Our God is extraordinary
enough to make His way
into the very center of our
ordinary lives, if we let
him. My Testimony is an
easy read that somehow
challenges you to go to a
new place with God. This
very personal perspective
will free you to realize
God's majesty in the
simplicity of your own life.
A New Witness for God
(Vol. 1-3) Houghton Mifflin
A New Witness for God is
a three volume treatise by
B. H. Roberts, one of the
leaders in the Church of
Jesus Christ of Latter-day
Saints, who wrote this
work as a recapitulation of
75 years of the existence
of "Mormonism" and
"Mormon Church." The
author's purpose was to
prove that the world was
in need of a new God's
witness, and that Joseph
Smith, a great modern
prophet, was that witness.

Dividing the work in thesis
he firstly proves that the
world was in necessity of
a New Witness; then
moves on to the state of
the Christian church and
how it was destroyed and
there was an apostasy
from the Christian
religion; third thesis deals
with the Scriptures
declaring that the Gospel
will be restored to the
Earth; final thesis suggest
that Joseph Smith is the
New Witness for God who
re-established the Church
of Jesus Christ on Earth.
Following these theses is
the study of the Book of
Mormon.

*Awakening of a Jehovah's
Witness Christian Faith*
Publishing, Inc.

I wrote this book also for a
number of reasons. There
are people and
organizations that want to
take our faith and beliefs
away from us. In many
ways, we have already
lost a lot of ground and
some of our ways of
practicing our faith. Our
forefathers came to this
country for freedom of
faith. They were tired of
being told how they had
to worship God or that
they couldn't do this or
that. Our country was

founded on the idea of
freedom of religion. We
have the right to worship
where and when we feel
like worshiping God. By
doing this, I am not telling
anyone else what they
can do or how to worship.
I am just practicing my
faith. Others are free to
not worship and stay
home on Sundays and do
nothing if this is what
makes them happy. But
they don't need to tell me
where I can hang a
picture of Jesus, put up a
cross or sign, or where I
can pray to my savior. I
have showed in this book
where we have lost some
of our freedom because
we did nothing. Those
with money have won out
in many ways. We may
not be rich in money, but
we all have a voice and
legs to stand on. We can't
convince anyone that we
are right by saying,
"Okay, we won't defend
what we believe." This we
have done too often. The
prophets were perhaps
the first to give witness to
us and then Jesus and
then the apostles and the
church after that. All of
creation, if we look at
what God has created and
is still creating, should all

be witnesses. The big bang theory just doesn't work. Everything had to begin with something. Where did this something come from if not from an all-knowing supreme being. This I all tried to bring out in my book, as well as the time when God spoke for himself when the sky opened and a voice from the clouds said, "This is my beloved Son. Listen to him." In this book, I have witnessed again and also some of my friends have given their witness in hope of convincing others how important our faith is and how we all need to respond to attacks on our faith. If you want to share your faith in Jesus and how you have seen God work in your life, I would like to tell you to maybe write your own book. If you say that it isn't possible for you to write, I would like you to send me the story of God's work in your life. When I get enough, I may have another book to write. If God wants you to write, he will help you. He helped me. A few years ago, a friend read my first book and shared her story with me. I told her that she should write her own book, and she did; in fact, she has written several. Her name is Vicki Leigh. I

shared a part of her story in this book. Will you stand up or speak for your faith?

"A fascinating glimpse into the consciousness of being an outsider in every possible way, and what it takes to find your path into the life you'd like to lead."--Nylon A riveting memoir of losing faith and finding freedom while a covert missionary in one of the world's most restrictive countries. A third-generation Jehovah's Witness, Amber Scolah had devoted her life to

sounding God's warning of impending Armageddon. She volunteered to take the message to China, where the preaching she did was illegal and could result in her expulsion or worse. Here, she had some distance from her community for the first time. Immersion in a foreign language and culture--and a whole new way of thinking--turned her world upside down, and eventually led her to lose all that she had been sure was true. As a proselytizer in Shanghai, using fake names and secret codes to evade the authorities' notice, Scolah discreetly looked for targets in public parks and stores. To support herself, she found work at a Chinese language learning podcast, hiding her real purpose from her coworkers. Now with a creative outlet, getting to know worldly people for the first time, she began to understand that there were other ways of seeing the world and living a fulfilling life. When one of these relationships became an "escape hatch," Scolah's loss of faith culminated in her own personal apocalypse, the only kind of ending possible for a Jehovah's Witness. Shunned by family and friends as an

