Critical Communication Studies Penguin

Sometimes you can change history . . . and sometimes history can change you. When Stosh travels into the past to meet Roberto Clemente, a legendary ballplayer and a beloved humanitarian, he's got only one goal: warning Roberto not to get on the doomed plane that will end his life in a terrible crash. In the sixties, Stosh meets free-spirited Sunrise, and together they travel across the country to a ball game that leaves them breathless—and face-to-face with Roberto. But when the time comes for Stosh to return to the future, he finds that the adventure has only just begun. . . . Join Stosh and Sunrise on a journey that will take you into the past, from the excitement of Woodstock to a life-changing encounter with Roberto Clemente—and into a surprising future!

Get Your Love Life Moving in the Right Direction Harper Collins

Eleanor Smith's Hull House Songs: The Music of Protest and Hope in Jane Addams's Chicago reprints Eleanor Smith's 1916 folio of politically engaged songs, together with interdisciplinary critical

commentary from sociology, history, and musicology.

Nero & Other Plays Minotaur Books

The development of communication studies has been a lively process of adoption and integration of theoretical constructs from Pragmatism, Critical Theory and Cultural Studies. *Critical Communication Studies* describes the intellectual and professional forces that have shaped research interests and formed alliances in the pursuit of particular goals. Hanno Hardt reflects on the need to come to terms with the role of history in academic work and locates the intellectual history within the context of competing social theories. The book provides a substantive foundation for understanding the field and will be a major text in all courses dealing with communication history and theory.

Rebecca Donnelly's *How Slippery Is a Banana Peel?* is a picture book companion to *Cats Are a Liquid* celebrating the science and the slipperiness of banana peels—a perfect introduction to friction, featuring illustrations by Misa Saburi. Volcanoes roar, But banana peels race. Rockets soar, Like bananas through space. A group of kid-experimenters at a science fair explore the slipperiness of banana peels—a perfect introduction to scientific concepts! It's funny and STEM-inspired, with back matter on friction and a kitchen science experiment. These playful and mischievous banana peels will capture the imagination of readers.

How to Super Tune and Modify Holley Carburetors Univ of California Press

After learning that her life's purpose is to fulfill a prophecy to save our world, Roam finds that she is pregnant- and missing the love of her life with all of her heart. Logan, her best friend, stands by her, helping her to find a way back to West... despite his own love for her. On a journey that will take her to another body and life in 1955 and, eventually, to another world, Roam will discover that before she can rise and protect our world and her child from an immortal evil...She must fall.

The second in the Electra McDonnell series from Edgar-nominated author Ashley Weaver, *The Key to Deceit*, is a delightful World War II mystery filled with spies, murder, romance, and wit. London, 1940. After years of stealing from the rich and giving to the poor—well, to themselves, anyway—Ellie McDonnell and her family have turned over a new leaf as they help the government's war effort. It's true that the straight-laced Major Ramsey didn't give them much choice, but still, Ellie must admit she doesn't miss breaking and entering as much as she might have thought. What she does miss is the challenge of unlocking an impossible code and the adrenaline rush that comes from being somewhere she shouldn't. So when Major Ramsey turns up unannounced with another job, she can't say no. A woman's body has been found floating in the Thames, with a bracelet locked onto her wrist, and a cameo locket attached to it. It's clear this woman was involved in espionage, but whose side was she on? Who was she reporting to? And who wanted her dead?

The Turn QEB Publishing

The Turn analyzes the research of information seeking and retrieval (IS&R) and proposes a new direction of integrating research in these two areas: the fields should turn off their separate and narrow paths and construct a new avenue of research. An essential direction for this avenue is context as given in the subtitle Integration of Information Seeking and Retrieval in Context. Other essential themes in the book include: IS&R research models, frameworks and theories; search and works tasks and situations in context; interaction between humans and machines; information acquisition, relevance and information use; research design and methodology based on a structured set of explicit variables - all set into the holistic cognitive approach. The present monograph invites the reader into a construction project - there is much research to do for a contextual understanding of IS&R. The Turn represents a wide-ranging perspective of IS&R by providing a novel unique research framework, covering both individual and social aspects of information behavior, including the generation, searching, retrieval and use of information. Regarding traditional laboratory information retrieval research, the monograph proposes the extension of research toward actors, search and work tasks, IR interaction and utility of information. Regarding traditional information seeking research, it proposes the extension toward information access technology and work task contexts. The Turn is the first synthesis of research in the broad area of IS&R ranging from systems oriented laboratory IR research to social science oriented information seeking studies.

