### **A History of Computer Animation**

Univ of California Press

Ed Sikov builds a step-by-step curriculum for the appreciation of all types of narrative cinema, detailing the essential elements of film form and systematically training the spectator to be an active reader and critic. Sikov primes the eye and mind in the special techniques of film analysis. His description of mise-en-scene helps readers grasp the significance of montage, which in turn reveals the importance of a director's use of camera movement. He treats a number of

fundamental factors in filmmaking, including editing, composition, lighting, the use of color and sound, and narrative. Film Studies works with any screening list and can be used within courses on film history, film theory, or popular culture. Straightforward explanations of core critical concepts, practical advice, and suggested assignments on particular technical, visual, and aesthetic aspects further anchor the reader's understanding of the formal language and anatomy of film.

### **CHARACTER ANIMATION CRASH COURSE!**

Turtleback Books

"...Unhappy in his native St. Louis, disaffected paraplegic Frank Eastman returns to L.A., where six months before,

working as a tree-cutter for the phone company, he suffered the fall from a top a rat-infested palm tree that caused his paralysis. Fed up with the condescension of his well-meaning sister and full of bitter insights into the empty lifestyles of "enabled" people, Frank moves into the seedy Tradewinds motel, in the shadow of Disney's magic kingdom. There, among a shady cast of eccentrics and fellow malcontents, Frank wrestles with the implications of his personal predicament and with the conflicting, sometimes hallucinatory, realities of this strange milieu..."--Publishers Weekly, [www.amazon.com](http://www.amazon.com).

Of Mice and Men: Teacher's Deluxe Edition Of Mice and Magic A History of American Animated Cartoons; Revised and Updated

This is the Zip---Line Mice Companion Coloring Book. It was so much fun creating and coloring the illustrations for Zip---Line Mice that I created the Companion Coloring book so children could color while the book is read out loud to them.

Film Studies Plume

"Harriet Hamsterbone sets out to reverse the curse on twelve mice princesses who are forced to dance all night, every night"--

The Mice Who Lived in a Shoe Hillcrest Publishing Group

A large family of mice lives in an old shoe which leaks when it rains and wobbles when the wind blows . . .so the mice work out a wonderful way to rebuild their home.

One Hundred Years of Cinema Animation

Penguin

Penguin Classics presents John Steinbeck's classic tale as an eBook enhanced with ten exclusive video clips featuring students responses, questions for classroom discussions, and an American Dream assignment Nobel Prize-winner John Steinbeck's *Of Mice and Men* remains one of America's most widely read and taught novels. An unlikely pair, George and Lennie, two migrant workers in California during the Great Depression, grasp for their American Dream. Laborers in California's dusty vegetable fields, they hustle work when they can, living a hand-to-mouth existence. For George and Lennie have a plan: to own an acre of land and a shack they can call their own. When they land jobs on a ranch in the Salinas Valley, the

fulfillment of their dream seems to be within their grasp. But even George cannot guard Lennie from the provocations, nor predict the consequences of Lennie's unswerving obedience to the things George taught him. *Of Mice and Men: Teacher's Edition* includes the following:

- An introduction and suggested further reading by Susan Shillinglaw, a professor of English at San Jose State University and Scholar-in-Residence at the National Steinbeck Center in Salinas
- The poem "To a Mouse, On Turning Her Up in Her Nest with the Plough, November 1785" by Robert Burns (the original source of Steinbeck's title *Of Mice and Men*)
- The 1962 Nobel Banquet Speech by John Steinbeck
- An exclusive audio interview with award-winning actor James Earl

Jones on his stage performances in *Of Mice and Men* • Ten exclusive videos of students on major themes from the novel tied to group discussion questions included in the eBook, and an American Dream assignment, for the ultimate educational experience

### **Ravenspell** Watson-Guptill

Some extraordinary rats come to the aid of a mouse family in this Newbery Medal Award-winning classic by notable children's author Robert C. O'Brien. Mrs. Frisby, a widowed mouse with four small children, is faced with a terrible problem. She must move her family to their summer quarters immediately, or face almost certain death. But her youngest son, Timothy, lies ill with pneumonia and must not be moved. Fortunately, she encounters the rats of NIMH, an

extraordinary breed of highly intelligent creatures, who come up with a brilliant solution to her dilemma. And Mrs. Frisby in turn renders them a great service.

