No doubt the years hunting monsters and saving the universe have had their toll on the Winchesters, but their toughest and most gruesome battles are contained in this book. Think Lucifer was diabolically clever? Think again. No son is more wayward than the one who squanders his intellect and academic career pursuing questions as poignant as "Half-awesome? That's full-on good, right?" Gathered here for the first time since the formation of Purgatory, a collection of research so arcane and horrific that it would make even the late, great Bobby Singer blush. *Supernatural* and *Philosophy* tackles all the big ideas in the long-running hit show *Supernatural*, covering thorny issues in a fun and accessible way. Even those unfamiliar with the show will find fascinating insights into Heaven, Hell, Angels, Demons, God, and Lucifer. A cautionary memoir about a man's attempt to overcome depression without doctors, therapists, or medication, the results alternating between hilarity and tragedy. This is an important and timely wake up call to men (and their loved ones) who misunderstand depression or are commonly resistant "to talk about it." Christopher Scott Downing is a thirty-three year-old grocery manager with a lot on his mind. He's up to his neck with a team of rascals, a second-in-command who'll do anything for his job, way too much debt, a girlfriend who can't wait for him to break up with her, and, it turns out, a brain that's begun shutting down just when he needs it most. As if that wasn't bad enough, his favorite baseball team is having the worst year ever. *Van Gogh in Peppers* chronicles Christopher's misguided plans to deal with all this. Without the help of doctors, therapists, or meds, he decides to triumph entirely alone over everything, including his physical brain that's apparently out to get him. This plan turns out to be a very, very bad idea. This memoir will begin your own discussion about Major Depressive Disorder by exploring these questions: - What do men experience under depression? - How does depression manifest in men uniquely? - Why do many men refuse help with this treatable disease? This memoir won't give you a single piece of sound advice. Not for overcoming depression. So you can just forget about that. Instead, you'll experience a level of honesty you often don't get from the men as they're going through it. Or from most men, really. Especially from those who "don't want to talk about it." *Van Gogh in Peppers* will put you there in the moment, revealing more details of male depression than you might even know to ask. Veteran psychologist Steven J. Hanley, Ph.D. provides the wonderful, thought-provoking foreword. 2% OF PROCEEDS SERVE CHARITIES FOR MENTAL HEALTH ADVOCACY.
