Not only will the *Beginning Blues Guitar Mastery* book help you understand the different styles of Blues

rhythm, it will teach you how to play a Blues solo. That's right, you are going to learn the holy grail of being a Blues master, which is the ability to solo over a Blues. Don't worry if you have never soloed before, this book will show you how to take the most popular scales used in Blues, the Minor Pentatonic and the Blues Scale, and use them to solo. When you are done with this book, you will turn heads as you learn the licks and riffs that have been used by all the Blues greats. The

The Essence of Blues Rhythm Guitar Alfred Music Publishing (Guitar Educational). Boogie woogie music is one of the greatest influences on the blues, swing jazz and rock 'n' roll. The style is usually identified more with the piano than the guitar; however, boogie woogie actually seems to have originated with guitar players during the latter half of the 19th century in the rough "barrel houses" of the turpentine and lumber camps of the American South. Now with

this book and video pack, trace the history of boogie woogie guitar with blues historian Dave Rubin and learn how to play the essential patterns that influenced generations of musicians. Features video lessons with demonstrations of every music example in the book!