**How to Read a Film** Oxford University Press

Have you ever questioned how *Of Mice and Men* by John Steinbeck would have went if there was a zombie apocalypse as opposed to the Great Depression? Well, I did. What started as a fun personal project quickly escalated into something bigger. This is a short novella, about half the length of an average book and does not fit into the *Among the Dead* series. "Originally published in 1937 by John Steinbeck, reimaged and corrupted by Ryan Colley in 2018 for this satirical novella. George Milton, an intelligent and quick witted survivor, and

Lennie Small, a physically strong but intellectually challenged childlike individual, are two displaced ranch workers fleeing the apocalypse. Forced to move from place to place, partially due to Lennie's misdeeds and mainly due to the undead roaming the land. They both search for work in a collapsing world in an attempt to buy their own corner of heaven where they will be safe together from the "Sick Ones" and "live off the fatta the lan." For fans of the original novel, apocalypse fiction, or for those looking for something different."

### **MOVIES, MEDIA, AND BEYOND**

MIT Press

Popular film critic and esteemed cinema historian Leonard Maltin offers a fresh look at underappreciated screen gems in

Leonard Maltin's 151 Best Movies You've Never Seen. From the over 17,000 entries in his definitive yearly collection Leonard Maltin's Movie Guide, Maltin has selected great movies that will appeal to serious film buffs, but that may have fallen through the cracks. A must-have reference source for the bookshelf of movie connoisseurs everywhere.

[A Mouse Called Miika](#) Createspace Independent Publishing Platform  
James Monaco discusses the elements necessary to understand how a film conveys its meaning, and, more importantly, how the audience can best discern all that a film is attempting to communicate.

**Leonard Maltin's 151 Best Movies You've Never Seen** Columbia University Press

(Limelight). Departing from the approach of its Film Noir Reader predecessors, this third volume in the series assembles a collection of interviews with film noir directors and a cinematographer, few of whom are alive today. Interviewees include Billy Wilder ( Double Indemnity and Sunset Boulevard ), Otto Preminger ( Laura ), Joseph Lewis ( Gun Crazy and The Big Combo ), Curtis Bernhardt ( Possessed and A Stolen Life ), Edward Dmytryk ( Murder, My Sweet and Crossfire ), and Fritz Lang ( Scarlet Street and The Woman in the Window ).

### **Part One** Penguin

The Fleischer brothers, Max and Dave, were animation pioneers. Creators of Betty Boop, Koko the Clown, and the Bouncing Ball, they also brought Popeye the Sailor Man to the screen and

produced the first feature-length animated cartoon—on the theory of relativity! Max invented the Rotoscope and for a while the brothers kept pace with Disney in performance and profit. But after 1942 the studio closed and their films vanished. What happened and how they developed are examined for the first time in this work—for many years out of print and a collector's item. It is here, updated and enlarged with hundreds of sketches and storyboard layouts where these classic cartoons can once again receive the attention and adulation they deserve.

## **A HISTORY OF AMERICAN ANIMATED CARTOONS; REVISED AND UPDATED**

Harper Collins

Ratatouille meets Roald Dahl in the funny and fantastical story of a determined mouse on a mission to procure the world's tastiest cheese. From the author of A Boy Called Christmas—now a Netflix movie starring Kristen Wiig, Maggie Smith and Henry Lawfull! When Nikolas left the only home he had ever known, it was a mouse named Miika who kept him company, and it was Miika who accompanied him on his journey to the Far North, in search of his father. But before the events of A Boy Called Christmas, this little mouse

was the hero of his own story. A Mouse Called Miika is an epic adventure story on a miniature scale. It's a tale of mice and men (and more mice). It is about one independent mouse who gets fed up with the other mice, and sets out on a quest of his own to prove that cheese exists, and learns to appreciate other creatures. It is also a tale of great love (of cheese) and great danger. And learning the lesson that, with cheese, as with life, what matters most is not how strongly you smell, but how strong you are on the inside. Funny, cheeky, wise, and packed full of Matt Haig's signature warmth. This is set to become a year-round children's favorite.

