setting for her precarious childhood. Interwoven with blunt, unsparing observations of childhood and nuanced reflections of an adult who has spent a lifetime thinking about the Holocaust, *Still Alive* rejects all easy assumptions about history, both political and personal. Whether describing the

abuse she met at her own mother's hand, the life-saving generosity of a woman SS aide in Auschwitz, the foibles and prejudices of Allied liberators, or the cold shoulder offered by her relatives when she and her mother arrived as refugees in New York, Kluger sees and names an unexpected reality which has little to do with conventional wisdom or morality tales. "Among the reasons that *Still Alive* is such an important book is its insistence that the full texture of women's existence in the Holocaust be acknowledged, not merely as victims. . . . [Kluger] insists that we look at the Holocaust as honestly as we can, which to her means being unsentimental about the oppressed as well as about their oppressors." —Washington Post Book World

Romanian troysas Editura Mica Valahie
This book provides a route through a jungle of competing theories. It puts into context recent developments by situating them within the longer-term tradition of critical analysis -- back to the rise of Marxism.

The Biblical World Penguin UK

A "brilliant" novel of Elizabeth Bathory, the notorious sixteenth-century Hungarian aristocrat who bathed in the blood of virgins (St. Petersburg Times). Turmoil reigns in post-Soviet Hungary when journalist Drake Bathory-Kereshtur returns from America to grapple with his family history. He's haunted by the legacy of his ancestor, the notorious sixteenth-century Countess Elizabeth Bathory, who is said to have murdered more than 650 young virgins and bathed

in their blood to preserve her youth. Interweaving past and present, *The Blood Countess* tells the stories of Elizabeth's debauched and murderous reign and Drake's fascination with the eternal clashes of faith and power, violence and beauty. Codrescu traces the captivating origins of the countess's obsessions in tandem with the emerging political fervor of the reporter, building the narratives into an unforgettable, bloody crescendo. Taut and intense, *The Blood Countess* is a riveting novel that deftly straddles the genres of historical fiction, thriller, horror, and family drama. Audition A&C Black

Japan, 1865, the women's palace in the great city of Edo. Bristling with intrigue and erotic rivalries, the palace is home to three thousand women and only one

man - the young shogun. Sachi, a beautiful fifteen-year-old girl, is chosen to be his concubine. But Japan is changing, and as civil war erupts, Sachi flees for her life. Rescued by a rebel warrior, she finds unknown feelings stirring within her; but this is a world in which private passions have no place and there is not even a word for 'love'. Before she dare dream of a life with him, Sachi must uncover the secret of her own origins - a secret that encompasses a wrong so terrible that it threatens to destroy her

Introducing Critical Theory Simon and Schuster

As Europe wrangles over questions of national identity, nativism and immigration, Olivier Roy interrogates the place of Christianity, foundation of

Western identity. Do secularism and Islam really pose threats to the continent's 'Christian values'? What will be the fate of Christianity in Europe? Rather than repeating the familiar narrative of decline, Roy challenges the significance of secularized Western nations' reduction of Christianity to a purely cultural force- relegated to issues such as abortion, euthanasia and equal marriage. He illustrates that, globally, quite the opposite has occurred: Christianity is now universalized, and detached from national identity. Not only has it taken hold in the Global South, generally in a more socially conservative form than in the West, but it has also 'returned' to Europe, following immigration from former colonies. Despite attempts within Europe to

nationalize or even racialize it, Christianity's future is global, non-European and immigrant-as the continent's Churches well know. This short but bracing book confirms Roy's reputation as one of the most acute observers of our times. It represents a persuasive and novel vision of religion's place in national life today.

Hara University of Hawaii Press
Anton (writing, DePaul U.) synthesizes the research he has done since the beginning on the still-unsolved May 1991 murder of Chicago Divinity School professor Ioan Culianu, a protege of pioneering mythologist Mircea Eliade. Culianu had been taunting the communist government of his native Romania, and Anton suggests the murder was political. Annotation
