Langenscheidt German Grammar in a Nutshell - Buch mit Download Cambridge University Press

Modern German Grammar: A Practical Guide, Third Edition is an innovative reference guide to German, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. Part A covers grammatical categories such as word order, nouns, verbs and adjectives. Part B is organised according to language functions and notions such as: making introductions asking for something to be done delivering a speech possibility satisfaction. The book addresses learners' practical needs and presents grammar in both a traditional and a communicative setting. New to this edition, and building on feedback from the previous edition: The rules of the latest (and so far final) spelling reform have been implemented throughout. Examples of usage have been updated and consideration given to Swiss and Austrian variants. The chapter on register has been expanded and now includes youth language and frequently used Anglicisms in German. The Index now has even more key words; it has also been redesigned to differentiate between German words, grammar terms, and functions, thus making it more user-friendly. The Grammar assumes no previous grammatical training and is intended for all those who have a basic knowledge of German, from intermediate learners in schools and adult education to undergraduates taking German as a major or minor part of their studies. The Grammar is accompanied by a third edition of Modern German Grammar Workbook (ISBN 978-0-415-56725-1) which features exercises and activities directly linked to the Grammar. Ruth Whittle is Lecturer, John

Klapper is Professor of Foreign Language Pedagogy, Katharina Glöckel is the Austrian Lektorin and Bill Dodd is Professor of Modern German Studies - all at the University of Birmingham. Christine Eckhard-Black is Tutor and Advisor in German at the Oxford University Language Centre.

Essential German Grammar Hodder Arnold

Basic German: A Grammar and Workbook comprises an accessible reference grammar and related exercises in a single volume. The book introduces German people and culture through the medium of the language used today, covering the core material which students would expect to encounter in their first years of learning German. Each of the 29 units presents one or more related grammar topics, illustrated by examples which serve as models for the exercises that follow. These wide-ranging and varied exercises enable the student to master each grammar point thoroughly. Features include: • Clear grammatical explanations with examples in both English and German • Authentic language samples from a range of media • Checklists at the end of each unit to reinforce key points • Cross-referencing to other grammar chapters • Full exercise answer key • 'Did you know?' sections with extra learning tips on specific grammar points and insights into current usage of German • Glossary of grammatical terms The new edition has been thoroughly revised, including more varied exercises for practice, and grammar points have been reformulated to use a more learner-centred approach. Suitable for independent study and for class use, Basic German: A Grammar and Workbook is the ideal reference and practice book for beginners, as well as for students with some knowledge of the language.

The Everything Essential German Book Routledge
