**Best Answers for Was the Civil War Necessary to End Slavery?** Research & Education Assoc. Discover desperate circumstances in America's past and how men and women rose up with faith and courage and situations unexplainably turned around. Read of captivating, little-known stories during the French & Indian War, Revolution, Barbary Pirate War, War of 1812, Civil War, WWI & II, and up through Apollo 13. Learn "the rest of the story" of how leaders prayed, challenged and inspired the nation and disaster was averted! YOU will be inspired as you uncover "Miracles in American History - 32 Amazing Stories of Answered Prayer." ARE you aware of these past crises when America's fate hung in the balance? In 1746, 70 ships with 13,000 troops sailed from France to lay waste to the American colonies. Massachusetts Governor William Shirley proclaimed a Day of Fasting. What happened next was unexplainable! After the Battle of Monongahela, George Washington wrote from Fort Cumberland to his younger brother, John Augustine Washington, July 18, 1755: "But by the All-Powerful Dispensations of Providence, I have been protected beyond all human probability or expectation; for I had four bullets through my coat, and two horses shot under me, yet escaped unhurt, although death was leveling my companions on every side of me!" How did Thomas Jefferson's resolution for a Day of Fasting on June 1, 1774, lead to the forming of the Continental Congress, and eventually Independence? Read how in 1781 the providential rising of three rivers in 10 days allowed Americans to escape British General Cornwallis? Or how the uncanny way Benedict Arnold's planned betrayal of West Point was discovered? George Washington exclaimed: "The Hand of Providence has been so conspicuous in all this (the course of the war) that he must be worse than an infidel that lacks faith." Ben Franklin declared: "In the beginning of the Contest with Great Britain...we had daily prayer in this room for Divine protection...All of us who were engaged in the struggle must have observed frequent instances of a Superintending Providence in our favor." In 1865, President Lincoln proclaimed a Day of Fasting for April 30. What freak accident happened two days later which changed the course of the Civil War? What did Woodrow Wilson declare as the U.S. entered WWI. Or Herbert Hoover during the Great Depression? Or FDR, Eisenhower, MacArthur and Patton during WWII? Or Truman during the Korean War? When Apollo 13 was lost in space, what happened after President Nixon called all of America to pray? Are you aware of these American Miracles? Find out as you read "Miracles in American History - 32 Amazing Stories of Answered Prayer."

Between Home and the Front Visible Ink Press

From Slave to Separate but Equal: The Constitution, Slave Capitalism, Human Rights & Civil War Reckoning is a secret history of the United States, not taught in schools, about Economic, Social and Political effects of Protestant slavery. included in the Constitution, denying citizenship to Blacks resulting in a Civil War reckoning with a million casualties. From Slave to Separate but Equal challenges the assumption that the Civil War was fought to end black slavery. Author Paul Kalra presents a convincing argument that by far the bloodiest war the U.S. has waged could have been avoided had slaveholders adopted the Catholic slave code, which recognized the humanity of slaves. By adopting the Protestant slave code and framing it into an undemocratic Constitution, slaveholders created distinct slaveholder and non-slaveholder classes, and denied Blacks citizenship. This inevitably led to economic and political dilemmas that became insurmountable once immigrants flooded the slave-free North and Lincoln was elected President.

Was the U.S. mainland attacked during World War II? What was Reaganomics? How many states recognize same-sex marriages?

### **The Civil War For Dummies®** Visible Ink Press

How did Americans imagine the Civil War before it happened? The most anticipated event of the nineteenth century appeared in novels, prophecies, dreams, diaries, speeches, and newspapers decades before the first shots at Fort Sumter. People forecasted a frontier filibuster, an economic clash between free and slave labor, a race war, a revolution, a war for liberation, and Armageddon. Reading their premonitions reveals how several factors, including race, religion, age, gender, region, and class, shaped what people thought about the future and how they imagined it. Some Americans pictured the future as an open, contested era that they progressed toward and molded with their thoughts and actions. Others saw the future as a closed, predetermined world that approached them and sealed their fate. When the war began, these opposing temporalities informed how Americans grasped and waged the conflict. In this creative history, Jason Phillips explains how the expectations of a host of characters—generals, politicians, radicals, citizens, and slaves—affected how people understood the unfolding drama and acted when the future became present. He reconsiders the war's origins without looking at sources using hindsight, that is, without considering what caused the cataclysm and whether it was inevitable. As a result, Phillips dispels a popular myth that all Americans thought the Civil War would be short and glorious at the outset, a ninety-day affair full of fun and adventure. Much more than rational power games played by elites, the war was shaped by uncertainties and emotions and darkened horizons that changed over time. Looming Civil War highlights how individuals approached an ominous future with feelings, thoughts, and perspectives different from our sensibilities and unconnected to our view of their world. Civil War Americans had their own prospects to ponder and forge as they discovered who they were and where life would lead them. The Civil War changed more than America's future; it transformed how Americans imagined the future and how Americans have thought about the future ever since.

