New York Times Bestseller Now with new text from McMaster addressing the January 2021 assault on the U.S. Capitol and recommending how citizens across the free world can work together to restore confidence in democratic institutions and processes From Lt. General H.R. McMaster, U.S. Army, ret., the

former National Security Advisor and author of the bestselling classic *Dereliction of Duty*, comes a bold and provocative re-examination of the most critical foreign policy and national security challenges that face the United States, and an urgent call to compete to preserve America's standing and security. Across multiple administrations since the end of the Cold War, American foreign policy has been misconceived, inconsistent, and poorly implemented. As a result, America and the free world have fallen behind rivals in power and influence. Meanwhile threats to security, freedom, and prosperity, such as nuclear proliferation and jihadist terrorism have grown. In *BATTLEGROUND*, H.R. McMaster describes efforts to reassess and fundamentally shift policies while he was National Security Advisor. And he provides a clear pathway forward to improve strategic competence and prevail in complex competitions against our adversaries. *Battlegrounds* is a groundbreaking reassessment of America's place in the world, drawing from McMaster's long engagement with these issues, including 34 years of service in the U.S. Army with multiple tours of duty in battlegrounds overseas and his 13 months as National Security Advisor in the Trump White House. It is also a powerful call for Americans and citizens of the free world to transcend the vitriol of partisan political discourse, better educate themselves about the most significant challenges to national and international security and work together to secure peace and prosperity for future generations.

With nowhere to hide, the lone traveler flees up a mountain, trapped and out of options . . . until a mysterious figure arrives, fighting off the horde singlehandedly. The unexpected savior is Summer, a fellow castaway and master of survival in these frozen wastes. Excited to find another person in this strange, blocky world, the explorer teams up with Summer, whose impressive mountain fortress as a safe haven . . . for now. Como sucede en las últimas novelas de Javier Marías, la primera frase ya dice mucho, quizá demasiado: "Nadie piensa nunca que pueda ir a encontrarse con una muerta entre los brazos y que ya no verá más su rostro cuyo nombre recuerda". Esto es lo que le ocurre al narrador de su nueva y extraordinaria novela. Víctor Francés es guionista de televisión y "negro" o "escritor fantasma", encargado de redactar los discursos de los hombres importantes e ignorantes. Divorciado recientemente, es invitado a cenar a su casa por Marta Téllez, mujer casada cuyo marido está de viaje en Londres y madre de un niño de casi dos años. Tras la cena galante, el hombre y la mujer pasan al dormitorio, donde, "aún medio vestidos y medio desvestidos", Marta Téllez empieza a sentirse mal hasta que agoniza y muere en una escena sobrecogedora. Esa infidelidad no consumada se convierte así en una especie de "encantamiento", con problemas bien reales e inmediatos: qué hacer con el cadáver, avisar o no avisar, qué hacer respecto al marido, qué hacer con el niño dormido, qué diferencia hay entre la vida y la muerte. Víctor Francés tomará pronto sus decisiones, o más bien no las tomará y se irá dejando llevar por sus pasos, inofensivos unas veces y otras envenenados. Conocerá a la familia de su muerta, al padre, Téllez, viejo académico y cortesano; al marido, Deán, con su capacidad de comprensión y de inclemencia infinitas; a la hermana menor, Luisa, a quien seguirá sin propósito. Y se irá poniendo en situación de contar sus secretos a quienes no debe. En un Madrid invernal y nocturno, dominado por la niebla o por las tormentas como una isla sitiada, el narrador se convertirá en una sombra que no quiere ni busca nada y, sin embargo, va encontrando: al Único, para quien deberá escribir un discurso, en una hilarante escena palaciega; a su amigo Ruibérriz de Torres, aficionado al hipódromo y que lleva pintada en la cara su esencia de sinvergüenza; a la puta Victoria de otra larga noche de su pasado en la que confundió su rostro con otro hombre. Y entretanto una maldición va resonando: "Mañana en la batalla piensa en mí, y caiga tu espalda sin filo: desespera y muere".

We have still much to learn as to the laws according to which the mind and body act on one another, and according to which one mind acts on another; but it is certain that a great part of this mutual action can be reduced to general laws, and that the more we know of such laws the greater our power to benefit others will be.

Hearings Before the Select Committee on Assassinations of the U.S. House of Representatives, Ninety-fifth Congress, Second Session Military reviewLegend

This 2007 book provides the most comprehensive examination of American Expeditionary Forces (AEF) combat doctrine and methods ever published. It shows how AEF combat units actually fought on the Western Front in World War I. It describes how four AEF divisions (the 1st, 2nd, 26th, and 77th) planned and conducted their battles and how they adapted their doctrine, tactics, and other operational methods during the war. General John Pershing and other AEF leaders promulgated an inadequate prewar doctrine, with only minor modification, as the official doctrine of the AEF. Many early American attacks suffered from these unrealistic ideas that retained too much faith in the infantry rifleman on the modern battlefield. However, many AEF divisions adjusted their doctrine and operational methods as they fought, preparing more comprehensive attack plans, employing flexible infantry formations, and maximizing firepower to seize limited objectives.

The U.S. Army has always regarded preparing for war as its peacetime role, but how it fulfilled that duty has changed dramatically between the War of 1812 and World War I. J. P. Clark shows how differing personal experiences of war and peace among successive generations of professional soldiers left their mark upon the Army and its ways.

Acclaimed author Arturo Pérez-Reverte has earned a distinguished reputation as a master of the literary thriller with his international bestsellers *The Club Dumas* and *The Queen of the South*. Now, in this haunting new work, Pérez-Reverte has written his most accomplished novel to date. *The Painter of Battles* is a captivating tale of love, war, art, and revenge. Andrés Faulques, a world-renowned war photographer, has retired to a life of solitude on the Spanish coast. On the walls of a tower overlooking the sea, he spends his days painting a huge mural that pays homage to history's classic works of war art and that incorporates a lifetime of disturbing images. One night, an unexpected visitor arrives at Faulques' door and challenges the painter to remember him. As Faulques struggles to recall the face, the man explains that he was the subject of an iconic photo taken by Faulques in a war zone years ago. "And why have you come looking for me?" asks Faulques. The stranger answers, "Because I'm going to kill you." This story transports Faulques to the time when he crossed continents to capture conflicts on film with his lover, Olvido, at his side. Until she walked into his life, Faulques mused, he had believed he would survive both war and women. As the tense dialogue between Faulques and his visitor continues, the stakes grow ever higher. What they are grappling with quickly proves to be not just Faulques' fate but the very nature of human love and cruelty itself. Arturo Pérez-Reverte perfectly balances the shadows of the heart with the chaos of war in this stunning composition on morality. Superb and tautly written, *The Painter of Battles* is a deeply affecting novel about life and art.