apostate, Scoria was alone in Shanghai and thrown into a world she had only known from the periphery--with no education or support system. A coming of age story of a woman already in her thirties, this unforgettable memoir examines what it's like to start one's life over again with an entirely new identity. It follows Scoria to New York City, where a personal tragedy forces her to look for new ways to find meaning in the absence of religion. With compelling, spare prose, *Leaving the Witness* traces the bittersweet process of starting over, when everything one's life was built around is gone.

THE WITNESS AS OBJECT

Gospel Light Publications
This is a newly revised edition of one of the standard introductory preaching textbooks on the market today. Beginning with a solid theological basis, veteran preacher and best-selling author Thomas G. Long offers a practical, step-by-step guide to writing a sermon. Long centers his approach around the biblical concept of witness. To be a preacher, Long posits, is to be a witness to God's work in

the worldone who sees before speaking, one whose task is to "tell the truth, the whole truth, and nothing but the truth about what is seen." This updated edition freshens up language and anecdotes, contains an extensive new analysis of the use of multimedia and its impact on preaching, and adds a completely new chapter on plagiarism in preaching. Included for the first time are four complete sermons, with Long's commentary and analysis. The sermons were written and originally preached by Barbara Brown Taylor, Cleophus J. LaRue. Ginger Gaines-Cirelli, and Edmund Steimle. With this third edition, *The Witness of Preaching* reaffirms itself as the essential resource for seminary students as well as new and experienced preachers.

Constitution I believe your newspaper has been missing something for the last two decades. In fact it was the original reason I became a loyal subscriber in the first place: the thriceweekly columns of my all-time favorite writer, the late, great Lewis Grizzard. Trust me when I say that as a loyal University of Florida graduate it's difficult for me to admit there is actually something good that came out of the University of Georgia, and that something would be Lewis Grizzard. Born and raised in nearby Moreland (I reside in Peachtree City, Georgia), Grizzard had a major influence on my writing style. This is my sixth self-published book; one of them sold so well a publisher came a-calling to buy the rights to it. Now I'd like to take my writing to the next level. That's where you come in. Consider this book as both my job application and resume for a position on your editorial staff. Everything here on the back cover is my cover letter to you. I leave you with one simple question: When do I start?

THE CRUCIAL REVELATION OF LIFE IN THE SCRIPTURES

Living Stream Ministry
This tale of mind control, the use of fear to manipulate vulnerable people, and final escape from a suffocating cult environment is a revealing exposé of a secretive contemporary sect, as well as a true psychological thriller. Diane Wilson spent twenty-five precious years of her life, first becoming indoctrinated by the dogma of the Watchtower Society, and then struggling to free herself from its pervasive, intimidating clutches. In this probing, brutally honest assessment, Wilson describes how a childhood of psychological abuse and lack of self-confidence rendered her vulnerable to the seductive doctrines of the Jehovah's Witnesses. Yet

as time went on and the society demanded rigid control over every aspect of her life, even her every thought, Wilson began to rebel. Her gradual awakening, at first unconsciously through physical and psychological ailments, and then consciously as a caring therapist helped her rediscover her true self, is a fascinating story. What she reveals about the goings-on within the closed Watchtower Society will shock the average person who assumes the polite, well-dressed people who pass out leaflets are much like any other conservative religious group. Wilson contends that membership in the Jehovah's Witnesses requires obedience bordering on psychological enslavement and complete suppression of individuality. Her engrossing memoir will be of great interest to former Witnesses, students of cult phenomena, and anyone who has ever had contact with Jehovah's Witnesses.

In recent years, historical witnessing has emerged as a category of "museum object." Audiovisual recordings of interviews with individuals remembering events of

historical importance are now integral to the collections and research activities of museums. They have also become important components in narrative and exhibition design strategies. With a focus on Holocaust museums, this study scrutinizes for the first time the new global phenomenon of the "musealization" of the witness to history, exploring the processes, prerequisites, and consequences of the transformation of video testimonies into exhibits.