The Underground Railroad was a system of people who wanted to help Southern slaves escape to the free North or Canada in secret. Between 40,000 and 100,000 people escaped to freedom thanks to the Underground Railroad. Readers are presented with a wealth of primary sources, including photographs, personal accounts, literature from the time, and pre-Civil War legislation pertaining to slavery. Readers will have a chance to reach their own conclusions based on facts they find in the primary sources. Sidebars provide readers with supplementary information about the difficult route slaves traveled to reach freedom and encourage readers to continue asking questions about primary sources about the Underground Railroad.

Following its independence in 2011, three years of civil war have left South Sudan on the cusp of full-scale genocide, with its sovereignty discredited by warring elites, asserts a new Council Special Report, *Ending South Sudan's Civil War*. "The only remaining path to protect [South Sudan's] sovereignty and territorial integrity, restore its legitimacy, and politically empower its citizens is through an international transitional administration, established by the United Nations and the African Union (AU), to run the country for a finite period," argues Katherine Almquist Knopf, the author of the report.

The personal letters of Americans during the Civil War preserve first-person records of news, people, and emotions that humanize the horrific events of the war and provide unique insights into the conflict's effects on individuals, families, communities, and America. Often, however, only the letters sent home survived, leaving half of the story missing. *Between Home and the Front* presents previously unpublished letters from the Walters family's collection held by the Smithsonian's National Postal Museum, which include the exchange of correspondence between the home front and front line, a perspective not often seen. *Between Home and the Front* gives us a glimpse into the poignant questions, answers, and sentiments Private David Walters of the 5th Indiana Cavalry

and his wife Rachel shared in their correspondence. The letters from David give details about some of the lesser-known actions of the western theater of combat, such as Morgan's Raid. The letters by Rachel Walters record how she managed the household and a young child while becoming hub of communication for the family, often receiving missives from David's brothers, Isaac and John Wesley, both of whom served with Indiana units, and relaying the information to others. From the early letters describing a Civil War soldier's enlistment to his widow's struggle in the aftermath of the war, the letters of the Walters family add incomparable details to the study of the Civil War. *Between Home and the Front* offers not only unique first-person accounts from those that experienced the Civil War but also meticulous annotations that provide valuable historical context for the events, people, and material culture described in the letters.

Get ready to find out..."

### **CIVIL WAR TRIVIA AND FACT BOOK**

Xlibris Corporation

This journal records the Civil War experiences of a sensitive, well-educated, young southern woman. Kate Stone was twenty when the war began, living with her widowed mother, five brothers, and younger sister at Brokenburn, their plantation home in northeastern Louisiana. When Grant moved against Vicksburg, the family fled before the invading armies, eventually found refuge in Texas, and finally returned to a devastated home. Kate began her journal in May, 1861, and made regular entries up to November, 1865. She included briefer sketches in 1867 and 1868. In chronicling her everyday activities, Kate reveals much about a way of life that is no more: books read, plantation management and crops, maintaining slaves in the antebellum period, the attitude and conduct of slaves during the war, the fate of refugees, and civilian morale. Without pretense and with almost photographic clarity, she portrays the South during its darkest hours.

[Famous Civil War Documents and Speeches](#) Teacher Created Materials

It is 1863, the height of the Civil War. A dozen wealthy New York businessmen have hired a mercenary to help them carry out a deadly plot - one so grand that it will shape the country's future, and so far reaching that its secrets will still be surfacing in 2003, when a long-delayed letter arrives at the home of a black family in Savannah, Georgia. Spurred by a personal interest in the letter, the family travels to Gettysburg, Pennsylvania, to search for a mysterious buried object containing historic information - only to discover that others are racing to find it first.
