When your debt is more than your share of the mortgage and your partner's threatening to not only leave, but to tell your mother how out of control your spending is, then you know it's time to face reality and take drastic action. So, for one whole year, Alexis Hall sets out to buy nothing except the bare essentials in a bid to reclaim her life from the retail rollercoaster threatening to pitch her into permanent poverty. shoes suddenly becomes a life-altering act. In the Red" is Alexis' hilarious diary - full of fashion and frustration - as she battles to transform herself from a spending junkie to a scrupulous saver. You'll soon realize there's a bit of Alexis in all of us!"

Definitely for the cerebral high concept sci fi fan." A POST-APOCALYPTIC FIRST CONTACT EPIC — NO-BULL SCI-FI AT ITS BEST! Aliens, First-Contact, Collapse, DREAMTECH, Revolution and Extinction. Twenty-first century: An exhausted Earth destroyed civilization. THAT WAS THE FIRST COLLAPSE. Twenty-second century: An intractable disease destroyed humanity. THAT WAS THE SECOND COLLAPSE. What little remains is the religious utopia known as Goah's Gift, a rural paradise that expands a dying world. A world where you live quickly. A world where you love intensely. A WORLD WHERE YOU DIE CERTAINLY ON YOUR TWENTY-SEVENTH BIRTHDAY. Aliens have been watching us for millennia. They know us well. They know humankind cannot take a Third Collapse. They just revealed themselves. To a few. INSIDE THEIR DREAMS. ———— BOOK 1 of the DREAMWORMS series includes: EPISODE I: 2399 First Contact The wu-sarc is truly a wonder of alien technology, the dream of every dreamer. After centuries of study, I have learned to find the truth beneath the waves. This human loves her parent with unusual intensity, even for a young female. EPISODE III: 31st December 2399 Propaganda is like a recreational drug: it feels good, it feels right, but it eventually corrupts you, and kills you. ———— Is this book for YOU? - No-Bull Sci-Fi! You should read this book!!! Isaac Petrov is a really good author and is able to craft a world that sucks you in and won't let you go. This is one of those books that I found myself picking up and reading every chance I got... even if it was only a 10 minute break between meetings." —Aggiebeach on Amazon "Not one, but two nested future histories, sexy, smart Neanderthals, lovable protagonists and a plot that grips you from the start! Oh and aliens! Supercool aliens with ambivalent motives!" —Paul Daborn on goodreads "Marvellously well written and highly original, both as a theme and how it was structured. I only put it down to eat and sleep!" —Edward Ashleigh on goodreads "I wasn't sure if I would like this book but it hooked me incredibly quickly. The concepts are as original as I have ever come across and while I'm not sure if I would call this book a masterpiece, I'm also not sure that I wouldn't." —Michael Rocharde on goodreads "The lines between MMO VR and mass dreaming are blurred." —William J. Hawkins on Amazon (Episode I) "The idea of dream technology was fascinating. Recommended for sci-fi fans." —Leonardo Lorence on goodreads (Episode I) "Throw in a look at Pizarro's conquest of the Inca Empire, aliens and first contact, Neanderthals, serious and thought provoking discussion of social issues that are relevant right now. Little physical

violence. It's not necessary. The characters risk everything emotionally and put their closest relationships on the line. A light touch on romance and just enough character driven humor helps lubricate the intensity of the passion and drama." —Scott Williamson on Amazon

The authors of this book examine the political issues surrounding childhood, including law making, social policy, government provisions and political activism.; This text examines current social and political issues involving childhood. It looks at the impact of the "New Right" who talk of family values, parent power in schools, irresponsible provision of contraception to young girls and the increase in child violence as a result of mass media. It also considers the response of the caring professions and the "Modern Left" who campaign, amongst other things, for the establishment of children's rights.