Endocrine Aspects of Disease Processes CRC Press

A beautiful epic of love, longing, redemption, and enchantment in

the tradition of Marion Zimmer Bradley's The Mists of Avalon Iceland, AD 1000 Freya knows that her people are doomed. Warned by the Fates of an impending disaster, she must embark on a journey to find a magnificent gold necklace, one said to possess the power to alter the course of history. But even as Freya travels deep into the mountains of Iceland, the country is on the brink of war. The new world order of Christianity is threatening the old ways of Iceland's people, and tangled amidst it all are two star-crossed lovers who destiny draws them together—even as their families are determined to tear them apart Infused with the rich history and mythology of Iceland, Betsy Tobin's sweeping novel is an epic adventure of forbidden love, lust, jealousy, faith and magical wonder set under the shadow of a smoldering volcano.

Simplicity CarTech Inc

In a world of Mr. Right Nows, a guide to Mr. Right... Chock full of solid advice, this guide for women offers exercises to help the reader learn more about herself. She then uses that information to recognize mates with compatible qualities. In it are the five myths about Mr. Right, the seven deadly sins that women make while dating, how to spot Mr. Wrong, where to meet Mr. Right, dating DOs and DON'Ts, and much more. From the editors of John Gray's MarsVenus.com and relationship editors of SingleMindedWomen.com

Hannah Finds a Kitten MacLehose Press

Looks at the combustion basics of fuel injection engines and offers information on such topics as VE equation, airflow estimation, setups and calibration, creating timing maps, and auxiliary output controls.

FALL

Lanier Press

Thrilling, heartbreaking, and, at times, absurdly funny, *The Last Resort* is a remarkable true story about one family in a country under siege and a testament to the love, perseverance, and resilience of the human spirit. Born and raised in Zimbabwe, Douglas Rogers is the son of white farmers living through that country's long and tense transition from postcolonial rule. He escaped the dull future mapped out for him by his parents for one of adventure and excitement in Europe and the United States. But when Zimbabwe's president Robert Mugabe launched his violent program to reclaim white-owned land and Rogers's parents were caught in the cross fire, everything changed. Lyn and Ros, the owners of Drifters—a famous game farm and backpacker lodge in the eastern mountains that was one of the most popular budget resorts in the country—found their home and resort under siege, their friends and neighbors expelled, and their lives in danger. But instead of leaving, as their son pleads with them to do, they haul out a shotgun and decide to stay. On returning to the country of his birth, Rogers finds his once orderly and progressive home transformed into something resembling a Marx Brothers romp crossed with *Heart of Darkness*: pot has supplanted maize in the fields; hookers have replaced college kids as guests; and soldiers, spies, and teenage diamond dealers guzzle beer at the bar. And yet, in spite of it all, Rogers's parents—with the help of friends, farmworkers, lodge guests, and residents—among them black political dissidents and white refugee farmers—continue to hold on. But can they survive to the

end? In the midst of a nation stuck between its stubborn past and an impatient future, Rogers soon begins to see his parents in a new light: unbowed, with passions and purpose renewed, even heroic. And, in the process, he learns that the "big story" he had relentlessly pursued his entire adult life as a roving journalist and travel writer was actually happening in his own backyard. Evoking elements of *The Tender Bar* and *Absurdistan*, *The Last Resort* is an inspiring, coming-of-age tale about home, love, hope, responsibility, and redemption. An edgy, roller-coaster adventure, it is also a deeply moving story about how to survive a corrupt Third World dictatorship with a little innovation, humor, bribery, and brothel management.

