"Learn how to make over seventy macramê knots and small repeat patterns, then use them to create a wide range of projects. Each knot is shown in a close-up photograph with clear step-by-step diagrams showing how they are tied. Starting with the basics, the knots progress on to more complicated and complex designs, but as all are clearly diagramed it is very easy to follow along. This invaluable guidebook opens with a discussion of the different types of threads or cords available, shows a range of clasps and other findings, plus covers the types of beads to use. It also includes lots of tips and useful information like how to set up your work board, and other helpful lessons like how to keep track of the cord ends for less confusion. The thirty-three projects range from simple jewelry pieces like the classic friendship bracelet and watch straps to more complex ones like a variety of bags and baskets. Translated from the Japanese, *Macramê* pattern book is an outstanding resource for both new and more experienced "knotters.""

A practical guide for invoking the power and blessings of Tara, the beloved female buddha of Tibet. Known as "the female Buddha" in Tibet and India, Tara connects us to the archetypal Divine Feminine—an energetic force that exists within us and all around us, and has been available to all humans since our earliest origin. While there are many books on Tara, this practical guide shows us how those of any tradition can directly access her, through clear instruction and authentic Tibetan Buddhist teachings. Jungian analyst, scholar, and spiritual practitioner Dr. Rachael Wooten combines the ancient Tara tradition with depth psychology to help us connect with each of Tara's manifestations and access her blessings within ourselves and in the external world. In her myriad forms, Tara has the power to protect us from inner and outer negativity, illuminate our self-sabotaging habits, cleanse mental and physical poisons, address emotional trauma, open us to abundance, give us strength and peace, help us fulfill our life purposes, and more. Here, you will explore all 22 manifestations of Tara. Each chapter begins with an epigraph that captures the spiritual and psychological essence of the emanation, explains her purpose, and teaches you specific visualizations, praises, mantra chants, and other ways of invoking her presence in yourself and the world. "If ever the voice of wisdom and compassion was needed in the form of an awakened female figure such as Tara," writes Dr. Wooten, "that time is now." This book illuminates the way to her healing, blessings, and aid.

From its earliest manifestations on the street corners of nineteenth-century Buenos Aires to its ascendancy as a global cultural form, tango has continually exceeded the confines of the dance floor or the music hall. In *Tango Lessons*, scholars from Latin America and the United States explore tango's enduring vitality. The interdisciplinary group of contributors—including specialists in dance, music, anthropology, linguistics, literature, film, and fine art—take up a broad range of topics. Among these are the productive tensions between tradition and experimentation in tango nuevo, representations of tango in film and contemporary art, and the role of tango in the imagination of Jorge Luis Borges. Taken together, the essays show that tango provides a kaleidoscopic perspective on Argentina's social, cultural, and intellectual history from the late nineteenth to the early twenty-first centuries.