She is everything she ever wanted to be and nothing will ever be allowed to threaten that. But she is also human. A young man is transformed into a barbarian fighter in this adventure from "one of the leading masters of epic fantasy" (Publishers Weekly). Wallie Smith can feel the pain. He goes to the hospital and remembers the doctors and the commotion, but when he wakes up it all seems like a dream. However, if that was a dream, how do you explain waking up in another body and in another world? Little Wallie finds himself in the physique of a barbarian swordsman, accompanied by both an eccentric priest babbling about the Goddess and a voluptuous slave girl. Is this a rude awakening or a dream come true? What in the world will Wallie do now that he has found himself stranded in a strange realm? Well, it just so happens that the Goddess is in need of a swordsman. It will not be easy, but if he succeeds he will have everything he wants. If he does not, things could get ugly. Wallie is reluctant but sees his chance. If only he had the faintest clue as to the adventure he is about to unleash! If only he could imagine the forces that will be out to vanquish him!

Edit Humanitas

In the context of the Earth being an Enclosed Cosmological System, and there being no Outer Space, per se, it readily becomes apparent that a Transhumanistic Agenda, using fake Evolutionary Theory as its primary driver, with its subsequent viral mutational variants narrative, is governing all things in the world today. It is as though we are all living in the science fiction movies, Prometheus and Alien Covenant, by Ridley Scott, and our Ancient Alien Architect Engineers are coming back to mutate the species and exterminate as many humans as possible with Draconian genetic experimentation. Of course, the reality is that there are no Ancient Alien Architect Engineers from Outer Space and we are simply being exterminated by a network of secret society mystery school Transhumanist Technocrats who believe that Digital A.I. Driven Cosmic Consciousness and Apotheosis through secret Technological and Alchemical knowledge is their ticket to becoming Immortal Gods. We are in a Techno Spiritual War right now. New Age Techno Mysticism in the context of Astrophysics and The Heliocentric Model is the New One World Religion and saving imaginary Planet GAIA, at the expense of killing off Humanity, is the true "Great Reset". Just look at Klaus Schwab. He is a character right out of Star Trek or Star Wars. He looks like a state official from the Galactic Empire as the Empire Strikes Back. They are merging science fiction Outer Space with their virus narrative at breakneck speed. I would not be surprised, at this point, if they stage a fake laser attack on The White House from above, like the scene from Independence Day, and claim we are under Alien Attack. Prepare for the Fake Alien Invasion soon so they can announce that their the fake virus came from fake Outer Space. Just look at how far the Mars Rover Story is being pushed by NASA. These Luciferians are salivating to announce their fake Alien Contact Story. And their imaginary Planet GAIA is all they intend to defend in this fake Galactic Empire fictional narrative. Earth's inhabitants are being eliminated and supplanted with Human 2.0 genetically engineered hybrid machine creatures. The Ruling Elite do not need us. They are moving on to Human 2.0, their Transhumanist Satanic Wet Dream. In their eyes, "Resistance is futile.", as if Star Trek were a nonfiction tale, and creating a Borg Mind of what will remain of the Human Species is their goal. As we all know, the vaccine is not a vaccine at all. Rather, it is a genetic modification weapon, and we are the lab rats in this worldwide Luciferian lab experiment. And Jesuit fingerprints are all over this current fake Pandemic. One striking characteristic of The Jesuits was their use of poisons and toxins to eliminate any opposed to their machinations for World Tyranny. In fact, through employing such poisonous practices, The Borgias became prominent in ecclesiastical and political affairs in the 15th and 16th centuries, producing two Popes: Alfons de Borja, who ruled as Pope Callixtus III during

1455-1458, and Rodrigo Lanzol Borgia, as Pope Alexander VI, during 1492-1503. As Jesuit associates perfected such assassination strategies, they saw that mass poisoning was also a good way to terrorize the masses into submission. The occult secret societies, from whence the Jesuits fed from, were no stranger to creating the idea of plagues and infectious evil in the minds of Men. Indeed, the idea of "Demonic Possession" was but another way to propagate the idea of infectious evil.