The Cosmopolitan Mediations of Hindi Film Song Henry Holt and Company (BYR)

A fascinating book full of insights into how the brain controls your actions, reactions, and emotions in ways you've never imagined. Discover why you can't tickle yourself, 40,000 year old brain surgery, why kids are "brainier" than their parents, the person who coped perfectly well with just a third of a brain, and the incredible story of Einstein's brain and how it was stolen, cubed, and hidden in jars in a basement for decades.

Essays on Communication, History and Theory in America
Celestial Arts Publishing Company

This book presents the papers from the Internal Combustion Engines: Performance, fuel economy and emissions held in London, UK. This popular international conference from the Institution of Mechanical Engineers provides a forum for IC engine experts looking closely at developments for personal transport applications, though many of the drivers of change apply to light

and heavy duty, on and off highway, transport and other sectors. These are exciting times to be working in the IC engine field. With the move towards downsizing, advances in FIE and alternative fuels, new engine architectures and the introduction of Euro 6 in 2014, there are plenty of challenges. The aim remains to reduce both CO2 emissions and the dependence on oil-derivate fossil fuels whilst meeting the future, more stringent constraints on gaseous and particulate material emissions as set by EU, North American and Japanese regulations. How will technology developments enhance performance and shape the next generation of designs? The book introduces compression and internal combustion engines' applications, followed by chapters on the challenges faced by alternative fuels and fuel delivery. The remaining chapters explore current improvements in combustion, pollution prevention strategies and data comparisons. presents the latest requirements and challenges for personal transport applications gives an insight into the technical advances and research going on in the IC Engines field provides the latest developments in compression and spark ignition engines for light and heavy-duty applications, automotive and other markets
Ice Land Routledge

Bollywood Sounds focuses on the songs of Indian films in their historical, social, commercial, and cinematic contexts. Author Jayson Beaster-Jones takes readers through the highly collaborative compositional process, highlighting the contributions of film directors, music directors (composers), lyricists, musicians, and singers in song production. Through close musical and multimedia analysis of more than twenty landmark compositions, Bollywood Sounds illustrates how the

producers of Indian film songs have long mediated a variety of musical styles, instruments, and performance practices to create a uniquely cosmopolitan music genre. As an exploration of the music of seventy years of Hindi films, Bollywood Sounds provides long-term historical insights into film songs and their musical and cinematic conventions in ways that will appeal both to scholars and to newcomers to Indian cinema.

The Roam Series Oxford University Press

Wealthy Lanna Davenport has the perfect life-and she hates it. When faced with the choice between the kind and caring man her mother has picked for her and the one who can help her escape the confines of her life, Lanna finds herself torn between being herself and letting everything go.

THE TEMPLATE GUIDE AFTER THE RING AND THE PARCHMENT

BRILL

Not every life purports a North Star of instruction as experienced at a small southern military college. This is not to say that life's most admired guidelines cannot be engaged elsewhere.

However, at The Citadel, there is a definitive and measured four-year avenue to frame the promise of a life well lived. Typically, an eighteen-year-old enters and emerges as a well-rounded, goal-oriented, and ethically-adept twenty-two-year-old. The unique

and regimented environment sets the course. In this volume, author W. Thomas McQueeney investigates, explores, and charts the other-than-classroom characteristics that become the "toolbox" of the graduate. This impressive array of values engenders a lifelong ideal in areas to include time management, societal interaction, volunteerism, professional priorities, spirituality, teamwork, leadership, determination, and capacity - just to name a few. "I've found that so many graduates from my era have taken what's been ingrained and turned their lives into exemplary stories of production and perseverance," McQueeney stated. "And by staying engaged at the college, it became clear to me that The Citadel experience has remained as a foundation of multi-faceted successes for so many lives - seen in the military, the corporate world, education, business, and especially in the various religious callings. That observation led me to the idea of cataloguing the full immersive experience so that those values are not only identified and reinforced but extolled." This publication champions an experience focus with lessons that are universal and timeless. As a bonus, the book contains the author's Citadel campus-scenery photography along with the ribald side of Citadel Life as expressed in the cartoons of Ray Mayer '74.