The Bible heralds the good news that God is dispensing Himself into His believers for their daily enjoyment. This enjoyment issues forth from abiding in the Lord and enjoying His life. This crucial truth is the subject of the apostle John's writings in the New Testament. It is mysterious, but it can be experienced!

In her stunning 200th novel, #1 New York Times bestselling author Nora Roberts proves why no one is better "when it comes to flawlessly fusing

high-stakes suspense with red-hot romance" (Booklist, starred review). Daughter of a cold, controlling mother and an anonymous donor, studious, obedient Elizabeth Fitch finally let loose one night, drinking too much at a nightclub and allowing a strange man's seductive Russian accent to lure her to a house on Lake Shore Drive. Twelve years later, the woman now known as Abigail Lowery lives alone on the outskirts of a small town in the Ozarks. A freelance security systems designer, her own protection is supplemented by a fierce dog and an assortment of firearms. She keeps to herself, saying little, revealing nothing. Unfortunately, that seems to be the quickest way to get attention in a tiny southern town. The mystery of Abigail Lowery and her sharp mind, secretive nature and unromantic viewpoint intrigues local police chief Brooks Gleason, on both a personal and professional level. And while he suspects that Abigail needs protection from something, Gleason is accustomed to two-bit troublemakers, not the powerful and dangerous men who are about to

have him in their sights. And Abigail Lowery, who has built a life based on security and self-control, is at risk of losing both. [Video Testimony in Memorial Museums](#) Scholastic Inc.

A Living Witness: The Journal Writing of My Life, Healing, and God is an autobiographical memoir I wrote from September 2001 until December 2001. It chronicles not only my internal struggles, thoughts, and emotions but opened my eyes about the society I live in that shaped my individuality. "Someone was hurt before you; wronged before you; beaten before you; humiliated before you; raped before you; yet someone survived."

A Life on Our Planet Xulon Press

In this scientifically informed account of the changes occurring in the world over the last century, award-winning broadcaster and natural historian shares a lifetime of wisdom and a hopeful vision for the future. See the world. Then make it better. I am 93. I've had an extraordinary life. It's only now that I appreciate how extraordinary. As a young man, I felt I was out there in the wild, experiencing the

untouched natural world - but it was an illusion. The tragedy of our time has been happening all around us, barely noticeable from day to day -- the loss of our planet's wild places, its biodiversity. I have been witness to this decline. A Life on Our Planet is my witness statement, and my vision for the future. It is the story of how we came to make this, our greatest mistake -- and how, if we act now, we can yet put it right. We have one final chance to create the perfect home for ourselves and restore the wonderful world we inherited. All we need is the will do so.

WITNESS TO OUR TIMES

AuthorHouse
When God created man, He placed him before two trees: the tree of the knowledge of good and evil and the tree of life. In warning man to avoid the tree of the knowledge of good and evil, God indicated His desire for man to eat of the tree of life, signifying that man should receive God as his life supply. Witness Lee unveils in the The Tree of Life that God is not looking for well-behaved Christians; He is looking

for those who will experience and enjoy Christ as the reality of the tree of life.

I invite you to come with me on a journey-a journey through life. In your passage through life, you want to be fully in charge of the route, the events, and the destination. As we travel, you need a clear view of where you have come from, where we are today and where you will be going. I believe I have a sincere story to present to you, my life as a Jehovah's Witness: "Used Abused and Forgotten." In my story there are many events that have adversely affected me as I grew up. I speak of the wrongs I have suffered, and of those who inflicted them; the memories of painful experiences and

harmful early influences and unpleasant past events. Together we will consider the importance of what happens when one's life is decimated by control in the name of religion.

Petting Tigers is not a gritty, edgy "trauma memoir." Nor is it a shocking expose of a corrupt religious sect. It is the story of what can happen when a child's dreams are stolen, and the agonizing experience of watching as one's own light is snuffed out. It's about having one's mind washed away and replaced with hypnotic rote beliefs that are self-destructive and make no sense in the real world. Petting Tigers is a story about overcoming huge obstacles when you think you have no resources, internal or external to do so - and about reclaiming your life when everything around you tells you that it's too late. Petting Tigers is about imagining and achieving a way out and the slow, clumsy steps that inevitably follow a rebirth.