Seven Minutes StarWalk Kids Media  
Walt Disney, Paul Terry, Walter Lantz,  
Winsor McCay, Bill Hanna and Joe

Barbera, and Ralph Bakshi are among the artists whose work is examined in a history of the animated cartoon *Film Noir Reader 3* David Farland Entertainment  
 “A thoroughly captivating behind-the-scenes history of classic American animation . . . A must-read for all fans of the medium.” —Matt Groening In 1911, famed cartoonist Winsor McCay debuted one of the first animated cartoons, based on his sophisticated newspaper strip “Little Nemo in Slumberland,” itself inspired by Freud’s recent research on dreams. McCay is largely forgotten today, but he unleashed an art form, and the creative energy of artists from Otto Messmer and Max Fleischer to Walt Disney and Warner Bros.’ Chuck Jones. Their origin stories, rivalries, and sheer

genius, as Reid Mitenbuler skillfully relates, were as colorful and subversive as their creations—from Felix the Cat to Bugs Bunny to feature films such as *Fantasia*—which became an integral part and reflection of American culture over the next five decades. Pre-television, animated cartoons were aimed squarely at adults; comic preludes to movies, they were often “little hand grenades of social and political satire.” Early Betty Boop cartoons included nudity; Popeye stories contained sly references to the injustices of unchecked capitalism. During WWII, animation also played a significant role in propaganda. The Golden Age of animation ended with the advent of television, when cartoons were sanitized to appeal to children and help advertisers sell sugary breakfast cereals.

Wild Minds is an ode to our colorful past and to the creative energy that later inspired The Simpsons, South Park, and BoJack Horseman. "A quintessentially American story of daring ambition, personal reinvention and the eternal tug-of-war of between art and business . . . a gem for anyone wanting to understand animation's origin story." —NPR

A History of American Animated Cartoons; Revised and Updated Penguin

A controversial tale of friendship and tragedy during the Great Depression A Penguin Classic Over seventy-five years since its first publication, Steinbeck's tale of commitment, loneliness, hope, and loss remains one of America's most widely read and taught novels. An unlikely pair, George and Lennie, two migrant workers in California during the

Great Depression, grasp for their American Dream. They hustle work when they can, living a hand-to-mouth existence. For George and Lennie have a plan: to own an acre of land and a shack they can call their own. When they land jobs on a ranch in the Salinas Valley, the fulfillment of their dream seems to be within their grasp. But even George cannot guard Lennie from the provocations, nor predict the consequences of Lennie's unswerving obedience to the things George taught him. Of Mice and Men represents an experiment in form, which Steinbeck described as "a kind of playable novel, written in a novel form but so scened and set that it can be played as it stands." A rarity in American letters, it achieved remarkable success as a novel,

a Broadway play, and three acclaimed films. This edition features an introduction by Susan Shillinglaw, one of today's leading Steinbeck scholars. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Living Life Inside the Lines Knopf Books for Young Readers  
Presents a selection of material from the

author's newsletter of the same name that provides a history of Hollywood's golden age through personal recollections and interviews with its actors, writers, and directors.

A New History of Animation David Farland Entertainment

A lavishly illustrated volume with 250 color images traces the full history of animation from its very inception, looking at examples of the most groundbreaking work from around the globe and describing how animation technique has improved over the years.

Univ. Press of Mississippi

Canada's most celebrated and acclaimed actor lets loose in a magnificent memoir that will delight and enchant readers across the country. A rollicking, rich self-portrait written by one of today's

greatest living actors. The story of a “young wastrel, incurably romantic, spoiled rotten” – his privileged Montreal background, rich in Victorian gentility, included steam yachts, rare orchid farms, music lessons in Paris and Berlin – “who tore himself away from the ski slopes to break into the big, bad world of theater not from the streets up but from an Edwardian living room down.” Plummer writes of his early acting days – on radio and stage with William Shatner and other fellow Canadians; of the early days of the Stratford Festival in southern Ontario; of his Broadway debut at twenty-four in *The Starcross Story*, starring Eva Le Gallienne (“It opened and closed in one night, but what a night!”);

of joining Peter Hall’s Royal Shakespeare Company (its other members included Judi Dench, Vanessa Redgrave and Peter O’Toole); of his first picture, *Stage Struck*, directed by Sidney Lumet; and of *The Sound of Music*, which he affectionately dubbed “S&M.” He writes about his legendary colleagues: Dame Judith Anderson (“the Tasmanian devil from Down Under”); Sir Tyrone Guthrie; Sir Laurence Olivier; Elia Kazan (“this chameleon of chameleons might change into you, wear your skin, steal your soul”); and “that reprobate” Jason Robards, among many others. A revelation of the wild and exuberant ride that is the actor’s – at least this actor’s – life.
