Illustrates how aspects
can offer a profound
depiction of an

individual and his or her destiny. • Contains comprehensive sections full of interpretations for every planetary combination. • Concepts are explained through the use of actual birth charts and diagrams. • A core textbook at the Faculty of Astrological Studies in London. Aspects are an essential piece of the astrological puzzle when it comes to interpreting and using the information that astrology can give us. It is not enough to know the placement of the planets on the horoscope. It is the relationships between the stars and planets that let us grasp the destiny of the individual. Aspects describe the drama of our lives--the complex configurations that

influence what will happen to us over time. Sue Tompkins, a fellow of the Faculty of Astrological Studies in London, shows how to interpret aspects when doing daily astrological readings. She uses the lives of real people to plot the aspects and offers examples of every possible planetary combination. Detailing the influence of oppositions, trines and elemental trines, and cardinal, mutable, and fixed crosses, Tompkins shows how aspects provide the energy in the chart that transforms the horoscope into something symbolizing an alive and vital human being. With *Aspects in Astrology*, Tompkins provides both the novice and the experienced astrologer the

evidence and concrete methods needed to grasp the vast knowledge offered to us by our horoscope.

Your birth chart is a snapshot of the sky taken at the moment and place of your birth, one that reflects your character, personality, strengths, and challenges. But the moment after that picture was taken, the planets moved on--some quickly, some very slowly.

Astrologers call the moving planets "transits," and by comparing their movements to your birth chart you can gain a complete view of how best to prepare for challenges, meet opportunities, and stay grounded in a constantly-changing world. In *Astrological Transits*, astrologer April Elliott Kent will guide you through the

best ways to make the most of your birth chart. Learn how to make the most of good transits and harness and transform the energy of "bad" ones. You'll also understand planetary cycles and anticipate your own transits. Finally, you'll know how to read planetary return charts, work with planetary retrogrades, and use eclipses to recognize major patterns and turning points in your life. If you are comfortable reading a birth chart, you are ready to move your chart into the future using transits. Instructions, tables, and worksheets will make tracking your transit cycles simple and exciting!

THE PLANETARY

ASPECTS EXPLAINED

Destiny Books

This book, a transcript of the second term of Clare Martin's introductory course in astrology given for the Centre for Psychological Astrology, continues her clear, insightful and innovative presentation of the basics of astrological study. Exploring the planetary aspects and the houses of the horoscope, the ten lessons focus on the horoscope as a dynamic interweaving of polarities: not only the angles, the houses, and their related zodiacal signs are examined from the perspective of complementarity, but also the enigmatic Moon's Nodes, which are interpreted from a

fresh and exciting perspective. Major and minor aspects are illuminated by examples and discussion from the group, and the importance of a missing element or aspect is discussed with originality and depth. Volume 2 of Mapping the Psyche is a superb successor to Clare's first volume on the planets and the zodiacal signs, and will provide solid groundwork for students taking their first steps in astrology, as well as deepening the understanding of experienced practitioners who can benefit from Clare's beautifully structured, elegant and comprehensive approach.

The Wessex Astrologer This book shows how the discovery of the asteroids Ceres, Pallas Athena, Juno, and Vesta coincided with the shift of a woman. The creating, supporting, nurturing aspect held by the goddess Ceres, the universal mother, brings us to how we feel nurtured and how we function with our roles of mother-child. She embodies the principle of unconditional love. Pallas Athena is our

Warrior Goddess, a woman in a man's world, carrying the principle of creative intelligence. Vesta, our goddess of Focus and Commitment, is our High Priestess. Juno, the Queen of Heaven and Divine Consort, is our capacity for meaningful relationships.

Understanding the themes that each goddess holds enriches our understanding of that function and expression in our lives.

Ascendant is the most important element of Astronomy and Astrology. Ascendant is the fundamental factor

or seed of Astrology.

This is the base on which the entire mansion of Astrology or the vast banyan tree stands. The calculative portion of Astrology can be solved by computer to a great extent, but the predictive portion is out of question.

Astrology without prediction is just like a flower without fragrance. Many a time learned Astrologers and professional fortune-tellers are hesitant in giving correct predictions.

The present book is intended to combat this challenge, by presenting facts and figures Ascendant-wise in separate books so that a clear and concise avenue may be opened for those who are aspiring to know what is there in store

for them in the celestial world. With the help of this book people can know their future and they can foretell the future of their near and dear ones. It is our humble endeavour to bestow the common people with knowledge of Astrological prediction. Twelve (12)

Ascendants arise in the sky during the course of a day and night. An Ascendant exists for roughly two (2) hours. It is the first step towards giving the prediction on the basis of Ascendant itself. It is hoped that it will be appreciated in the world of Astrology.

It is expected that the software will bring a revolution in the Astrological prediction.

I am thankful for the perpetual support and affection given by the learned readers. The practical significance of the book has been enhanced several notches up due to birth horoscopes given at the end of this book with illustrations. It is a proven fact that every lover of Astrology is a master in telling his own future, but the real challenge lies in predicting the future of others. The book is intended to meet this challenge. When it comes to astrology, the ultimate insight requires the ultimate book-one that doesn't leave out angles, key planets, and (most importantly) how you can put them to use. Full Spectrum Astrology is such a book. Arguably one of the most comprehensive resources you will find on the subject anywhere, this book shows you how to read all of the standard areas of your chart such as relationships, money, and career...but then it gives you more, a LOT more-with down-to-earth explanations of subjects as wide ranging as the minor angles, Sabians, fixed

stars, chart rotations, love "rulers" and how they affect you. Best of all, it's modern, smartly written, and even funny on occasion. It does all of this while still providing an unmatched level of thoroughness on the subject which provides increasing insight into even the strangest corners of your life with each chapter. Largely drawn from statistics done on hundreds of people and their charts, this book shines in a field traditionally mired in uncertainty...perhaps making it a true game changer.

planetary passages • Includes a new preface by the author reflecting on 20 years of success stories since the book's initial publication • No astrological chart needed to use this book In this updated edition of *Liquid Light of Sex*, renowned astrologer and spiritual teacher Barbara Hand Clow explores the connection between life crises in your 30s, 40s, and 50s and the key astrological passages of Saturn, Uranus, and Chiron in your birth chart. She explains how kundalini energy--the "liquid light of sex" that lies at the base of the spine--is activated during these planetary transits, rising through the chakras and triggering the process of spiritual emergency, and in many cases, a

cascade of health, emotional, and relationship problems as well as extreme anxiety. She shows that by understanding these astrological transits, you can be prepared for turbulent periods and successfully navigate them by creatively channeling the spiritual fire of kundalini. Clow provides astrological charts--now updated through 2050 for those born between 1930 and 2000--detailing the cycles of Saturn, Uranus, and Chiron, so you do not need your birth chart to use this book. She explains how to use the charts to predict the onset and completion of each kundalini activation and corresponding crisis. She shares tools for individuals and therapists to cope with

the intensity of spiritual emergency and too much fire energy, unblock the chakras, and integrate the power of kundalini for physical, emotional, and spiritual growth. Reflecting on 20 years of success stories since the book's initial publication, Clow presents a road map for using celestial cycles to navigate positively and productively in times of great life change.
